Revolutionary Lives in South Asia Kama Maclean,J. David Elam,2016-02-05 The term revolutionary is used liberally in histories of Indian anticolonialism but scarcely defined Implicitly understood it functions as a signpost or a badge generously conferred in hagiographies loosely invoked in historiography and strategically deployed in contemporary political contests It is timely then to ask the question Who counts as a revolutionary in South Asia How can we read the revolutionary in Indian political formations And what does it really mean to be revolutionary in turbulent late colonial times This volume takes a biographical approach to the question by examining the life stories of a series of activists some well known who all defined themselves in explicitly revolutionary terms in the early twentieth century Shyamaji Krishnavarma V D Savarkar M K Gandhi Bhagat Singh Jawaharlal Nehru J P Narayan and Hansraj Vohra The authors interrogate the subversive lives of these figures tracing their polyglot influences and transnational impacts to map out the discursive travels of the revolutionary in Indian historical and literary worlds from the early 1900s and to indicate its reverberations in the politics of the present This book was published as a special issue of Postcolonial Studies Anti-Colonialism and the Crises of Interwar Fascism Michael Ortiz,2023-01-12 What is fascism Is it an anomaly in the history of modern Europe Or its culmination In Anti Colonialism and the Crises of Interwar Fascism Michael Ortiz makes the case that fascism should be understood in part as an imperial

phenomenon He contends that the Age of Appeasement 1935 1939 was not a titanic clash between rival socio political systems fascism and democracy but rather an imperial contest between satisfied and unsatisfied empires Historians have long debated the extent to which Western imperialisms served as ideological and intellectual precursors to European fascisms To date this scholarship has largely employed an inside out methodology that examines the imperial discourses that pushed fascist regimes outward into Africa Asia and the Americas While effective such approaches tend to ignore the ways in which these places and their inhabitants understood European fascisms Addressing this imbalance Anti Colonialism adopts an outside in approach that analyses fascist expansion from the perspective of Indian anti colonialists such as Jawaharlal Nehru Subhas Bose and Mohandas Gandhi Seen from India the crises of Interwar fascism the Second Italo Ethiopian War Spanish Civil War Second Sino Japanese War Munich Agreement and the outbreak of the Second World War were yet another eruption of imperial expansion analogous although not identical to the Scramble for Africa and the Treaty of Versailles Whether fascist democratic or imperialist Europe s great powers collectively negotiated the fate of smaller nations

Marxist Humanism and Communication Theory Christian Fuchs, 2021-03-16 This book outlines and contributes to the foundations of Marxist humanist communication theory It analyses the role of communication in capitalist society Engaging with the works of critical thinkers such as Erich Fromm E P Thompson Raymond Williams Henri Lefebvre Georg Lukacs Lucien Goldmann G nther Anders M N Roy Angela Davis C L R James Rosa Luxemburg Eve Mitchell and Cedric J Robinson the book provides readings of works that inform our understanding of how to critically theorise communication in society The topics covered include the relationship of capitalism racism and patriarchy communication and alienation the base superstructure problem the question of how one should best define communication the political economy of communication ideology critique the connection of communication and struggles for alternatives Written for a broad audience of students and scholars interested in contemporary critical theory this book will be useful for courses in media and communication studies cultural studies Internet research sociology philosophy political science and economics This is the first of five Communication and Society volumes each one outlining a particular aspect of the foundations of a critical theory of communication in society

In the Cause of Freedom Minkah Makalani, 2011-11-28 In this intellectual history Minkah Makalani reveals how early twentieth century black radicals organized an international movement centered on ending racial oppression colonialism class exploitation and global white supremacy Focused primarily on two organizations the Harlem based African Blood Brotherhood whose

members became the first black Communists in the United States and the International African Service Bureau the major black anticolonial group in 1930s London In the Cause of Freedom examines the ideas initiatives and networks of interwar black radicals as well as how they communicated across continents Through a detailed analysis of black radical periodicals and extensive research in U S English Dutch and Soviet archives Makalani explores how black radicals thought about race understood the ties between African diasporic Asian and international workers struggles theorized the connections between colonialism and racial oppression and confronted the limitations of international leftist organizations Considering black radicals of Harlem and London together for the first time In the Cause of Freedom reorients the story of blacks and Communism from questions of autonomy and the Kremlin s reach to show the emergence of radical black internationalism separate from and independent of the white Left

The Formation of the Solar System M. M. Woolfson, 2007 This book traces the development of ideas about the origin of the Solar System from ancient times to the present day A survey of more modern ideas covering the last 200 years or so highlights the difficulties experienced by theories and also points the way towards the development of a more successful theory In particular the current standard model the Solar Nebula Theory is examined and discussed in some detail After more than thirty years of development this theory has still not settled down into an agreed form as it experiences both theoretical difficulties and problems with reconciling new observations By contrast the Capture Theory developed over the last forty years by the author and supported by recent observations provides a complete description of the formation of the Solar System including an evolutionary hypothesis that explains the detailed structure of the system Written in an informative yet accessible manner this book will appeal to both specialist and non specialist readers alike

Roads to Freedom Mushirul Hasan, 2016-06-30 In its most brutal form the prison in British India was an instrument of the colonial state for instilling fear and dealing with resistance Exploring the lived experience of select political prisoners this volume presents their struggles and situates them against the backdrop of the freedom movement From Mohamed Ali Maulana Abdul Kalam Azad the Nehru family and Gandhi to communists like M N Roy we get a vivid glimpse of their lives within the confines of the prison in a narrative that is at times deeply personal and yet political The struggles of some remarkable women of the time are also brought to the fore be it the feisty doctor Rashid Jahan Aruna Ali Vijaya Lakshmi Pandit or Sarojini Naidu Extensively researched the volume draws upon the records at the National Archives of India private papers creative writings of the prisoners newspapers memoirs biographies and autobiographies The volume also brings to light the differences between Indian and European prisons during the colonial period and the conception of criminal classes in the colony Capturing the sharp pangs of loneliness the poetry born out of solitude and the burning desire for independence Roads to Freedom breathes new life into accounts and tales long forgotten
