of Julia Ward Howe Elaine Showalter,2016-03-08 A lively biography The New Yorker of Julia Ward Howe the powerful feminist pioneer and author of the Civil War anthem Battle Hymn of the Republic Julia Ward 1819 1910 was an heiress who married a handsome accomplished doctor who worked with the blind and deaf But Samuel Howe wasted her inheritance mistreated and belittled her and tried to stifle her intellect and freedom Nevertheless Julia persisted and wrote poetry and a mildly shocking sexual novel that was published to good reviews She also wrote the words to probably the most famous anthem in the country s history the Civil War anthem Battle Hymn of the Republic After Samuel died when she was fifty one Julia lived another forty years as a dynamic tireless and successful activist for women s rights pacifism and social reform She became a groundbreaking figure in the abolitionist and suffrage movements and a successful author and lecturer who fought her own battle for creative freedom and independence In the riveting The New York Times Book Review unfailingly vivid The Atlantic and invigorating O The Oprah Magazine The Civil Wars of Julia Ward Howe esteemed author Elaine Showalter tells the story of Howe s determined self creation and brings to life the society she inhabited and the obstacles she overcame The Civil War challenged nineteenth century ideas of separate spheres for men and women In Howe s case this transformation led to a rebellion against her marriage She fought a second Civil War at home and discovered ways to combine domestic chores with creativity and politics and she helped establish Mother s Day to honor women and to recruit them to her causes A biography with the verve and pace of a delicious novel Showalter reveals the entwining of Howe s public and private lives as she righteously battled her husband and society and finally saw the glory she always believed she deserved The Boston Globe Escape from Bataan Ross E. Hofmann,2016-07-25 U S Navy Supply Corps Ensign Ross Hofmann had no idea what

was in store for him when he arrived at Cavite Naval Base in October 1941 Two months later Japanese forces struck the Philippines destroying the base and forcing U S personnel to retreat to Bataan There Hofmann joined a makeshift unit of Army Air Corps ground personnel U S Marines U S sailors U S Naval ground battalions and Filipinos to fight a Japanese force that landed nearby In March 1942 with the fall of Bataan imminent he traveled to Cebu to run supplies through the blockade of Bataan and Corregidor Soon after his arrival the Japanese landed on Cebu forcing the Americans to retreat again Hiking through jungles and crossing dangerous waters in barely seaworthy vessels Hofmann avoided capture and reached an American base in Mindanao He received orders to establish a seaplane base on Lake Lanao As Japanese troops landed nearby two seaplanes returning from Corregidor stopped to refuel one of them hitting a submerged rock on take off In a harrowing

race against the enemy advance Hofmann and others worked feverishly to fix the plane and escape before the Japanese converged on Lake Lanao This memoir recounts Hofmann s experiences in vivid detail Instructors considering this book for use in a course may request an examination copy here **The Argonaut** ,1921 Women at Work in World Wars I and II Paul Chrystal,2024-04-04 This book is about women in World Wars I II women working in factories and on farms or toiling perilously in field stations just behind the front lines in inhospitable hospitals and convalescent homes It is therefore about the prodigious contribution women made to the war efforts from 1914 1918 and 1939 1945 standing in for the men who had left their places of work for the various theatres of war from Greece and Italy to Belgium from Mesopotamia to France Their tasks were many and various keeping the troops supplied with shells bullets and explosives keeping the nation from starving to death keeping hundreds of thousands of wounded troops alive so that they might fight another day The book is in short the uplifting but sometimes tragic story of the many women who stepped up to work in the factories hospitals field stations in transport and in civil defense on the farms and shipyards or signed up to the various military and civil services during the two world wars of the 20th century wars to end all wars The book is different because it deals with women s labour in both world wars and in all occupations it covers the discrimination and prejudice they faced from men at every level military and civilian even when they had demonstrated beyond doubt that they were quick learners industrious and proficient and usually as good as any man The book raises the embarrassing question why it has taken so long for the prodigious contribution women made in both wars to be recognized and why some women workers still remain air brushed from our military history after more than a century As it turned out little was beyond their capabilities and it is reasonable to suppose that without their huge efforts and accomplishments both wars might have turned out very differently for us The Sabbath Recorder ,1912
