Lyndon B Johnsons Vietnam Papers A Documentary Collection

Randall B. Woods

Lyndon B Johnsons Vietnam Papers A Documentary Collection:

Lyndon B. Johnson's Vietnam Papers Lyndon Baines Johnson, 1997 The recent declassification of top secret Vietnam War papers of the Johnson administration provides an unusually intimate portrait of presidential decision making and fills an important gap in the literature on presidents and on the Vietnam War For years the Pentagon Papers served as the most influential published collection of Vietnam era policy making documents However as Vietnam scholar George McT Kahin has written the Pentagon Papers are generally very sketchy and inadequate with respect to the political dimension and for the critical years 1964 1968 the gaps are particularly extensive Drawing upon the newly declassified documents and many other Vietnam papers David Barrett s *Lyndon Johnson s Vietnam Papers* fills the need for a one volume collection detailing interaction and confrontations concerning the dilemmas of Vietnam policy He chronologically presents notes of meetings and phone calls between President Johnson and advisers as well as meetings with some war critics memoranda to and from the president and notes and letters written by friends and associates of Johnson describing his thinking and concerns about the war This volume offers a first hand documentation of how and why the United States fought in Indochina in the 1960s an introduction to the archival holdings for future researchers and documentary evidence of the major players and their roles in making policy

Foreign Relations of the United States United States. Department of State, 1991

RAND in Southeast Asia Mai Elliott, 2010-02-08 This volume chronicles RAND s involvement in researching insurgency and counterinsurgency in Vietnam Laos and Thailand during the Vietnam War era and assesses the effect that this research had on U S officials and policies Elliott draws on interviews with former RAND staff and the many studies that RAND produced on these topics to provide a narrative that captures the tenor of the times and conveys the attitudes and thinking of those involved

National Security Entrepreneurs and the Making of American Foreign Policy Vincent Boucher, Charles-Philippe David, Karine Prémont, 2020-11-12 Since the advent of the contemporary US national security apparatus in 1947 entrepreneurial public officials have tried to reorient the course of the nation s foreign policy Acting inside the National Security Council system some principals and high ranking officials have worked tirelessly to generate policy change and innovation on the issues they care about These entrepreneurs attempt to set the foreign policy agenda frame policy problems and solutions and orient the decision making process to convince the president and other decision makers to choose the course they advocate In *National Security Entrepreneurs and the Making of American Foreign Policy* Vincent Boucher Charles Philippe David and Karine Prémont develop a new concept to study entrepreneurial behaviour among foreign policy advisers and offer the first comprehensive framework of analysis to answer this crucial question why do some entrepreneurs succeed in guaranteeing the adoption of novel policies while others fail They explore case studies of attempts to reorient US foreign policy waged by National Security Council entrepreneurs examining the key factors enabling success and the main forces preventing the adoption of a preferred option the entrepreneur s profile presidential leadership major players involved in the policy

formulation and decision making processes the national political context and the presence or absence of significant opportunities By carefully analyzing significant diplomatic and military decisions of the Johnson Nixon Reagan and Clinton administrations and offering a preliminary account of contemporary national security entrepreneurship under presidents George W Bush Barack Obama and Donald Trump this book makes the case for an agent based explanation of foreign policy change and continuity

The Presidency of Richard Nixon Melvin Small,1999 A lively anecdotal account features every facet of Nixon s controversial administration just in time for the 25th anniversary of his history making resignation from the presidency 23 photos

When Presidents Lie Eric Alterman,2005-10 Assesses the impact of governmental and presidential lies on American culture revealing how such lies become ever more complex and how such deception creates problems far more serious than those lied about in the beginning

A Memoir of Creativity Piri Halasz,2009 A Memoir of Creativity chronicles one woman s life journey as she derives a theory revealing meaning in abstract painting from varied personal and professional experiences and tells how she locates this theory within a broader social context In 1966 Piri Halasz became the first woman within living memory to write a cover story for Time and not just any cover story either the notorious one on Swinging London With wit and wisdom she provides a glimpse into her red diaper childhood as well as reporting on her climb at Time from research to the writing staff Vividly she describes her controversial career as a female journalist during the sixties offering an inside view of newsweekly rivalries during that tempestuous decade Halasz then moves on to her initiation into the art world her lively interaction with some of its most distinguished denizens and her immersion in graduate school She concludes with what she has learned about art art history and history itself since the early eighties applying that knowledge to better understand the twenty first century Through sharing her life story Halasz encourages others to remain open to new experiences to try different ways of seeing and to use creativity to tackle hurdles

Vietnam and the American Political Tradition Randall B. Woods,2003-02-24 This volume is intended to demonstrate how opposition to the war in Vietnam the military industrial complex and the national security state crystallized in a variety of different and often divergent political traditions Indeed for many of the figures discussed dissent was a decidedly conservative act in that they felt that the war threatened traditional values mores and institutions even though their definitions of what was sacred differed profoundly To an extent many of the dissenters treated in this volume were at one time Cold War liberals During the course of the Vietnam War they came to see the foreign policy which they were supporting with its willingness to invoke the democratic ideal and at the same time tolerate dictatorships in the cause of anticommunism as morally and politically corrupt Most dissenters increasingly came to perceive cold war liberalism as a radical departure that threatened the fundamental ideals of the republic

The War Council Andrew Preston,2010-04-10 Was the Vietnam War unavoidable By examining the role of McGeorge Bundy and the National Security Council this title demonstrates that policymakers escalated the conflict in Vietnam in the face of internal opposition external pressures and a continually failing strategy

Debating Vietnam Joseph

A. Fry, 2006 In the midst of the Vietnam War two titans of the Senate J William Fulbright and John C Stennis held public hearings to debate the conflict's future In this intriguing new work historian Joseph A Fry provides the first comparative analysis of these inquiries and the senior southern Senators who led them The Senators shared aim was to alter the Johnson administration's strategy and bring an end to the war but from dramatically different perspectives Fulbright hoped to pressure Johnson to halt escalation and seek a negotiated settlement while Stennis wanted to prompt the President to bomb North Vietnam more aggressively and secure a victorious end to the war Publicized and televised these hearings added fuel to the fire of national debate over Vietnam policy and captured the many arguments of both hawks and doves Fry details the dramatic confrontations between the Senate committees and the administration spokesmen Dean Rusk and Robert McNamara and he probes the success of congressional efforts to influence Vietnam policy Ultimately Fry shows how the Fulbright and Stennis hearings provide vivid insight into the debate over why the United States was involved in Vietnam and how the war should be conducted American Presidential Statecraft Ronald E. Powaski, 2017-04-03 This book the second of two volumes examines the presidency in last half of twentieth century America and explores the successes and failures of presidents in their foreign policy initiatives It examines each president's ability to apply his skills to a foreign policy issue in the face of opposition that may come from a variety of sources including the Congress the Pentagon the State Department the press and often their own in house advisers This volume in particular focuses on John F Kennedy Lyndon Johnson Richard Nixon Ronald Reagan and George W Bush **The Vietnam War** Mitchell Hall, 2018-03-19 The Vietnam War examines this conflict from its origins up until North Vietnam's victory in 1975 Historian Mitchell K Hall's lucid account is an ideal introduction to the key debates surrounding a war that remains controversial and disputed in American scholarship and collective memory The new edition has been fully updated and expanded to include additional material on the preceding French Indochina War the American antiwar movement North Vietnamese perspectives and motivations and the postwar scholarly debate The text is supported by a documents section and a wide range of study tools including a timeline of events glossaries of key figures and terms and a rich further reading section accompanied by a new bibliographical essay Concise yet comprehensive The Vietnam War remains the most accessible and stimulating introduction to this crucial 20th century conflict **The Dragon in the Jungle** Xiaobing Li, 2020-01-02 Western historians have long speculated about Chinese military intervention in the Vietnam War It was not until recently however that newly available international archival materials as well as documents from China have indicated the true extent and level of Chinese participation in the conflict of Vietnam For the first time in the English language this book offers an overview of the operations and combat experience of more than 430 000 Chinese troops in Indochina from 1968-73 The Chinese Communist story from the other side of the hill explores one of the missing pieces to the historiography of the Vietnam War The book covers the chronological development and Chinese decision making by examining Beijing's intentions security concerns and major reasons for entering Vietnam to

fight against the U S armed forces It explains why China launched a nationwide movement in Mao Zedong s words to assist Vietnam and resist America in 1965 72 It details PLA foreign war preparation training battle planning and execution tactical decisions combat problem solving political indoctrination and performance evaluations through the Vietnam War International Communist forces technology and logistics proved to be the decisive edge that enabled North Vietnam to survive the U S Rolling Thunder bombing campaign and helped the Viet Cong defeat South Vietnam Chinese and Russian support prolonged the war making it impossible for the United States to win With Russian technology and massive Chinese intervention the NVA and NLF could function on both conventional and unconventional levels which the American military was not fully prepared to face Nevertheless the Vietnam War seriously tested the limits of the communist alliance Rather than improving Sino Soviet relations aid to North Vietnam created a new competition as each communist power attempted to control Southeast Asian communist movement China shifted its defense and national security concerns from the U S to the Soviet Union

The UN Secretary-General and the Security Council Manuel Fröhlich, Abiodun Williams, 2018-03-16 The United Nations Secretary General and the United Nations Security Council spend significant amounts of time on their relationship with each other They rely on each other for such important activities as peacekeeping international mediation and the formulation and application of normative standards in defense of international peace and security in other words the executive aspects of the UN s work The UN Secretary General and the Security Council fills an important lacuna in the scholarship on the UN system Although there exists today an impressive body of literature on the development and significance of the Secretariat and the Security Council as separate organs an important gap remains in our understanding of the interactions between them Bringing together some of the most prominent authorities on the subject this volume is the first book length treatment of this topic It studies the UN from an innovative angle creating new insights on the autonomous policy making of international organizations and adds to our understanding of the dynamics of intra organizational relationships Within the book the contributors examine how each Secretary General interacted with the Security Council touching upon such issues as the role of personality the formal and informal infrastructure of the relationship the selection and appointment processes as well as the Secretary General s threefold role as a crisis manager administrative manager and manager of ideas

The Vietnam War Mitchell K. Hall, 2014-07-22 The Vietnam War examines the conflict from its origins through to 1975 and North Vietnam s victory This new revised edition is completely up to date with current academic debates and includes new source material Mitchell Hall explores all the key elements of the conflict including US motivations for entering the war and the military strategies employed The role of the media The rise of domestic opposition The war s impact in the US and Vietnam Mitchell Hall provides numerous insights into the political decisions of the Vietnamese communists and Vietnam s relations with other major powers particularly China and the Soviet Union The main text is supported by a comprehensive documents section and a range of study tools including a Chronology of events Who s Who a

Glossary of terms and a Further Reading section Concise yet thorough the book provides students with an accessible and stimulating introduction to the war Theoretical Boundaries of Armed Conflict and Human Rights Jens David Ohlin,2016-08-04 In the last two decades human rights law has played an expanding role in the legal regulation of wartime conduct In the process human rights law and international humanitarian law have developed a complicated sibling relationship For some this relationship is viewed as a mutually reinforcing effort between like minded regimes designed to civilize human behavior For others the relationship is a more complicated sibling rivalry In this book an unparalleled collection of legal theorists examine the relationship between these two bodies of law Each chapter skilfully maps the possibilities of harmonization while at the same time raising cautionary flags about the limits of that project The authors not only chart the existing state of the law but also debate the normative implications of the continuing influence of human rights norms on current practices including torture targeted killings the conduct of non international armed conflicts and post war state building **Family Values** Isabel Heinemann,2023-10-04 Clashes over the American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to American society This is the insight underpinning Isabel Heinemann s groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them McNamara, Clifford, and the Burdens of Vietnam, 1965-1969 Edward J. Drea,2011 Volumes 1 5 have series title History of the Office of the Secretary of Defense The Vietnam War Geoffrey Wawro,2024-10-01 The first comprehensive military history of the war in Vietnam The Vietnam War cast a shadow over the American psyche from the moment it began In its time it sparked budget deficits campus protests and an erosion of US influence around the world Long after the last helicopter evacuated Saigon Americans have continued to battle over whether it was ever a winnable war Based on thousands of pages of military diplomatic and intelligence documents Geoffrey Wawro s The Vietnam War offers a definitive account of a war of choice that was doomed from its inception In devastating detail Wawro narrates campaigns where US troops struggled even to find the enemy in the South Vietnamese wilderness let alone kill sufficient numbers to turn the tide in their favor Yet the war dragged on prolonged by presidents and military leaders who feared the political consequences of accepting defeat In the end no number of young lives lost or bombs dropped could prevent America s ally the corrupt South Vietnamese regime from collapsing the moment US troops retreated Broad definitive and illuminating The Vietnam War offers an unsettling resonant story of the limitations of American power Israel's Nuclear Option Zaki Shalom,2005-04-01 The discussions which pitted Israel s security concerns against the United States determined goal to stem nuclear proliferation produced a set of strategic

understandings This book recounts the dialogue and related diplomatic activity that took place during the Kennedy and Johnson administrations and the Ben Gurion and Eshkol premierships
