Asian Americans and the Spirit of Racial Capitalism Jonathan Tran, 2021-10-18 Any serious consideration of Asian American life forces us to reframe the way we talk about racism and antiracism The current emphasis on racial identity obscures the political economic basis that makes racialized life in America legible This is especially true when it comes to Asian Americans This book reframes the conversation in terms of what has been called racial capitalism and utilizes two extended case studies to show how Asian Americans perpetuate and resist its political economy

Race, Rights, and the Asian American Experience Angelo N. Ancheta, 2006 In *Race Rights and the Asian American Experience* Angelo N. Ancheta demonstrates how United States civil rights laws have been framed by a black white model of race that typically ignores the experiences of other groups including Asian Americans When racial discourse is limited to antagonisms between black and white Asian Americans often find themselves in a racial limbo marginalized or unrecognized as full participants A skillful mixture of legal theories court cases historical events and personal insights this revised edition brings fresh insights to U S civil rights from an Asian American perspective

The Metropolitan Revolution Jon C. Teafor, 2006-05-16 In this absorbing history Jon C. Teafor traces the dramatic evolution of American metropolitan life At the end of World War II the cities of the Northeast and the Midwest were bustling racially and economically integrated areas

frequented by suburban and urban dwellers alike Yet since 1945 these cities have become peripheral to the lives of most Americans Edge cities are now the dominant centers of production and consumption in post suburban America Characterized by sprawling freeways corporate parks and homogeneous malls and shopping centers edge cities have transformed the urban landscape of the United States Teaford surveys metropolitan areas from the Rust Belt to the Sun Belt and the way in which postwar social racial and cultural shifts contributed to the decline of the central city as a hub of work shopping transportation and entertainment He analyzes the effects of urban flight in the 1950s and 1960s the subsequent growth of the suburbs and the impact of financial crises and racial tensions He then brings the discussion into the present by showing how the recent wave of immigration from Latin America and Asia has further altered metropolitan life and complicated the black white divide Engaging in original research and interpretation Teaford tells the story of this fascinating metamorphosis

The Ocean Hill-Brownsville Conflict Glen Anthony Harris,2012-05-18 The history of Black Jewish relations from the beginning of the twentieth century shows that while they were sometimes partners of convenience there was also a deep suspicion of each other that broke out into frequent public exchanges During the twentieth century the entanglements of both groups have at times provided an important impetus for social justice in the United States and at other times have been the cause of great tension *The Ocean Hill Brownsville Conflict* explores this fraught relationship which is evident in the intellectual lives of these communities The tension was as apparent in the life and works of Marcus Garvey Richard Wright and James Baldwin as it was in the exchanges between blacks and Jews in intellectual periodicals and journals in the 1940s 1950s and 1960s The Ocean Hill Brownsville conflict was rooted in this tension and the longstanding differences over community control of school districts and racial preferences

Sweatshop Warriors Miriam Ching Yoon Louie, 2001 In this up close and personal look at the heroines who make family, community, and society tick, Miriam Ching Yoon Louie showcases immigrant women workers speaking out for themselves in their own words. While public outrage over sweatshops builds in intensity, this book shows us who these workers really are and how they are leading campaigns to fight for their rights. In depth, accessible analyses of the immigration, labor, and trade policies which together have forced these women into the most dangerous, poorly paid jobs dovetail with vivid portraits of the women themselves. Louie, a longtime writer, activist, and well-known figure in feminist, immigrant, and labor circles, is uniquely poised to make her case that the labor of immigrant women worker activists not only sustains families and communities but the vibrant social activism that undergirds democracy itself. With chapters on successful campaigns against Levi Strauss, Donna Karan, and restaurants in Los Angeles Koreatown among others, Miriam Ching Yoon Louie is a longtime writer, activist, in campaigns to organize women of color. She is national campaign media director of Fuerza Unida, a board member of the Women of Color Resource Center, and former media director of Asian Immigrant Women Advocates. Her essays and articles on immigrant women and labor issues have been widely anthologized, including in the 1997 collection *Dragon Ladies: Asian American Feminists Breathe Fire* (South End Press), and she speaks at public events internationally. She is the co-author with Linda Burnham of *Women's Education in the Global Economy* (Women of Color Resource Center, 2000).
