Hermann Hesse Harold Bloom, 2003 Hermann Hesse s introspective lyrical writing won him praise from the literary world while his sense of estrangement from industrialized civilization and endorsement of pacificism brought him wide popular approval Winner of the Nobel Prize for *The Glass Bead Game* Hesse renders life s callings in a way that has called readers to a renewed sense of purpose and possibility *Lyrical Generations* G. Gabrielle Starr, 2015-11-01 Eighteenth century British literary history was long characterized by two central and seemingly discrete movements the emergence of the novel and the development of Romantic lyric poetry In fact recent scholarship reveals that these genres are inextricably bound constructions of interiority developed in novels changed ideas about what literature could mean and do encouraging the new focus on private experience and self perception developed in lyric poetry In *Lyrical Generations* Gabrielle Starr rejects the genealogy of lyric poetry in which Romantic poets are thought to have built solely and directly upon the works of Chaucer Spenser Shakespeare and Milton She argues instead that novelists such as Richardson Haywood Behn and others while drawing upon earlier lyric conventions ushered in a new language of self expression and community which profoundly affected the aesthetic goals of lyric poets Examining the works of Cowper Smith Wordsworth Coleridge and Keats in light of their competitive dialogue with the novel Starr advances a literary history that considers formal characteristics as products of historical change In a world increasingly defined by prose poets adapted the new forms characters and moral themes of the novel in order to reinvigorate poetic practice **Studies in Literature in English**

Joseph Conrad and the Fictions of Skepticism Mark Wollaeger, 1990-11-01 You want more scepticism at the very foundation of your work Scepticism the tonic of minds the tonic of life the agent of truth the way of art and salvation Joseph Conrad wrote these words to John Galsworthy in 1901 and this study argues that Conrad's skepticism forms the basis of his most important works participating in a tradition of philosophical skepticism that extends from Descartes to the present Conrad's epistemological and moral skepticism expressed forestalled mitigated and suppressed provides the terms for the author's rethinking of the peculiar relation between philosophy and literary form in Conrad's writing and more broadly for reconsidering what it means to call any novel philosophical Among the issues freshly argued are Conrad's thematics of coercion isolation and betrayal the complicated relations among author narrator and character and the logic of Conradian romance comedy and tragedy The author also offers a new way of conceptualizing the shape of Conrad's career especially the decline evidenced in the later fiction The uniqueness of Conrad's multifarious literary and cultural inheritance makes it difficult to locate him securely in the dominant tradition of the British novel A philosophical approach to

Conrad however reveals links to other novelists notably Hardy Forster and Woolf all of whom share in the increasing philosophical burden of the modern novel by enacting the very philosophical issues that are discussed within their pages Conrad's interest as a skeptic is heightened by the degree to which he resists the insights proffered by his own skepticism The first chapter introduces the idea of the Conradian shelter and the next two use Schopenhauer to show how the language of metaphysical speculation in *Tales of Unrest* and *Heart of Darkness* spills over into a religious impulse that resists the disintegrating effect of Conrad's skepticism The author then turns to Hume to model the authorial skepticism that in Lord Jim contests the continuing visionary strain of the earlier fiction and Descartes to analyze the ways in which Romantic vision is more stringently chastened by irony in *Nostromo* and *The Secret Agent* The concluding chapter touches on several late novels before examining how competing models of political agency in Conrad's last great fiction of skepticism *Under Western Eyes* situate it somewhere between ideology critique and a mystified account of the exigencies of individual consciousness

Kim, 2012-09-14 This book studies literary epiphany as a modality of character in the British and American novel Epiphany presents a significant alternative to traditional models of linking the eye the mind and subject formation an alternative that consistently attracts the language of spirituality even in anti-supernatural texts This book analyzes how these epiphanies become spiritual and how both character and narrative shape themselves like constellations around such moments This study begins with James Joyce inventor of literary epiphany and Martin Heidegger who used the ancient Greek concepts behind *epiphaneia* to re-define the concept of Being Kim then offers readings of novels by Susan Warner George Eliot Edith Wharton Virginia Woolf and William Faulkner each addressing a different form of epiphany Anatomy of Satire Gilbert Highet, 2015-03-08 Literary satire assumes three main forms monologue parody and narrative some fictional some dramatic This book by Gilbert Highet is a study of these forms their meaning their variation their powers Its scope is the range of satirical literature from ancient Greece to modern America from Aristophanes to Ionesco from the parodists of Homer to the parodists of Eisenhower It shows how satire originated in Greece and Rome what its initial purposes and methods were and how it revived in the Renaissance to continue into our own era Contents Preface I Introduction II Diatribe III Parody IV The Distorting Mirror V Conclusion Notes Brief

Luisa Bombal Celeste Kostopulos-Cooperman,1988 This volume contains an examination of what are described as the most poetic examples of Chilean prose written in the 20th century By adopting Ralph Freedman s conceptual definition of lyrical narrative and using it as her point of departure Professor Kostopolos Cooperman argues that the protean and magical nature of Bombal s lyrical prose transcends the causal temporal and spatial movement that characterizes conventional fiction In her view Bombal s work is rather a narrative that arises in the poetic imagination of a narrator who creates a tapestry of expanding musical and pictorial patterns frequently reflecting the inner lives of her protagonists alienated heroines who withdraw into an illusory world of dreams fantasies and idealized realities where the conflict between self and other is rendered through a suggestive and contemplative network of subjective associations Mrs Dalloway Mark
