The Magical Man of Mirth Elbridge H. Sabin, 1910 Modernism Vassiliki Kolocotroni, Jane Goldman, Olga Taxidou, 1998 This anthology provides a guide to the Modernist movement in literature Covering intellectual concerns of the period 1850 1940 it draws on contemporary essays reviews articles and manifestos of the political and aesthetic avant garde 00002 dong benxigu, 2024-12-08 This horrible imagination has accompanied me through countless tossing and turning nights like an evil spirit 00001 , 2024-12-16 This horrible imagination has accompanied me through countless tossing and turning nights like an evil spirit **The Ever-Present Origin** Jean Gebser, 2020-08-25 This English translation of Gebser's major work *Ursprung und Gegenwart* Stuttgart Deutsche Verlag 1966 offers certain fundamental insights which should be beneficial to any sensitive scientist and makes it available to the English speaking world for the recognition it deserves The path which led Gebser to his new and universal perception of the world is briefly as follows In the wake of materialism and social change man had been described in the early years of our century as the dead end of nature Freud had redefined culture as illness a result of drive sublimation Klages had called the spirit and he was surely speaking of the hypertrophied intellect the adversary of the soul propounding a return to a life like that of the Pelasgi the aboriginal inhabitants of Greece and Spengler had declared the Demise of the West during the years following World War I The consequences of such pessimism continued to proliferate long after its foundations had been superseded It was with these foundations the natural sciences that Gebser began As early as Planck it was known that matter was not at all what materialists had believed it to be and since 1943 Gebser has repeatedly emphasized that the so called crisis of Western culture was in fact an essential restructuration Gebser has noted two results that are of particular significance first the abandonment of materialistic determinism of a one sided mechanistic causal mode of thought and second a manifest urgency of attempts to discover a universal way of observing things and to overcome the inner division of contemporary man who as a result of his one sided rational orientation thinks only in dualisms Against this background of recent discoveries and conclusions in the natural sciences Gebser discerned the

outlines of a potential human universality He also sensed the necessity to go beyond the confines of this first treatise so as to include the humanities such as political economics and sociology as well as the arts in a discussion along similar lines This was the point of departure of *The Ever Present Origin From In memoriam Jean Gebser* by Jean Keckeis **Stone Hearts** Fayne Hennesey,2008 **Forbidden Land** William Sarabande,1989-08-01 The spellbinding epic adventure of a time when mankind took its first steps and the icy wilds claimed the earth Breathtaking vivid unforgettable here is the third volume of the panoramic new series *The First Americans* which began with *Beyond The Sea Of Ice* and continued with *Corridor Of Storms* In this untamed prehistoric time the great hunter Torka has led a group of survivors across a frozen sea Now he is their proud headman a leader who defies the old ways For this the will of the tribe turns against him and he must act quickly to save his children from those who would see them killed Together with his family and a small band of faithful followers Torka and his wife Lonit strike out a dangerous journey to an unknown land feared by all men the forbidden land With supreme courage they will struggle against its savagery its strange creatures and ancient mystical beliefs to build a future worthy of a noble people worthy of Americans *Love Is a Mix Tape* Rob Sheffield,2007-01-02 The happiest saddest sweetest book about rock n roll that I ve ever experienced Chuck Klosterman Mix tapes We all have our favorites Stick one into a deck press play and you re instantly transported to another time in your life For Rob Sheffield that time was one of miraculous love and unbearable grief A time that spanned seven years it started when he met the girl of his dreams and ended when he watched her die in his arms Using the listings of fifteen of his favorite mix tapes Rob shows that the power of music to build a bridge between people is stronger than death You ll read these words perhaps surprisingly with joy in your heart and a song in your head the one that comes to mind when you think of the love of your life Praise for *Love is a Mixtape* A memoir that manages no small feat to be funny and beautifully forlorn at the same time *The New York Times Book Review* Humorous heartbreaking and heroic *Entertainment Weekly* The finest lines ever written about rock n roll Like that song on the radio every word of Rob s book is true *Love is a mix tape Rolling Stone* Many of us use pop culture as a mirror of our emotional lives but Sheffield happily walks right through the looking glass *Los Angeles Times* Sheffield writes with such aching remembering you feel like you are invading his privacy and it s the truth of those details that make this memoir so touching *Newsweek* **You Fit the Pattern** Jane Haseldine,2020-01-28 Crime writer Julia Gooden has just completed the most important story of her life a book about her beloved brother s childhood abduction and how she found his killer after thirty years But that hasn t taken her focus off her day job especially with what looks to be a serial killer terrorizing the city Female runners are being snatched off jogging trails then slaughtered in abandoned churches As Julia begins investigating with help from Detective Raymond Navarro she realizes just how personal this case has become The murders planned and executed with uncanny precision are of women who share traits with Julia Now he s contacting her directly insisting things will get much worse unless Julia makes him famous through her writing But no matter how skillfully she plays along her

True to the Spirit Colin MacCabe, Kathleen Murray, Rick Warner, 2011-01-26 Fifty percent of Hollywood productions each year are adaptations films that use an already published book dramatic work or comic as their source material If the original is well known then for most spectators the question of whether these adaptations are true to the spirit of the original is central The recent wave of adaptation studies dismisses the question of fidelity as irrelevant mistaken or an affront to the unstable nature of meaning itself The essays gathered here mixing the field's top authorities Andrew Gunning Jameson Mulvey and Naremore with fresh new voices take the question of correspondence between source and adaptation as seriously as do producers and audiences Spanning examples from Shakespeare to *Ghost World* and addressing such notable directors as Welles Kubrick Hawks Tarkovsky and Ophuls the contributors write against the grain of recent adaption studies by investigating the question of what fidelity might mean in its broadest and truest sense what it might reveal of the adaptive process and why it is still one of the richest veins of investigation in the study of cinema
