

A photograph of a dirt path leading through a forest. The path is covered in fallen leaves and leads towards a bright light at the end of the path. The trees on either side have autumn-colored foliage, with some evergreen trees visible in the background.

Freedom and love go together. Love is not a reaction. If I love you because you love me, that is mere trade, a thing to be bought in the market; it is not love. To love is not to ask anything in return, not even to feel that you are giving something- and it is only such love that can know freedom.

Love And Freedom:

Love and Freedom Jorge N. Ferrer, 2021-06-24 In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monopride polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities

Trinity, Freedom and Love Piotr Malysz, 2012-08-02 By critically engaging Eberhard J ngel's doctrine of the Trinity this volume makes a broader constructive contribution to contemporary trinitarian thought The argument centers on the question posed by the inconsistencies uncovered in J ngel's doctrine of God of how one can assert both divine freedom and the inter subjectivity of God's trinitarian self determination Can one maintain God's freedom in the interest of divine spontaneity and creativity while remaining committed to inter subjective vulnerability which the Cross entails as an event of divine love Malysz suggests that a resolution to this problem lies in a logic of divine freedom which next to the trinitarian logic of love constitutes a different and simultaneous mode of trinitarian relationality To develop this logic Malysz draws on J ngel's understanding of human freedom as rooted in the elemental interruption of the self securing subject Malysz thus not only brings J ngel's view of divine freedom into correspondence with the anthropological effects that J ngel ascribes to it but above all offers an imaginative new way of closely integrating the doctrine of God and theological anthropology

Real Love and Freedom for the Soul Greg Baer, 2023-12-18 This book nailed me to the wall It

has given me the power to change the way I believe the way I feel and the way I behave toward others I m very grateful Finally you can read the book we ve all been waiting for the book that will change forever the way you see yourself and your relationships At the root of all our anger our feelings of separation from one another and our problems in relationships is our belief that we have been victimized In *Real Love and Freedom for the Soul* we learn about the secret disease of victimhood which is a primary component of almost all conflict in the world As you read *Real Love and Freedom for the Soul* you ll learn the real reason you often feel angry and resentful toward other people how you can eliminate the anger that is destroying your happiness and relationships why businesses often fail why so many of our children are angry and rebellious the real cause of racial prejudice in the world how you can achieve a level of freedom and peace you never before imagined possible
