important than our relationships at work in life and with self How connected we feel to others is a strong predictor of our  
happiness and our feelings of self worth Our deeply connected relationships can ultimately give us true meaning and purpose

But if we're feeling disconnected alone and segregated from those around us how can we become more connected? Why does it seem so easy for some to create deep connections while it's hard for others? In Sheila Stabile's book *Connection: You Build, Strengthen and Profit by Making Connections in Work, Life and Self* she shares insights in 45 stories that will open your eyes about the importance of connections with others. By identifying and developing your ability to create, build and maintain connections at work, in life and with self you can live a rich and rewarding life. *Connection* will help you build connections that will reward you for the rest of your life.
