Luzhin Defense:

The Defense Vladimir Nabokov, 2011-02-16 Nabokov's third novel *The Luzhin Defense* is a chilling story of obsession and madness. As a young boy, Luzhin was unattractive, distracted, withdrawn, sullen, an enigma to his parents and an object of ridicule to his classmates. He takes up chess as a refuge from the anxiety of his everyday life. His talent is prodigious and he rises to the rank of grandmaster but at a cost. In Luzhin's obsessive mind, the game of chess gradually supplants the world of reality. His own world falls apart during a crucial championship match when the intricate defense he has devised withers under his opponent's unexpected and unpredictable lines of assault.

Nabokov's Women Elena Rakhimova-Sommers, 2017-10-15 Nabokov's *Women: The Silent Sisterhood of Textual Nomads* is the first book-length study to focus on Nabokov's relationship with his heroines. Essays by distinguished Nabokov scholars explore the multilayered and nomadic nature of Nabokov's women: their voice and voicelessness, their absentness, the paradigm of power and sacrifice within which they are situated, the paradox of their unattainability, their complex relationship with textual borders, the travel narrative with the author himself. By design, Nabokov's woman is often assigned a short-term tourist visa with a firm expiration date. Her departure is facilitated by death or involuntary absence, which watermarks her into the male protagonist's narrative, granting him an artistic release or a gift of self-understanding. When she leaves the stage, her portrait remains ambiguous. She can be powerfully enigmatic but not self-actualized enough to be dynamic or, for even where the terms of her existence are deeply considered or her image beheld reverently, her recognition seems to be limited to the Works Cited register of the male narrator's personal life. As a result, Nabokov's texts often feature a nomadic woman who seems to live without a narratorial homeland, papers of her own, or storytelling privileges. This volume explores the residency status of Nabokov's silent nomads: his fleeting lovers, witches, muses, mermaids, and nymphets. As Nabokov scholars analyze the power dynamic of the writer's narrative of male desire, they ponder: are these female characters directionless wanderers or covert operatives in the terrain of Nabokov's text? Whereas each essay addresses a different aspect of Nabokov's artistic relationship with the feminine, together they explore the politics of representation, authorization, and voicelessness. This collection offers new ways of reading and teaching Nabokov and is poised to appeal to a wide range of student and scholarly audiences. Chapter 4, *Nabokov's Mermaid Spring in Fialta* by Elena Rakhimova-Sommers, is not available in the ebook format due to digital rights restrictions. You can find the earlier version of

Godley, 2018-02-15 In contrast to the way inheritance is understood in scientific discourse and culture more broadly inheritance in psychoanalysis is a paradox Although it's impossible strictly speaking for the unconscious to be inherited this volume demonstrates how the concept of inheritance can occasion a rich reassessment and reinvention of psychoanalytic theory and practice The collection enacts a critical traversal of inheritance for psychoanalysis from the most basic assumptions of natural or biological inheritance such as innateness heredity evolution and ontogenesis to analysis of the ways cultural traditions can be challenged and transformed and finally to the reinvention of psychoanalytic practice in which the ethics of inheritance is fully realized as the individual's responsibility to transform the social bond Featuring strong interdisciplinary analysis rooted in both psychoanalysis and philosophy this volume further engages science politics and cultural studies and addresses contemporary political challenges such as autism and transgenderism

Marketing Literature and Posthumous Legacies Yuri Leving, Frederick H. White, 2013-09-12 Literature is not only about aesthetics but also almost equally about economics The successful marketing of an author and his literary works is more dependent on the activities of cultural merchants than on the particular words and phrases found in the author's prose Marketing Literature and Posthumous Legacies focuses on the creation of symbolic capital for the literary legacies of Leonid Andreev and Vladimir Nabokov that was eventually exchanged by cultural merchants for financial and ideological profit Yuri Leving and Frederick H White discuss the ways in which certain cultural merchants created symbolic meaning for these two authors through a process of collusion consecration and the marketing of tangible and intangible products that lead to some sort of transaction The promotion and maintenance of posthumous legacies involves an intricate network of personal interests that drive the preservation of literary reputations
