Lin. Thomas, 2021-09-10 *Suitable Singles Every Single Decision Matters* By A Lin Thomas *Suitable Singles Every Single Decision Matters* is a book about discovering how to become a suitable single preparing for Holy Matrimony It illustrates how we can begin the healing process from brokenness through self discovery in order to understand how to become the suitable single we should be It also illustrates how brokenness can initiate broken partnering which will promote a broken family life The author uses her own personal testimony to illustrate what a broken person looks like and how that dynamic is the worst state to be in when seeking to mate She speaks about her own disparaging upbringing and failed

marriage to make the point that desperation is not a good state to be in when choosing a mate and creating a family. With so many families in turmoil in today's society, the author shares the story of how she was led by God to share the hurt and pain of her family life and her failed marriage to highlight how a broken family creates a broken child which becomes a broken adult who chooses a broken mate which creates a broken couple who begins the cycle of a broken family all over again. Then the author testifies about how God healed her and delivered her from that broken cycle. It is the author's hope that readers will take away an honest perspective about the seriousness and the truth of mating especially in the Church and gain proper understanding of God's perspective on what a suitable mate is and how the Word of God is the only true guide to creating a family life that is blessed and prosperous not just for the couple but for society as a whole.

[The End of the Self-help Book](#) Grant Fisher, 2012-01-24 Many books on the self-help shelf make promises. But very few deliver. This book makes no claim to being the last word on self-help. Rather, it represents the author's transition from a position of seeking answers from other people and the outside world to that of finding answers to the mysteries of life from within, from the mystical, immeasurable mind within us all. It is a journey of self-discovery with an open invitation to the reader who is encouraged to look for wisdom in the outside world of politics, religion, philosophy, literature, and business but not to stop there. For the most important learning is self-knowledge. This is a journey that we travel alone but not completely. The wisdom of the great philosophers, poets, and scientists of history and the present are beacons to guide us so long as we pay attention. We do not have the power over all the circumstances in our life. But we do have the power to change. This book makes just one promise: to leave you wanting to know more.
