**Exemplary Ambivalence in Late Nineteenth-Century Spanish America** Elisabeth L. Austin, 2012-09-14 Exemplary Ambivalence in Late Nineteenth Century Spanish America Narrating Creole Subjectivity casts new light on the role of exemplary narrative in nineteenth century Spanish America highlighting the multiplicity of didactic writing and its dynamic relationship with readers as interpretive agents Drawing on literary and historical models of creole heterogeneity Austin's study probes the unstable social and ethnic fictions of the creole elite as they portray themselves through the flawed canvas of exemplary discourse Exemplary Ambivalence examines creole subjectivity through postcolonial and Latin American theoretical lenses to show that Spanish American creole subjects always multiple reveal their ideological ambivalence through exemplary narrative This study examines a cross section of canonical and lesser known texts written toward the end of the nineteenth century by authors across Spanish America including Eugenio Cambaceres Argentina Jos Asunci n Silva Colombia Jos Mart Cuba Clorinda Matto de Turner Peru and Juana Manuela Gorriti Argentina These texts range from realist and modernist novels to a cookbook of multiple authorship and engage issues of nationalism citizenship gender indigenous rights and liberal ideologies within the historical context of Spanish America's weakened democracies and modernizing economies at the end of the nineteenth century Austin's research fills a critical gap within studies of the nineteenth century in Spanish America as it explores the inconsistencies of exemplary texts and emphasizes the forms sources and implications of creole ideological and narrative multiplicity By recognizing the inherent ambivalence of exemplary discourse along with creole writing and reading subjectivities Exemplary Ambivalence opens fresh perspectives on canonical texts while it also engages some of the non canonical hybrid and fragmentary texts of nineteenth century reading culture

**Literary Culture and U.S. Imperialism** John Carlos Rowe, 2000 John Carlos Rowe considered one of the most eminent and progressive critics of American literature has in recent years become instrumental in shaping the path of American studies His latest book examines literary responses to U S imperialism from the late eighteenth century to the 1940s Interpreting texts by Charles Brockden Brown Poe Melville John Rollin Ridge Twain Henry Adams Stephen Crane W E B Du Bois John Neihardt Nick Black Elk and Zora Neale Hurston Rowe argues that U S literature has a long tradition of responding critically or contributing to our imperialist ventures Following in the critical footsteps of Richard Slotkin and Edward Said Literary Culture and U S Imperialism is particularly innovative in taking account of the public and cultural response to imperialism In this sense it could not be more relevant to what is happening in the scholarship and should be vital reading for scholars and students of American literature and culture

challenges established continental and national histories and canons which often exclude exploitation cinema due to its perceived low cultural status. **Football and Literature in South America** David Wood, 2017-02-10 South America is a region that enjoys an unusually high profile as the origin of some of the world's greatest writers and most celebrated footballers. This is the first book to undertake a systematic study of the relationship between football and literature across South America. Beginning with the first football poem published in 1899, it surveys a range of texts that address key issues in the region's social and political history. Drawing on a substantial corpus of short stories, novels, and poems, each chapter considers the shifting relationship between football and literature in South America across more than a century of writing. The way in which authors combine football and literature to challenge the dominant narratives of their time suggests that this sport can be seen as a recurring theme through which matters of identity, nationhood, race, gender, violence, politics, and aesthetics are played out. This book is fascinating reading for any student, scholar, or serious fan of football, as well as for all those interested in the relationship between sports, history, literature, and society.

**Culture and Customs of Bolivia** Javier A. Galván, 2011-04-06 In this book, contemporary representations of Bolivian art, music, religion, literature, festivals, theater, and cinema document how history and geography have shaped Bolivia's modern culture. Bolivia has long been neglected by North American historians and anthropologists. Now author Javier A. Galván fills this gap with a book that analyzes the complex cultures of this South American nation within the context of its rich history and contemporary traditions. The first half of this text is dedicated to how and where people live, detailed geography, social traditions, religious practices, political institutions, and Bolivian cuisine and culture. The varied religious and linguistic traditions of the indigenous groups that comprise the majority of the national population are also described, giving readers a deeper appreciation for the diversity of Bolivia's character. The second half of the book explores the creative talent of Bolivians who are advancing the literary movements, painting styles, architectural design, theater productions, fashion design, and emerging film industry of the country.

**Culture and Customs of Bolivia** also includes a detailed analysis of contemporary print and broadcasting media.
