Love Catcher Journal Reissue:

Love Catcher Journal--Reissue Kathy Eldon, Amy Eldon, Kathleen M. Eldon, 2001 Books and Beyond Kenneth Womack, 2008-10-30 There is a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction GLBTQ literature graphic novels manga and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's reception a discussion of authors and works and suggestions for further reading. Sidebars provide fascinating details and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention. While students continue to read many of the standard classics new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom.
