What Shall We Tell the Children? Stuart J. Foster, Keith A. Crawford, 2006-04-01 The pages of this book illustrate that as instruments of socialization and sites of ideological discourse textbooks are powerful artefacts in introducing young people to a specific historical cultural and socioeconomic order Crucially exploring the social construction of school textbooks and the messages they impart provides an important context from within which to critically investigate the dynamics underlying the cultural politics of education and the social movements that form it and which are formed by it The school curriculum is essentially the knowledge system of a society incorporating its values and its dominant ideology The curriculum is not our knowledge born of a broad hegemonic consensus rather it is a battleground in which cultural authority and the right to define what is labelled legitimate knowledge is fought over As each chapter in this book illustrates curriculum as theory and practice has never been and can never be divorced from the ethical economic political and cultural conflicts of society which impact so deeply upon it We cannot escape the clear implication that questions about what knowledge is of most worth and about how it should be organized and taught are problematic contentious and very serious

Clio's Warriors Tim Cook, 2011-11-01 Clio's Warriors examines how the Canadian world war experience has been constructed and reconstructed over time Tim Cook elucidates the role of historians in codifying the sacrifice and struggle of a generation as he discusses historical memory and writing the creation of archives and the war of reputations that followed each of the world wars on the battlefield Only recently have academic military historians pushed the discipline to explore the impact of war on society Even so the publications of official historians remain the central narrative of the national experience In analyzing where the profession has come from and where it needs to go Clio's Warriors plays a vital role in the ongoing challenge of writing critical history It will be an essential addition to the library of all Canadian military

Flowers After the Funeral Richard J. Cox, 2003 This is not a book I ever intended to write It emerged as I worked to understand the events of September 11 2001 It is my effort to make sense of my life and my profession during a difficult time My aim is to suggest that understanding information technology requires an understanding of society and its people and organizations especially as we look out over the wreckage of the high tech industry and the contradictory aims of government to protect and control us Richard Cox In this series of four essays Richard J Cox explores the social and professional ramifications of 9 11 on our information landscape Musing written on the first anniversary of the terrorist attacks looks back at a year of change and commemoration Reacting examines the impact of 9 11 on a department of information sciences Preparing is a cogent argument for the need to rethink current disaster and contingency planning practices Teaching focuses on the author s experiences developing and teaching a doctoral seminar on the role of the information professional in a post 9 11 world Miss Manners assures us that a floral arrangement is always appropriate no matter how much time has passed since the event Neither a cautionary tale nor practical advice *Flowers After the Funeral* is one such bouquet its simplicity and thoughtfulness are certain to provide both comfort and inspiration to its recipients

Historical Knowledge, Historical Error Allan Megill, 2007-02 In the past thirty years historians have broadened the scope of their discipline to include many previously neglected topics and perspectives They have chronicled language madness gender and sexuality and have experimented with new forms of presentation They have turned to the histories of non Western peoples and to the troubled relations between the West and the rest Allan Megill welcomes these developments but he also suggests that there is now confusion among historians about what counts as a justified account of the past In *Historical Knowledge* *Historical Error* Megill dispels some of the confusion Here he discusses issues of narrative objectivity and memory He attacks what he sees as irresponsible uses of evidence while accepting the art of speculation which incomplete evidence forces upon historians Along the way he offers succinct accounts of the epistemological road historians have traveled from Herodotus and Thucydides through Leopold von Ranke and Alexis de Tocqueville and on to Hayden White Natalie Zemon Davis and Lynn Hunt

Canada's Indigenous Constitution John Borrows,2010-03-06 Canada s Indigenous Constitution reflects on the nature and sources of law in Canada beginning with the conviction that the Canadian legal system has helped to engender the high level of wealth and security enjoyed by people across the country However longstanding disputes about the origins legitimacy and applicability of certain aspects of the legal system have led John Borrows to argue that Canada s constitution is incomplete without a broader acceptance of Indigenous legal traditions With characteristic richness and eloquence John Borrows explores legal traditions the role of governments and courts and the prospect of a multi juridical legal culture all with a view to understanding and improving legal processes in Canada He discusses the place of individuals families and communities in recovering and extending the role of Indigenous law within both Indigenous communities and Canadian

society more broadly This is a major work by one of Canada's leading legal scholars and an essential companion to Drawing Out Law A Spirit's Guide **"Complicity with Evil"** Adam LeBor,2008-10-01 From the killing fields of Rwanda and Srebrenica a decade ago to those of Darfur today the United Nations has repeatedly failed to confront genocide This is evinced author and journalist Adam LeBor maintains in a May 1995 document from Yasushi Akashi the most senior UN official in the field during the Yugoslav wars in which he refused to authorize air strikes against the Serbs for fear they would weaken Milosevic More recently in 2003 urgent reports from UN officials in the Sudan detailing atrocities from Darfur were ignored for a year because they were politically inconvenient This book is the first to examine in detail the crucial role of the Secretariat its relationship with the Security Council and the failure of UN officials themselves to confront genocide LeBor argues the UN must return to its founding principles take a moral stand and set the agenda of the Security Council instead of merely following the lead of the great powers LeBor draws on dozens of firsthand interviews with UN officials current and former and such international diplomats as Madeleine Albright Richard Holbrooke Douglas Hurd and David Owen This book will set the terms for discussion when UN Secretary General Kofi Annan steps down to make room for a new head of the world body and political observers assess Annan's legacy and look to the future of the world organization Who Betrayed the Jews? Agnes Grunwald-Spier,2017-08-15 A groundbreaking account that examines the various ways Jews were betrayed by their fellow countrymen during the Holocaust I Am Brother Oji Mello Ayo,2022-03-31 In November 1989 the Royal Ontario Museum staged a controversial exhibit called Into The Heart of Africa This sparked a protest demonstration that proved to be a life changing experience for many The youth led outcry for change became a landmark in Ontario's race relations leading to an upheaval so impactful it altered the course of history for museums worldwide becoming in effect a milestone in the way museums mount and curate exhibits Thirty one years later for the first time the authorized biography of one of the main protagonists Adisa Oji the only demonstrator to be imprisoned for his actions is being told publicly Few people know of his courageous story a young man who heroically stood up against institutionalized racist practices and was punished His up until now unknown personal history sheds irrefutable light on the current public and global agitation regarding race and racism and compels us to honestly re-examine the long lasting tragic effects of colonialism and slavery This biography fills an important gap even for those who may be familiar with the Royal Ontario Museum episode while providing an informative gripping history for those who may not In a world where the significant contributions of people of African ancestry are most often overlooked or given short thrift I AM Brother Oji honours and highlights for global recognition the life leadership and legacy of a young Canadian of African Caribbean descent who distinguished himself during a time of social controversy Adisa S Oji's extraordinary story provides a window of illumination on how to break cycles of oppression and exploitation His story is a source of fresh and thoughtful insight into what it means to be a person of African ancestry living in a predominantly white European milieu and calls attention to the effectiveness of efforts directed at

addressing racial discrimination inequity and injustice With the help of abundant amounts of photographs Mello Ayo as narrator and social commentator weaves a vivid beautiful story of uncompromising triumph and self empowerment While the ROM episode provides a point of departure the unflinching narrative goes beyond and connects the past with the present to create an enchanting hero s journey transiting through the sociopolitical and historical landscapes of Jamaica Canada and Ghana At a time when many young people are becoming disenchanted slumping into alienation and learned helplessness or collapsing into sub cultures of violence a look at how one young man kept his youthful optimism alive and how he refused to become a victim while making a positive difference is deserving of our attention *Conflict, Nationhood and Corporeality in Modern Literature* P.
