The Globalization of Addiction Bruce K. Alexander,2008-07-03 The Globalization of Addiction presents a radical rethink about the nature of addiction Scientific medicine has failed when it comes to addiction There are no reliable methods to cure it prevent it or take the pain out of it There is no durable consensus on what addiction is what causes it or what should be done about it Meanwhile it continues to increase around the world This book argues that the cause of this failure to control addiction is that the conventional wisdom of the 19th and 20th centuries focused too single mindedly on the afflicted individual addict Although addiction obviously manifests itself in individual cases its prevalence differs dramatically between societies For example it can be quite rare in a society for centuries and then become common when a tribal culture is destroyed or a highly developed civilization collapses When addiction becomes commonplace in a society people become addicted not only to alcohol and drugs but to a thousand other destructive pursuits money power dysfunctional relationships or video games A social perspective on addiction does not deny individual differences in vulnerability to addiction but it removes them from the foreground of attention because social determinants are more powerful This book shows that the social circumstances that spread addiction in a conquered tribe or a falling civilisation are also built into today s globalizing free market society A free market society is magnificently productive but it subjects people to irresistible pressures towards individualism and competition tearing rich and poor alike from the close

social and spiritual ties that normally constitute human life. People adapt to their dislocation by finding the best substitutes for a sustaining social and spiritual life that they can, and addiction serves this function all too well. The book argues that the most effective response to a growing addiction problem is a social and political one rather than an individual one. Such a solution would not put the doctors, psychologists, social workers, policemen, and priests out of work, but it would incorporate their practices in a larger social project. The project is to reshape society with enough force and imagination to enable people to find social integration and meaning in everyday life. Then great numbers of them would not need to fill their inner void with addictions.

Soulcraft Douglas D. Webster, 1999. This special book by Douglas D. Webster reveals how God molds us into the people he wants us to be as we work and play and cry and laugh with each other in the daily grind of life.

A Heart That Worships Tamara D. Hardy, 2022-06-30. God is after your heart. He wants heart-to-heart fellowship with you whether you know it or not. You see, to worship God is to fellowship with Him, talk to Him, and get to know Him. We were created to worship God, and our soul longs for a relationship with Him. Until we discover that truth, there will always be something missing in our lives. People try to fill the void in their life through money, work, relationships, fame, or fortune. However, nothing will be able to satisfy and fulfill that longing, but God. That is because we are so much more than our physical body and personality; soul. We also possess a spirit, just as God, our creator, is a spirit. Our spirit was created so that God could dwell in us. A Heart That Worships articulates the heart of God and why he so passionately wants a relationship with you. He wants you to know what you mean to him and why he would send his only son, Jesus, to die on the cross for you. Step by step, this book will guide you as you walk the path of cultivating a heart that worships.

The Power of the Blood Covenant Malcolm Smith, 2006-08-15. Is it possible that one message exists that has not been fully realized by the Christian market at large, but its implications possess the power to transform the Body of Christ in the twenty-first century? Unraveling the Mystery of God's Eternal Oath is that message. If you are searching for more meaning in your Christian walk, you will be.

The Globalization of Addiction Bruce Alexander, 2010-03-04. Addiction is increasing all around the world, and the conventional remedies don't work. The Globalization of Addiction argues that the cause of this failure to control addiction is that past treatments have focused too single-mindedly on the afflicted individual addict. This book presents a radical rethink about the nature of addiction.
