added challenges of creating partnerships with families of children struggling with literacy development are even more difficult. Often teachers and families find themselves on opposite sides facing similar challenges looking for a way to connect. Families of children struggling to acquire literacy skills are often faced with many challenges other families never experience. For teachers trying to reach out to these families and form partnerships is equally challenging. Bridges enable connections to be made between people and ideas and allow passage from one side to another. This book describes five principles to guide teachers in working with families of struggling readers. With examples from the field, tools to put into practice and extensive resources lists, teachers will expand their understanding of family engagement.
