Love is the only hope It is only because of love that man finds it possible to reach god If there were no love there would be no religion no prayer If there were no love there would be no creativity no music no dance no art no poetry If there were no love there would be no beauty no friendship no happiness no intimacy All that is valuable in life comes through love Love is the source of all that is nourishing and fulfilling Love is the only heavenly phenomenon on this earth Everything else is earthly therefore it is only through love that one can reach to god and heavenly states of being Without love life becomes dull repetitive and unfulfilling Love The Most Precious Gift of Life shows us that we must live with love because that is the only way to really live The deeper and realer your love is the deeper and more meaningful your life is We must think of love and life as being the same and synonymous If love has so many blessings why do many couples struggle and face so many difficulties in their relationships In the second part of Love The Most Precious Gift of Life the root social and psychological causes of these conflicts are uncovered and a solution for solving each problem is also presented And in doing so it helps us to keep our relationships healthy and intimate and enable us to embrace love and through love reach to our highest potential which is self realization and enlightenment *Keep Yourself, Love Better* Esi Zar, You re tired more than tired You re emotionally worn out confused and quietly wondering if love is supposed to feel this hard You keep showing up Giving your all Shrinking a little here compromising a little there You try to be easy to love easy to live with easy to keep And yet somehow you keep losing pieces of yourself You re not even sure when it started Maybe it was that first relationship where you learned to stay silent instead of honest Or the friendship where you always played the listener but were rarely heard Maybe it s been a slow drift a thousand tiny choices to not upset not ask for too much not rock the boat Whatever the story it s become your norm keep the peace keep the relationship keep smiling But deep down you know something isn t right You re starting to feel invisible in your own life You wonder Where did I go in all of this And maybe worst of all you feel like you shouldn t complain You tell yourself to be grateful Other people have it worse But even as you try to silence that whisper inside you it won t go away That whisper is telling you the truth You don t have to lose yourself to be loved That s what this book is about It s not a book about fixing relationships by working harder or being nicer It s not about earning love by being more selfless This is a book about keeping yourself your identity your voice your worth and learning how to love from that place It s about building strong healthy relationships that don t require self abandonment Because real love the kind that lasts and lifts you up doesn t ask you to become less of who you are It doesn t punish your truth It doesn t reward your silence It welcomes your wholeness If you ve ever felt like you had to trade your identity for connection this book is here to give you that identity back We ll start by exploring the common traps that cause so many of us to lose ourselves in love like people pleasing fear of rejection and chasing approval We ll walk through the process of reclaiming your sense of self setting

powerful boundaries and finally feeling safe being fully you in your relationships And along the way you ll learn to recognize the kind of love that nourishes not drains The kind of love that expands your life instead of shrinking it You don t have to choose between being loved and being yourself You were never meant to So if you re tired of feeling like too much or not enough If you re ready to stop dimming your light to make others comfortable If you want relationships that feel good without costing you everything Then this book is for you If any part of you is ready for change turn the page Your journey begins now

The Rules of Love Richard Templar, 2013-02-25 Love matters Whether it's the romantic kind or the emotional bond between you and family or friends Indeed latest research suggests that those who love and are loved are significantly more likely to be alive in 10 years time than those without love in their lives Love makes us happy and the happier we are the longer it seems we tend to live So why is it that some people find relationships so easy We all know the kind of person married forever connected with their family and strong friendships that have stood the test of time from all stages of life The people who make friends easily who have someone utterly devoted to them and for whom many would do anything What do

they know and do that the rest of us could learn from That s what you ll find in this book If you study people who are so good at relationships you discover it s not about their personality or gender or how self sacrificing they are Those who are great in all relationships usually do have to work at it The secret is that they know exactly where to put their efforts They know the Rules of Love Now updated and expanded with 10 brand new rules The Rules of Love helps you benefit from the simple principles of forming and sustaining strong enduring and ultimately life enhancing relationships **Supervision in**
