Board of Elections, 1903 **The Life of Isamu Noguchi** Masayo Duus, 2006-11-05 Isamu Noguchi born in Los Angeles as the illegitimate son of an American mother and a Japanese poet father was one of the most prolific yet enigmatic figures in the history of twentieth century American art Throughout his life Noguchi 1904 1988 grappled with the ambiguity of his identity as an artist caught up in two cultures His personal struggles as well as his many personal triumphs are vividly chronicled in *The Life of Isamu Noguchi* the first full length biography of this remarkable artist Published in connection with the centennial of the artist's birth the book draws on Noguchi's letters his reminiscences and interviews with his friends and colleagues to cast new light on his youth his creativity and his relationships During his sixty year career there was hardly a genre that Noguchi failed to explore He produced more than 2 500 works of sculpture designed furniture lamps and stage sets created dramatic public gardens all over the world and pioneered the development of environmental art After studying in Paris where he befriended Alexander Calder and worked as an assistant to Constantin Brancusi he became an ardent advocate for abstract sculpture Noguchi's private life was no less passionate than his artistic career The book describes his romances with many women among them the dancer Ruth Page the painter Frida Kahlo and the writer Anaïs Nin Despite his fame Noguchi always felt himself an outsider With my double nationality and my double upbringing where was my home he once wrote Where were my affections Where my identity Never entirely comfortable in the New York art world he inevitably returned to his father's homeland where he had spent a troubled childhood This prize winning biography first published in Japanese traces Isamu Noguchi's lifelong journey across these artistic and cultural borders in search of his personal identity

Listening to Stone Hayden Herrera, 2015-04-21 Throughout the twentieth century Isamu Noguchi was a vital figure in modern art From interlocking wooden sculptures to massive steel monuments to the elegant Akari lamps Noguchi became a master of what he called the sculpturing of space But his constant struggle as both an artist and a man was to embrace his conflicted identity as the son of a single American woman and a famous yet reclusive Japanese father It's only in art he insisted that it was ever possible for me to find any identity at all In this remarkable biography of the elusive artist Hayden Herrera observes this driving force of Noguchi's creativity as intimately tied to his deep appreciation of nature As a boy in Japan Noguchi would collect wild azaleas and blue mountain flowers for a little garden in front of his home As Herrera writes

he also included a rock to give a feeling of weight and permanence It was a sensual appreciation he never abandoned When looking for stones in remote Japanese quarries for his zen like Paris garden forty years later he would spend hours actually listening to the stones scrambling from one to another until he found one that spoke to him Constantly striving to take the essence of nature and distill it Noguchi moved from sculpture to furniture and from playgrounds to sets for his friend the choreographer Martha Graham and back again working in wood iron clay steel aluminum and of course stone Throughout his career Noguchi traveled constantly from New York to Paris to India to Japan forever uprooting himself to reinvigorate what he called the keen edge of originality Wherever he went his needy disposition and boyish charm drew women to him yet he tended to push them away when things began to feel too settled Only through his art now seen as a powerful aesthetic link between the East and the West did Noguchi ever seem to feel that he belonged Combining the personal correspondence of and interviews with Noguchi and those closest to him from artists patrons assistants and lovers Herrera has created an authoritative biography of one of the twentieth century s most important sculptors She locates Noguchi in his friendships with such artists as Buckminster Fuller and Arshile Gorky and in his affairs with women including Frida Kahlo and Anna Matta Clark With the attention to detail and scholarship that made her biography of Gorky a finalist for the Pulitzer Prize Herrera has written a rich meditation on art in a globalized milieu Listening to Stone is a moving portrait of an artist compulsively driven to reinvent himself as he searched for his own essence of sculpture
