Lugbara Religion:

Lugbara Religion John Middleton,1999 This was the first full length account of this hitherto little known people and remains one of the very few modern accounts of an African ancestral cult *Lugbara Religion* John Middleton,1987 **The Vitality of Karamojong Religion** Ben Knighton,2017-05-15 How long can a traditional religion survive the impact of world religions state hegemony and globalization The Karamoja problem is one that has perplexed colonial and independent governments alike Now Karamojong notoriety for armed cattle raiding has attracted the attention of the UN and USAID since the proliferation of small arms in the pastoralist belt across Africa from Sudan to stateless Somalia is deemed a threat to world security The consequences are ethnocidal but what makes African peoples stand out against state and global governance The traditional African religion of the Karamojong despite the multiple external influences of the twentieth century and earlier has remained at the heart of their culture as it has changed through time Drawing on oral accounts and the language itself as well as his extensive experience of living and working in the region Knighton avoids Western perspectivism to highlight the successful reassertion of African beliefs and values over repeated attempts by interventionists to replace or subvert them Knighton argues that the religious aspect of Karamojong culture with its persistent faith dimension is one of the key factors that have enabled them to maintain their amazing degree of religious political and military autonomy in the postmodern world Using historical and anthropological approaches the real continuities within the culture and the reasons for mysterious vitality of Karamojong religion are explored **Encyclopedia of African Religion** Molefi Kete Asante,Ama Mazama,2008-11-26 Numerous titles focusing on particular beliefs in Africa exist including Marcel Griaule s *Conversations with Ogotemmel* but this one presents an unparalleled exploration of a multitude of cultures and experiences It is both a gateway to deeper exploration and a penetrating resource on its own This is bound to become the definitive scholarly resource on African religions Library Journal Starred Review Overall because of its singular focus reliability and scope this encyclopedia will prove invaluable where there is considerable interest in Africa or in different religious traditions Library Journal As the first comprehensive work to assemble ideas concepts discourses and extensive essays in this vital area the Encyclopedia of African Religion explores such topics as deities and divinities the nature of humanity the end of life the conquest of fear and the quest for attainment of harmony with nature and other humans Editors Molefi Kete Asante and Ama Mazama include nearly 500 entries that seek to rediscover the original beauty and majesty of African religion Features Offers the best representation to date of the African response to the sacred Helps readers grasp the enormity of Africa s contribution to religious ideas by presenting richly textured concepts of spirituality ritual and initiation while simultaneously advancing new theological categories cosmological narratives and ways to conceptualize ethical behavior Provides readers with new metaphors figures of speech modes of reasoning etymologies analogies and cosmogonies Reveals the complexity texture and rhythms of the African religious tradition to provide scholars with a baseline for future

America" & President Trump'S Invisible Politics in World Governance Ph.D,2018-02-19 This book is a policy review piece It strives to review some long standing and herculean issues of concerns within the United States and around the world It attempts a realistic second look into a few of the delicate and hellacious questions of governance that nations around the world are currently confronted with in this dispensation It puts special focus on the realistic examination of some of the difficult choices the United States has made under president Donald Trumps administration More important is the responsibility to pragmatically recritic some of the policy decisions made which hosts of oppositions have considered murderous going by the various campaigns and reactions against such stance The book is no doubt a narrative of concerns for the future of America and indeed the global world It among other topics looks into matters of security international relations and or international politics religion and insurgency and critically attempts a commonsensical discussion on the major problem of immigration and migration These are among the major issues that have created a lot of brouhaha and hullabaloo within the polity in recent times especially considering the hardnose disposition of the forty fifth president of the United States on these matters In sincere loyalty to truism this book strives in its analysis to sever itself from the popular mistakes of placing individual benefits above the sociosecurity risks and the future of a nation Throughout Your Generations Forever Nancy Jay,1992-07 Why does sacrifice more than any other major religious institution depend on gender dichotomy Why do so many societies oppose sacrifice to childbirth and why are childbearing women so commonly excluded from sacrificial practices In this feminist study of relations between sacrifice gender and social organization Nancy Jay reveals sacrifice as a remedy for having been born of woman and hence uniquely suited to establishing certain and enduring paternity Drawing on examples of ancient and modern societies Jay synthesizes sociology of religion ethnography biblical scholarship church history and classics to argue that sacrifice legitimates and maintains patriarchal structures that transcend men s dependence on women s reproductive powers New Religions As Global Cultures Irving Hexham,Karla Poewe,2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults New Sub-Religious Sects and Hinduism H.P. Adhikary,2003 Spearmasters Molefi Kete Asante,Emeka Nwadiora,2007-04-26 Spear Masters contends that in Africa there exists only one religion with a vast array of denominations African religion is expressed in a different way by each of the denominations which creates confusion for those who believe that there are more than one African religion

Spear Masters presents information about some of the larger and most significant expressions of the sole African religion so that the reader will understand the relationship between God the creator and the notions of the relationship with the family and community. The term spear master relates to the integrity and ethics that had to accompany the maker and user of the spear in ancient African societies. The essence of religion presented in Spear Masters is the deification of one's society and nation and making sacred the traditions and rituals of the ordinary lives of the people.
