Shechem Biography Of A Biblical City

George Ernest Wright

Shechem Biography Of A Biblical City:

Shechem George Ernest Wright, 1965 *Shechem* , 1967 *Memory and the City in Ancient Israel* Diana V. Edelman, Ehud Ben Zvi, 2014-11-07 Ancient cities served as the actual worldly landscape populated by material sites of memory Some of these sites were personal and others were directly and intentionally involved in the shaping of a collective social memory such as palaces temples inscriptions walls and gates Many cities were also sites of social memory in a very different way Like Babylon Nineveh or Jerusalem they served as ciphers that activated and communicated various mnemonic worlds as they integrated multiple images remembered events and provided a variety of meanings in diverse ancient communities *Memory and the City in Ancient Israel* contributes to the study of social memory in ancient Israel in the late Persian and early Hellenistic periods by exploring the city both urban spaces and urban centers It opens with a study that compares basic conceptualizing tendencies of cities in Mesopotamia with their counterparts in ancient Israel Its essays then explore memories of gates domestic spaces threshing floors palaces city gardens and parks natural and domesticated water in urban settings cisterns and wells Finally the studies turn to particular cities of memory in ancient Israel Jerusalem Samaria Shechem Mizpah Tyre Nineveh and Babylon The volume which emerged from meetings of the European Association of Biblical Studies includes the work of St phanie Anthonioz Yairah Amit Ehud Ben Zvi K re Berge Diana Edelman Hadi Ghantous Anne Katrine Gudme Philippe Guillaume Russell Hobson Steven W Holloway Francis Landy Daniel Pioske Ulrike Sals Carla Sulzbach Karolien Vermeulen and Carey Walsh **The Bible's First History** Robert B. Coote, David Robert Ord, 2018-01-04 This is a book about an ancient writer the J writer the Yahwist who produced a work of political imagination This work is embedded mainly in the first four books of the Bible best known for some of the most popular and influential biblical stories in Genesis and Exodus The purpose of the book is to represent the whole of the original story with attention to its own meaning without the influence of the other literary strands with which it was later supplemented Therefore the work includes a fresh complete translation of the text of the J writer who produced the Bible s first history The translation itself helps to establish more clearly than ever the integrity of the J writer The concern here is WHEN and WHY this history was written especially in light of the concerns for justice and prosperity Throughout it is demonstrated HOW and WHY this history comes from the court of David it is a royal history of David s subjects as though they were descended from pastoral nomads such as Abram Isaac and Jacob It is argued that the intended audience of the history was probably those bedouin who regularly visited the court of David in Hebron and Jerusalem Here is a bold and brilliant representation of the J writer s composition perhaps as it was originally intended to be read or heard This ancient tour de force takes on new life in the hands of these skilled interpreters **The Interpretation of the Hebrew Word אָדָם (People) in Samuel-Kings** Luke Emehiele Ijezie, 2006 This study of the word people in the biblical context touches one of the central issues of biblical literature The author addresses the semantic and literary critical problems involved in interpreting the Hebrew word within

the complex texts of 1 2 Samuel and 1 2 Kings While the word is often rendered by the English word people and its cognates in the modern languages it is also shown that the idea of people together with its semantic range in the modern usage is not identical to the ancient Hebrew Concerted effort is thus made to identify the basic factors and patterns that explain its meaning in various Hebrew contexts The study explains how expresses both Israel s identity as a secular polity as well as its identity as a religious entity The discussion is carried out in the light of a number of chosen texts and these are analyzed both synchronically and diachronically The Early History of God Mark S. Smith,2002-08-03 There is still much disagreement

over the origins and development of Israelite religion Mark Smith sets himself the task of reconstructing the cult of Yahweh the most important deity in Israel s early religion and tracing the transformation of that deity into the sole god the development of monotheism **The Origin Myths and Holy Places in the Old Testament** Lukasz

Niesiolowski-Spano,Jacek Laskowski,2016-04-08 Origin Myths and Holy Places in the Old Testament examines the biblical narratives which describe the origins of holy places It argues for the Hellenistic origin or redaction of most of these narratives Three central questions are addressed are there common features in biblical accounts about the foundation of places of worship are there elements in the aetiological stories that reveal the real mythology rituals of the sanctuary what were the circumstances of the creation of such narratives **A History of the Jews and Judaism in the Second Temple**

Period, Volume 2 Lester L. Grabbe,2011-10-27 This is the second volume of the projected four volume history of the Second Temple period It is axiomatic that there are large gaps in the history of the Persian period but the early Greek period is possibly even less known This volume brings together all we know about the Jews during the period from Alexander s conquest to the eve of the Maccabean revolt including the Jews in Egypt as well as the situation in Judah Based directly on the primary sources which are surveyed the study addresses questions such as administration society religion economy jurisprudence Hellenism and Jewish identity These are discussed in the context of the wider Hellenistic world and its history A strength of the study is its extensive up to date secondary bibliography approximately one thousand items *Early History of the Israelite People* Thompson,2024-07-15 Through a review of historical scholarship of the past century and an analysis of data drawn from archaeological excavations and surveys and from written and historical records from the late second and early first millennium the author reconstructs the historical basis of Israel s origins within the contexts of geography anthropology and sociology Thompson argues that none of the traditional models for the origin of biblical Israel in terms of conquest peaceful settlement or revolution are viable The indigenous nature of the Israelite people has roots that lead back to the late Neolithic period The Iron I period is not the period in which the origins of Israel are to be sought Rather the geographical and regional expansion of settlements in this period reflects an economic response to drought conditions that affected the entire East Mediterranean basin The ninth and eighth century states of Samaria and Jerusalem had separate and independent origins rooted in the development of a Mediterranean economy and an expansion of trade brought about by

Assyrian interests The development of the ethnic concept of biblical Israel with its roots in the United Monarchy finds its context in history first at the time of the Persian renaissance guided by the theological concepts of exile and restoration Finally Thompson argues that biblical Israel is historically the creation of the tradition itself in the Persian period and attempts to outline both a historical context and an interpretative matrix for the Bible **Early History of the Israelite**

People Thomas L. Thompson, 2000-01-01 This is a groundbreaking book on the origins of Israel taking into account the contexts of geography anthropology and sociology and drawing on a careful analysis of archaeological and written evidence Thompson argues that none of the traditional models for the origin of biblical Israel in terms of conquest peaceful settlement or revolution are viable The ninth and eighth century BC State of Israel is a product of the Mediterranean economy The development of the ethnic concept of biblical Israel finds its context in history first at the time of the Persian renaissance The volume presents a clear historical context and an interpretative matrix for the Bible

Yeah, reviewing a books **Shechem Biography Of A Biblical City** could be credited with your close contacts listings. This is just one of the solutions for you to be successful. As understood, carrying out does not suggest that you have wonderful points.

Comprehending as with ease as deal even more than additional will pay for each success. adjacent to, the statement as with ease as acuteness of this Shechem Biography Of A Biblical City can be taken as without difficulty as picked to act.
