

# The Young Major Washington

# Major Washington

**George Washington**

## **Major Washington:**

*Major Washington* Michael Kilian, 2015-08-25 A historical novel about the Seven Years War a conflict that shaped a young George Washington decades before the American Revolution On May 28 1754 the colonial militia surrounded a party of French Canadian soldiers With 15 minutes of rifle fire the colonists slaughtered the French then allowed Indian guides to take the corpses scalps Observing this grisly scene was a towering young major named George Washington In the aftermath of the Battle of Jumonville Glen Washington retreated to Fort Necessity where he was soon forced to surrender signing a document claiming responsibility for the assassination of French troops The result would be the Seven Years War the greatest international conflict the globe had ever seen It would also be the making of a statesman In this rousing historical novel Michael Kilian reconstructs the events in Washington's life that led to that pivotal day at Jumonville Glen and molded the man who would create a country

**The Life of Washington** Mason Locke Weems, 1996-03-05 Weems's *Life of Washington* was one of the first great bestsellers in American literature Washington you know is gone wrote Mason Locke Weems to Philadelphia publisher Mathew Carey and millions are gaping to read something about him In responding to this market Weems played an essential role in fabricating the image of Washington that has since dominated the American historical imagination and which in its time secured everlasting fame for the father of our country This edition includes an introduction by Peter S Onuf and documents from Washington's career that provide valuable insight into the construction of American national identity and that throw a provocative light on the mythmaking in which Weems engaged in writing one of the most enduring biographies in American folklore

**The Home of Washington and Its Associations, Historical, Biographical, and Pictorial. New Edition [of "Mount Vernon and Its Associations"], Revised, with Additions.**

**Illustrated ... Chiefly from Original Drawings by the Author, Etc** Benson John LOSSING, 1866 [George Washington in the Ohio Valley](#) Hugh Cleland, 2010-11-23 This book chronicles Washington's excursions to the Ohio Valley frontier as a soldier and private citizen Through newspaper accounts letters and the journals of Washington and his contemporaries we learn much about the man's leadership qualities military skills his honor and integrity and how his life was shaped by his journeys that spanned nearly half a century to what was then known as the Western Country [Marlborough's America](#)

Stephen Saunders Webb, 2012-01-08 Scholars of British America generally conclude that the early eighteenth century Anglo American empire was commercial in economics liberal in politics and parochial in policy somnambulant in an era of salutary neglect but Stephen Saunders Webb here demonstrates that the American provinces under the spur of war became capitalist coercive and aggressive owing to the vigorous leadership of career army officers trained and nominated to American government by the captain general of the allied armies the first duke of Marlborough and that his influence and that of his legates prevailed through the entire century in America Webb's work follows the duke whom an eloquent enemy described as the greatest statesman and the greatest general that this country or any other country has produced his staff and soldiers

through the ten campaigns which by defanging France made the union with Scotland possible and made Great Britain preeminent in the Atlantic world Then Webb demonstrates that the duke s legates transformed American colonies into provinces of empire Marlborough s America fifty years in the making is the fourth volume of The Governors General **The Writings of George Washington: Life of Washington** George Washington,1839 The Army & Navy Official Gazette ,1865 *Memoirs of the Reign of King George the Second* Horace Walpole,1847 **THE HEART OF WASHINGTON** Wayne Whipple,1916 **Daily Stories of Pennsylvania** Frederic Antes Godcharles,1924 **A First Book in American History** Edward Eggleston,2024-11-24 IN preparing a first book of American history it is necessary to keep in mind the two purposed such a work is required to serve There are children whose school life is brief these must get all the instruction they are to receive in their country s history from a book of the grade of this To another class of pupils the first book of American history is a preparation for the intelligent study of a textbook more advanced It is a manifest waste of time and energy to require these to learn in a lower class the facts that must be re studied in a higher grade Moreover primary histories which follow the order of larger books are likely to prove dry and unsatisfactory condensations But a beginner s book ought before all things else to be interesting A fact received with the attention raised to its highest power remains fixed in the memory that which is learned listlessly is lost easily and a lifelong aversion to history is often the main result produced by the use of an unsuitable textbook at the outset The main peculiarity of the present book is that it aims to teach children the history of the country by making them acquainted with some of the most illustrious actors in it A child is interested above all in persons Biography is for him the natural door into history The order of events in a nation s life is somewhat above the reach of younger pupils but the course of human life and the personal achievements of an individual are intelligible and delightful In teaching younger pupils by means of biography which is the very alphabet of history we are following a sound principle often forgotten that primary education should be pursued along the line of the least resistance Moreover nothing is more important to the young American than an acquaintance with the careers of the great men of his country **A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Latter Half of the Nineteenth Century** Samuel Austin Allibone,1871 **House documents** ,1884 **The First of Men** John E. Ferling,2010-02-04 Written by John Ferling one of America s leading historians of the Revolutionary era The First of Men offers an illuminating portrait of George Washington s life with emphasis on his military and political career Here is a riveting account that captures Washington in all his complexity recounting not only Washington s familiar sterling qualities courage industry ability to make difficult decisions ceaseless striving for self improvement love of his family and loyalty to friends but also his less well known character flaws Indeed as Ferling shows Washington had to overcome many negative traits as he matured into a leader The young Washington was accused of ingratitude and certain of his letters from this period read as if they were written by a pompous martinet and a whining petulant brat As commander in chief of the

Continental Army he lost his temper more than once and indulged flatterers Aaron Burr found him a boring colorless person As president he often believed the worst about individual officials Ferling concludes that Washington s personality and temperament were those of a self centered and self absorbed man one who since youth had exhibited a fragile self esteem And yet he managed to realize virtually every grand design he ever conceived Ferling s Washington is driven fired by ambition envy and dreams of fame and fortune Yet his leadership and character galvanized the American Revolution probably no one else could have kept the war going until the master stroke at Yorktown and helped the fledgling nation take and survive its first unsteady steps This superb paperback makes available once again an unflinchingly honest and compelling biography of the father of our country

**The Property of the Nation** Matthew R. Costello,2021-12-03 George Washington was an affluent slave owner who believed that republicanism and social hierarchy were vital to the young country s survival And yet he remains largely free of the elitist label affixed to his contemporaries as Washington evolved in public memory during the nineteenth century into a man of the common people the father of democracy This memory we learn in *The Property of the Nation* was a deliberately constructed image shaped and reshaped over time generally in service of one cause or another Matthew R Costello traces this process through the story of Washington s tomb whose history and popularity reflect the building of a memory of America s first president of by and for the American people Washington s resting place at his beloved Mount Vernon estate was at times as contested as his iconic image and in Costello s telling the many attempts to move the first president s bodily remains offer greater insight to the issue of memory and hero worship in early America While describing the efforts of politicians business owners artists and storytellers to define influence and profit from the memory of Washington at Mount Vernon this book s main focus is the memory making process that took place among American citizens As public access to the tomb increased over time more and more ordinary Americans were drawn to Mount Vernon and their participation in this nationalistic ritual helped further democratize Washington in the popular imagination Shifting our attention from official days of commemoration and publicly orchestrated events to spontaneous visits by citizens Costello s book clearly demonstrates in compelling detail how the memory of George Washington slowly but surely became *The Property of the Nation*

A Critical Dictionary of English Literature, and British and American Authors, Living and Deceased, from the Earliest Accounts to the Middle of the Nineteenth Century Samuel Austin Allibone,1871

**A Calendar of Washington Manuscripts in the Library of Congress** Library of Congress. Manuscript Division,1901

**Our Country** Benson John Lossing,1875

A Virginia Cavalier Molly Elliot Seawell,2024-09-11 Welcome to the captivating world of A Virginia Cavalier by Molly Elliot Seawell where honor adventure and love unfold against the backdrop of Civil War era Virginia Join Molly Elliot Seawell a masterful storyteller as she takes you on a journey through the life of a young Virginia cavalier Colonel Fairfax as he navigates the tumultuous events of the Civil War From the ballrooms of Richmond to the battlefields of Virginia Fairfax s loyalty to his family his land and his beliefs is tested in the face of war and love Through vivid

historical detail and rich character development Seawell paints a compelling portrait of a proud Southern gentleman caught in the midst of conflicting loyalties and deep seated passions Her narrative explores themes of honor sacrifice and the enduring power of love amidst the chaos of war With its blend of romance adventure and historical realism A Virginia Cavalier transports readers to a time of chivalry and upheaval Seawell s evocative prose and deep understanding of the Southern psyche bring to life the struggles and triumphs of a proud people fighting for their way of life Since its publication A Virginia Cavalier has captivated readers with its engaging storyline and Seawell s ability to capture the spirit of the Old South Her nuanced portrayal of Virginia s cavalier spirit and the challenges faced by its people during the Civil War resonates with readers who enjoy historical fiction with a touch of romance As you immerse yourself in Fairfax s journey you ll experience the courage and determination of a man torn between love and duty honor and survival Seawell s vivid descriptions and compelling narrative ensure that this novel is both a captivating adventure and a poignant exploration of the human spirit Don t miss your chance to experience the captivating world of A Virginia Cavalier by Molly Elliot Seawell Let Seawell s evocative storytelling and deep understanding of Southern history transport you to a time of bravery passion and resilience Grab your copy now and discover why Seawell remains a beloved author of historical fiction **George**

**Washington and the West** Charles H. Ambler, 2018-08-25 Few books about George Washington treat exclusively his western interests and activities As these interests were extensive and admittedly determining factors in his career as a soldier the present volume offers a much needed picture of this phase of Washington s life The author offers substantial evidence to refute the charges that Washington s interests were predominantly selfish because of his large holdings in the West and calls to mind that in statesmanship Washington is seen at his best in his efforts to unite the East and West Originally published in 1936 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
