Making Decisions In Groups Choices Consequences:

Making Decisions in Groups Dennis S. Gouran, 1990 **Handbook of Communication and Social Interaction Skills** John O. Greene, Brant Raney Burleson, 2003 A comprehensive handbook covering social interaction skills skill acquisition in the context of personal professional and public stages For scholars students in interpersonal group family health communication

The Handbook for Working with Difficult Groups Sandy Schuman, 2010-03-18 WE VE ALL EXPERIENCED the challenges associated with working with groups but The Handbook for Working with Difficult Groups turns the idea of difficult groups on its head Rather than view groups as inherently difficult it looks at the factors that make working with groups difficult Individual chapters focus on challenges such as involving dissenters building external perspectives reducing complaining adapting to cultural differences incorporating diversity facilitating inclusion working virtually resolving identity based conflict transforming unproductive behavior patterns preventing workplace harassment and strengthening accountability The book first provides a framework for thinking systemically about the many and varied ways in which working with a group can be difficult Building on that framework the contributors each address three basic issues How the group is difficult a description of a real group and the observable phenomena that reflect the group s difficulty Why the group is difficult an exploration of the underlying causes of the difficulty What you can do about it what you can do as a group facilitator leader or member to help the group

The IAF Handbook of Group Facilitation Sandy Schuman, 2005-03-14 Sponsored by the International Association of Facilitators The IAF Handbook of Group Facilitation offers the need to know basics in the field brought together by fifty leading practitioners and scholars This indispensable resource includes successful strategies and methods foundations and resources for anyone who works with groups The IAF Handbook of Group Facilitation provides an overview of the field for new and aspiring practitioners and a reliable reference for experienced group facilitators including chapters on Creating positive ongoing client relationships Building trust and improving communications Facilitating group brainstorming sessions Drawing out the best in people Developing a collaborative environment Designing and facilitating dialogue Managing conflicting agendas Working with multicultural groups Using improvisation Understanding virtual meetings Facilitating team start up Assessing group decision processes Building expertise in facilitation Reviewing core facilitation competencies Modeling positive professional attitudes

Working Effectively with Administrative Groups Ronald W. Toseland, Paul H. Ephross, 1987 Two leaders in the field of social work with groups address the need for more knowledge about the collective processes and practices centered around the task of work objectives In this important book the editors have assembled a rich collection of articles on work with administrative groups Contributors demonstrate how groups in the workplace particularly those in social welfare agencies can be facilitated in achieving objectives by the professional approach of the skilled group worker Concepts are presented for analyzing the group processes and group dynamics found in administrative groups The practical skills needed

for serving as effective leaders and members of administrative groups are discussed as well as qualitative and quantitative approaches for examining the efficacy of administrative group meetings

The Fundamentals of Small Group Communication Scott A. Myers, Carolyn M. Anderson, 2008-01-17 From the Publisher With a focus on the individual group member The Fundamentals of Small Group Communication encourages readers to reflect on how their communication behaviors and practices contribute to their current small group experiences In this easy to read text authors Scott A Myers and Carolyn M Anderson introduce students to the fundamental issues faced by all small groups such as socialization development ethics and diversity and the procedures utilized by effective small groups The book is organized around three overarching themes characteristics of small group communication and the individual group member the group task and group member relationships Each chapter opens with a case study and includes an Ethically Speaking box that allows readers to reflect on how ethics is central to the small group communication process It is intended for undergraduate courses that introduce students to the basic fundamentals of small group communication

National Choices and International Processes Zeev Maoz, 1990-06-29 National Choices and International Processes will be of interest to students and specialists in foreign policy and international relations theory

Overcoming Cognitive Biases in Strategic Management and Decision Making Siniksaran, Enis, 2024-02-12 The persistent presence of cognitive biases has influenced rational decisions and strategic management since the 1970s These prejudiced errors in judgment often systematic and predictable breach the foundational assumptions of economic theory leading to dire consequences such as social inequality financial collapse and governmental inefficiency Even the brightest minds are not immune making it crucial to address these biases head on *Overcoming Cognitive Biases in Strategic Management and Decision Making* unravels the complex tapestry of biases that infiltrate decision making processes at all levels From social injustice biases and reasoning errors to action inaction and social biases the book confronts the myriad of ways that biases manifest in critical moments These pose a significant threat to sound decision making in various fields impacting professionals ranging from judges and doctors to public officials The repercussions of unchecked biases are far reaching leading to flawed outcomes that echo through society The urgent need for a strategic response to mitigate these biases and enhance decision making processes forms the crux of the problem this book seeks to address

Handbook of Evidence-Based Treatment Manuals for Children and Adolescents Craig W. LeCroy, 2008-04-18 With the advance of evidence based practice has come the publication of numerous dense volumes reviewing the theoretical and empirical components of child and adolescent treatment There are also a variety of detailed treatment manuals that describe the step by step procedures to guide ongoing research and practice The second edition of Craig Winston LeCroy s *Handbook of Evidence Based Child and Adolescent Treatment Manuals* is a forceful combination of the two approaches as he gathers fifteen varied treatment manuals and brief summaries of the research supporting each to ensure that practitioners will truly understand how to implement the treatments they are using A completely revised and

expanded edition of the handbook's first edition this is an essential guide to some of the best programs for helping children and teens. Each chapter begins with an explanatory section that discusses the theoretical and empirical underpinnings of the programs. The treatment manual follows leading readers through sessions with specific details about conducting the treatment that have been refined and improved through extensive testing and research. Organized into three sections: the major clinical disorders, social problems confronting children and teens, and preventive interventions, the Handbook brings together some of the most esteemed researcher-practitioners in the child and adolescent field. The book presents an impressive variety of innovative treatment programs and techniques including the SiHLE program intended to prevent problems confronting children and teens and preventive interventions. The Handbook brings together some of the most esteemed researcher-practitioners in the child and adolescent field. The book presents an impressive variety of innovative treatment programs and techniques including the SiHLE program intended to prevent HIV through education and self-esteem building, the Children of Divorce Intervention Program, a therapy for younger children stressing resilience and skill building, and Strengths Oriented Family Therapy which reaches out to substance-involved adolescents and their families. The Handbook of Evidence-Based Child and Adolescent Treatment Manuals is an indispensable reference for researchers, graduate students, and practitioners working with children and adolescents in a multitude of settings from schools and juvenile correction centers to group homes and family service agencies. **James M. Buchanan** Richard E.

Wagner, 2019-02-15 A fine collection of essays exploring and in many cases extending Jim Buchanan's many contributions and insights to economic, political, and social theory. Bruce Caldwell, Professor of Economics, Duke University, USA. The overwhelming impression the reader gets from this very fine collection is the extraordinary expanse of James Buchanan's work. Everyone interested in economics and related fields can profit mightily from this book. Mario Rizzo, Professor of Economics, New York University, USA. This book explores the academic contribution of James Buchanan, who received the Nobel Prize for economics in 1986. Buchanan's receipt of the Prize is noteworthy because he was a maverick within the economics profession. In contrast to the preponderance of economists, Buchanan made little use of mathematics and no use of econometrics, preferring to use logic and language to insert his ideas into the scholarly community. Moreover, his ideas extended the domain of economic inquiry along many paths that numerous economists subsequently pursued. Buchanan's scholarship brought economics and political science together under the rubric of public choice. He was also a prime figure in bringing economic theory into closer contact with moral and social philosophy. This volume includes essays distributed across the extensive domain of Buchanan's scholarly contributions, reflecting the range of his scholarly interests. Chapters will examine Buchanan's scholarly work on public finance, social insurance, public debt, public choice, economic methodology, constitutional political economy, law and economics, and ethics and social theory. The book also examines Buchanan in relation to other prominent economists, both from the distant past and the recent past. **Handbook of**

Cognitive-Behavior Group Therapy with Children and Adolescents Ray W. Christner, Jessica L. Stewart, Christy A. Mulligan, 2024-06-17 Now in its second edition the Handbook of Cognitive Behavior Group Therapy with Children and Adolescents offers a review of cognitive behavior therapy fundamentals evidence based group interventions and practical guidelines for group psychotherapy This extensive guide presents innovative and evidence based treatments for the challenges faced by today's youth Each chapter covers areas such as assessment case conceptualization group selection cultural considerations protective factors and detailed strategies and treatment protocols for use in clinical practice This handbook combines theoretical foundations with practical application highlighting the authors personal experiences through case studies and therapeutic vignettes This book is an invaluable reference for professionals providing therapeutic intervention to children and adolescents
