professor turned Attorney and Law professor and Cecil Greek a Sociologist Picart and Greek 2008 Picart and Greek proposed
a Gothic Criminology to analyze the fertile synapses connecting the real and the reel in the flow of Gothic metaphors and
narratives that abound around criminological phenomena that populate not only popular culture but also academic and

Mitchell,2008-05-30 Landmark Cases in the Law of Contract offers twelve original essays by leading contract scholars As
with the essays in the companion volume Landmark Cases in the Law of Restitution Hart 2006 each essay takes as its focus a
particular leading case and analyses that case in its historical or theoretical context The cases range from the early
eighteenth to the late twentieth centuries and deal with an array of contractual doctrines Some of the essays call for their
case to be stripped of its landmark status whilst others argue that it has more to offer than we have previously appreciated
The particular historical context of these landmark cases as revealed by the authors often shows that our current
assumptions about the case and what it stands for are either mistaken or require radical modification The book also explores
several common themes which are fundamental to the development of the law of contract for instance the influence of
commercial expectations appeals to reason and the significance of particular judicial ideologies and techniques **The
