Lyric Poets Of The Southern Tang Feng Yen Ssu And Li Yu:

Lyric Poets of the Southern T'ang Daniel Bryant, 2011-11-01 This book is the first in Western literature to focus on the poetry of Li Yu and Feng Yen ssu It contains nearly one hundred translations of Chinese poems written during the brief and turbulent Southern T ang Dynasty 907 960 A D Bryant describes and evaluates the major contribution of Li Yu and Feng Yen ssu to the evolution of the poetry form known as tz u a form which reflects the highly developed cultural milieu of the period

????? John Minford, Joseph S. M. Lau, 2000 Presents translations of two thousand years of Chinese literature from its beginnings to the Tang Dynasty in the tenth century **Washing Silk** Robin D.S. Yates, 2020-10-26 Wei Chuang was a prolific Tang dynasty poet He not only wrote in the shih form poems in the old and new styles the latter having strict rules of meter rhyme and euphony but also was one of two literati founders of the tz u lyric tradition based on a popular song form This tripartite study provides a thoroughgoing picture of his life and work The book begins with the first detailed biography of Wei Chuang in a Western language drawn both from historical sources and Wei s poetry The shih poems are intensely autobiographical and provide insight into Wei s own experience and into the situation in China at the end of the ninth century A second section analyzes the poetry demonstrating that Wei s tz u cannot be understood without reference to his shih compositions a new approach to the totality of Wei s work Finally this volume presents translations briefly annotated of 110 shih poems including his major narrative poem The Lament of the Lady of Chin and almost all the tz u attributed to him constituting more than a third of Wei Chuang s extant poetry The translations while hewing close in meaning to their Chinese originals have considerable value as poems in English This work offers information that is useful to those interested in the literature history and general culture of medieval China The translations bring to modern readers of English poetry the pleasures of becoming acquainted with a complex and innovative voice from the Chinese past **Just a Song** Stephen Owen, 2020-10-26 Song Lyric ci remains one of the most loved forms of Chinese poetry From the early eleventh century through the first quarter of the twelfth century song lyric evolved from an impromptu contribution in a performance practice to a full literary genre in which the text might be read more often than performed Young women singers either indentured or private entrepreneurs were at the heart of song practice throughout the period the authors of the lyrics were notionally mostly male A strange gender dynamic arose in which men often wrote in the voice of a woman and her imagined feelings then appropriated that sensibility for themselves As an essential part of becoming literature a history was constructed for the new genre At the same time the genre claimed a new set of aesthetic values to radically distinguish it from older Classical Poetry shi In a world that was either pragmatic or moralizing or both song lyric was a discourse of sensibility which literally gave a beautiful voice to everything that seemed increasingly to be disappearing in the new Song dynasty world of righteousness and public advancement China during the Tang-Song Interregnum, 878-978 Hugh Clark, 2021-06-29 This book challenges the long established structure of Chinese history around dynasties adopting a more organic approach which

emphasises cultural and economic trends that transcend arbitrary dynastic boundaries. It argues that with the collapse of the Tang court and northern control over the holistic empire in the last decades of the ninth century, the now autonomous kingdoms that filled the political vacuum in the south responded with a burst of innovative energy that helped set the stage for the economic and cultural transformations of the following Song dynasty. Moreover, it argues that these transformations and this economic and cultural innovation deeply affected the subsequent model of holistic empire which continues right up to the present and that therefore the interregnum century of division left a critically important legacy.

Song Dynasty Figures of Longing and Desire Lara C.W. Blanchard, 2018-06-05. This book is the winner of the 2020 Joseph Levenson Pre 1900 Book Prize awarded by the Association for Asian Studies. In *Song Dynasty Figures of Longing and Desire*, Lara Blanchard analyzes images of women in painting and poetry of China's middle imperial period, focusing on works that represent female figures as preoccupied with romance. She discusses examples of visual and literary culture in regard to their authorship and audience, examining the role of interiority in constructions of gender, exploring the rhetorical functions of romantic images and considering connections between subjectivity and representation. The paintings, in particular, have sometimes been interpreted as simple representations of the daily lives of women or as straightforward artifacts of heteroerotic desire. Blanchard proposes that such works could additionally be interpreted as political allegories, representations of the artist's or patron's interiorities or models of idealized femininity.

Middle Imperial China, 900-1350 Linda Walton, 2023-08-03. In this highly readable and engaging work, Linda Walton presents a dynamic survey of China's history from the tenth through the mid-fourteenth centuries, from the founding of the Song dynasty through the Mongol conquest when Song China became part of the Mongol Empire and Marco Polo made his famous journey to the court of the Great Khan. Adopting a thematic approach, she highlights the political, social, economic, intellectual, and cultural changes and continuities of the period, often conceptualized as Middle Imperial China. Particular emphasis is given to themes that inform scholarship on world history: religion, the state, the dynamics of empire, the transmission of knowledge, the formation of political elites, gender, and the family. Consistent coverage of peoples beyond the borders—Khitan, Tangut, Jurchen, and Mongol, among others—provides a broader East Asian context and introduces a more nuanced, integrated representation of China's past.

Women Writers of Traditional China Kang-i Sun Chang, Haun Saussy, Charles Yim-tze Kwong, 1999. The book also includes an extended section of criticism by and about women writers.

Fiktion oder Wirklichkeit? Maria Rohrer, 2005. Die Arbeit behandelt eine für lange Zeit in Vergessenheit geratene Sammlung von fünfzig Palastliedern, die einer der mächtigsten Kaiserinnen der Song-Dynastie zugeschrieben werden. Die Quelle wird in ihren historischen und literarischen Kontext eingeordnet. Anhand intertextueller Interpretationen einzelner Palastlieder sowie einer Analyse der dichterischen Themen und Motive wird exemplarisch eine Annäherung an das bislang nahezu unbekannte Palastlied-Genre unternommen mit dem Ziel, eine Poetik für dieses Genre zu erstellen. Die geplante Studie versteht sich als Fallstudie. Sie rückt die Jahrtausendlang
