## **Making Home In Havana:**

*Making Home in Havana* Cecelia Elisabeth Burke Lawless, 2002 Havana is a city that rarely fails to captivate. But much of the unique beauty and culture of this historic city is rapidly disappearing. As Cuban society finds itself at a crossroads, Havana is more than ever a city on the edge, for although frozen in time as a consequence of Fidel Castro's revolution, it has certainly not been well preserved. Time, climate, and neglect have eroded a rare architectural legacy, making the need to document this heritage even more pressing than ever before. *Making Home in Havana* is an elegant book of photographs and testimonies recording, questioning, and evoking the meaning of place, in particular the meaning of home. The combination of fine photography and the words of residents of former palaces, humble apartments, and other dwellings offer us an irresistible portrait of Havana that might otherwise be lost forever. Vincenzo Pietropaolo and Cecelia Lawless have made numerous visits to Havana in order to fully understand and convey the essence of what home means to the inhabitants of the dwellings of the El Vedado and Centro Habana neighborhoods. Together they and we explore how a building becomes a home through its human history as well as its architectural features. With some renovation already underway in colonial Havana, they concentrate on largely unexplored and unrecognized sections that continue to fall into ruin. The intimacy of their connection with the buildings and people offers us a rare combination of documentary realism and high art. Buildings and people speak their histories to us in classic humanistic style. Residents of Havana tell their stories of lifelong efforts to turn decay into beauty, while the photographer's evocative pictures enable us to feel exactly what they are talking about: a creation of time and space called home.

**Havana Beyond the Ruins** Anke Birkenmaier, Esther Whitfield, 2011-08-10 Looks at portrayals of Havana in literature, music, and the visual arts in the post-Soviet era as the city is reinvented as a destination for international tourists and business ventures.

*The Pride of Havana* Roberto Gonzalez Echevarria, 2001-05-24 From the first amateur leagues of the 1860s to the exploits of Liván and Orlando El Duque Hernández, here is the definitive history of baseball in Cuba. Roberto Gonzalez Echevarria expertly traces the arc of the game, intertwining its heroes and their stories with the politics, music, dance, and literature of the Cuban people. What emerges is more than a story of balls and strikes, but a richly detailed history of Cuba told from the unique cultural perch of the baseball diamond. Filling a void created by Cuba's rejection of bullfighting and Spanish hegemony, baseball quickly became a crucial stitch in the complex social fabric of the island. By the early 1940s, Cuba had become a major conduit in spreading the game throughout Latin America and a proving ground for some of the greatest talent in all of baseball, where white major leaguers and Negro League players from the U.S. all competed on the same fields with the cream of Latin talent. Indeed, readers will be introduced to several black ballplayers of Afro-Cuban descent who played in the Major Leagues before Jackie Robinson broke the color barrier, once and for all. Often dramatic and always culturally resonant, Gonzalez Echevarria's narrative expertly lays open the paradox of fierce Cuban independence from the U.S. with Cuba's love for our national pastime. It shows how Fidel Castro cannily associated himself

with the sport for patriotic pride and reveals that his supposed baseball talent is purely mythical Based on extensive primary research and a wealth of interviews the colorful often dramatic anecdotes and stories in this distinguished book comprise the most comprehensive history of Cuban baseball yet published and ultimately adds a vital lost chapter to the history of baseball in the U S      *Making the World Safe for Tourism* Patricia Goldstone,2001-01-01 A study of the social and political impacts of tourism It explores how and why tourism aligned itself with political power how it became embedded within non tourist institutions like the World Bank and how since World War II it has become an instrument of international development policy
