Brain Hacks For Traders Harvey Walsh,2015-10-30

Your brain is your biggest barrier to success in the markets. It doesn't have to be this way. Discover ingenious techniques to overcome fear, greed, and the cognitive biases that are sapping your profit potential. Trading should be easy, but sometimes our brains make it tough. It's not our fault; evolution has hard-wired human beings to fail in the markets. Fear, greed, and other destructive emotions harass us into making poor decisions. Most trading teachers will tell you to run your winners and cut your losses early and banish fear and greed if you want to succeed. Great advice, but let's face it: it's about as useful as saying if you want to quit smoking, stop putting cigarettes in your mouth. If only it was that easy. Anyone who trades knows it can be hard to take a loss or to run a winner. That's because your brain is actively working against you when you trade. Fear and greed are two of its biggest weapons, and it won't hesitate to deploy them against your best efforts to turn a profit. But what would happen if, instead of hampering your trading, your fear and greed worked for you? What if you could harness their power and energy and use them for good? Trading would become stress-free, and bigger profits would follow. In this groundbreaking new book, Harvey Walsh goes further than ever before in deconstructing the evolutionary developments and learned behaviours that have programmed us for failure in the markets. Armed with that information, he has developed a series of brain hacks—simple yet powerful tricks and techniques anyone can use to turn around their built-in disadvantages and use them to supercharge their trading. Here's just some of what you'll discover when you read *Brain Hacks For Traders*: How to make your trading stress-free by subverting your fear engine. Ingenious brain hacks to boost your performance and profit by commandeering your inbuilt cognitive biases and heuristics. How to harness the awesome power of addiction and have it improve every single trade you take. A simple but smart tactic that will trick your mind into revealing what's really on a chart. What a racing driver's pants can teach us about human fallibility and how that same weakness can become our saviour. How to slay the monsters that haunt every trader and build an impenetrable shield against self-doubt. The one document every trader needs to improve their entry selection exponentially. What cheat heuristics are, why they're good for you, and how to use them ethically. How trading less can mean you make more money. Five different ways to beat the boredom and keep yourself focussed. You can't profit from a trade you missed, so make sure you don't miss any. *Brain Hacks For Traders* is perfect for traders working in any market and any time frame. Scalpers, day traders, and swing traders will all benefit. The techniques in the book apply to any instrument too, be it stocks, futures, forex, options, or commodities. Give yourself an edge, hack your brain, and take your trading and your profits to the next level. Because trading needn't be tough.

[The Forever Home](#) Mikel Welch, 2025-10-14 This stunning, easy-to-follow design book shows homeowners and renters how to maximize their budget and create a space that is functional, timeless, and uniquely their own. From the co-host of Netflix's *Hack My Home* and in-house design expert on *The Drew Barrymore Show*, we often hear the term "forever home" and think of an imaginary place we want to live in for the rest of our lives, where we've splurged on fantastical details to pass down through generations. However, a forever home can be any space, whether a house or an apartment, where you put down roots, make

lasting memories and feel completely at ease If you've ever felt overwhelmed by what color to paint your walls or which wall coverings to buy Mikel Welch takes the stress out of decorating walking you through approachable design principles to help you create a home you can love for as long as you want At every step realistic budgeting is front of mind as Mikel shows when it makes sense to splurge and how else you can save through the art of illusion AKA making things look expensive without spending a lot of money With forewords by Drew Barrymore and Shea McGee of Studio McGee as well as photographs of stunning spaces and graphics to illustrate design concepts The Forever Home walks you through how to make informed decisions on decorating details You'll learn Mikel's point of view on determining the proper rug size for a room developing a cohesive color palette shopping for pieces that will last a lifetime and more Whether you're a first time homeowner a short stay dweller or have already found your forever home this book is your one stop resource for classic timeless design
