Costume, Makeup, and Hair Adrienne L. McLean, 2016-10-07 Movie buffs and film scholars alike often overlook the importance of makeup artists hair stylists and costumers With precious few but notable exceptions creative workers in these fields have received little public recognition even when their artistry goes on to inspire worldwide fashion trends From the acclaimed Behind the Silver Screen series Costume Makeup and Hair charts the development of these three crafts in the American film industry from the 1890s to the present Each chapter examines a different era in film history revealing how the arts of cinematic costume makeup and hair have continually adapted to new conditions making the transitions from stage to screen from monochrome to color and from analog to digital Together the book s contributors give us a remarkable glimpse into how these crafts foster creative collaboration and improvisation often fashioning striking looks and ingenious effects out of limited materials Costume Makeup and Hair not only considers these crafts in relation to a wide range of film genres from sci fi spectacles to period dramas but also examines the role they have played in the larger marketplace for fashion and beauty products Drawing on rare archival materials and lavish color illustrations this volume provides readers with both a groundbreaking history of film industry labor and an appreciation of cinematic costume makeup and hairstyling as distinct art forms

Anecdotal Shakespeare Paul Menzer,2015-10-22 Shakespeare s four hundred year performance history is full of anecdotes ribald trivial frequently funny sometimes disturbing and always but loosely allegiant to fact Such anecdotes are nevertheless a vital index to the ways that Shakespeare s plays have generated meaning across varied times and in varied places Furthermore particular plays have produced particular anecdotes stories of a real skull in Hamlet superstitions about the name Macbeth toga troubles in Julius Caesar and therefore express something embedded in the plays they attend Anecdotes constitute then not just a vital component of a play s performance history but a form of vernacular criticism by the personnel most intimately involved in their production actors These anecdotes are therefore every bit as responsive to and expressive of a play s meanings across time as the equally rich history of Shakespearean criticism or indeed the very performances these anecdotes treat Anecdotal Shakespeare provides a history of post Renaissance Shakespeare and performance one not based in fact but no less full of truth

Almost White Rick Najera, 2013-09-16 In *Almost White* award winning writer actor director comedian playwright and producer Rick Najera explores what it means to be a Latino against the ever changing backdrop of his life as a Hollywood creative A bona fide chameleon this L A based everyman is Mexican hyphen American or as he wryly puts it almost white Recognized twice as one of the 100 Most Influential Hispanics by Hispanic Business Magazine Najera has worked with and mentored some of the biggest stars in Hollywood including Cheech Marin Jimmy Smits Mario Lopez Sofia Vergara and many more His funny sad and sometimes dark memoir tells his story of breaking into mainstream Hollywood what it takes to struggle against typecasting and how to challenge the pessimistic narrative that Latinos can only be disenfranchised victims in America Driven by a satirical stream of consciousness Najera's journey exposes universal lessons from confronting the limits we place on our imaginations to the need to take ownership of our stories instead of being mere performers in another's distorted vision and the necessity of rising every day to press forward no matter what In the end says Najera perhaps it will be the power of the people and art not politicians and politics that will redefine the Latino American dream

When Race Trumps Merit Heather Mac Donald, 2023-04-18 Does your workplace have too few black people in top jobs It's racist Does the advanced math and science high school in your city have too many Asians It's racist Does your local museum employ too many white women It's racist too After the Black Lives Matter protests of 2020 prestigious American institutions from the medical profession to the fine arts pleaded guilty to systemic racism How else explain why blacks are overrepresented in prisons and underrepresented in C suites and faculty lounges their leaders asked The official answer for those disparities is disparate impact a once obscure legal theory that is now transforming our world Any traditional standard of behavior or achievement that impedes exact racial proportionality in any enterprise is now presumed racist Medical school admissions tests expectations of scientific accomplishment in the award of research grants the enforcement of the criminal law all are under assault because they have a disparate impact on underrepresented minorities When *Race Trumps Merit* provides an alternative explanation for those racial disparities It is large academic skills gaps that cause the lack of proportional

representation in our most meritocratic organizations and large differences in criminal offending that account for the racially disproportionate prison population The need for such a corrective argument could not be more urgent Federal science agencies now treat researchers skin color as a scientific qualification Museums and orchestras choose which art and music to promote based on race Police officers avoid making arrests and prosecutors decline to bring charges to avoid disparate impact on minority criminals When Race Trumps Merit breaks powerful taboos But it is driven by a sense of alarm supported by detailed case studies of how disparate impact thinking is jeopardizing scientific progress destroying public order and poisoning the appreciation of art and culture As long as alleged racism remains the only allowable explanation for racial differences we will continue tearing down excellence and putting lives as well as civilizational achievement at risk
