Known in some circles as King Prawn, Iqbal arrived in England at the age of fifteen having fled with his mother and siblings from the war that was then raging in his native Bangladesh. Upon arrival, he joined his father's business at a corner shop in Oldham but soon his eye for innovation saw an opportunity which would alter his life for ever. Ahmed made his fortune in importing ocean tiger prawns to the UK from his home country to the great benefit of many people along the way. While his achievements have not gone unnoticed, in 2001 he was appointed OBE for his services to international trade. Little is known about the man behind the money and how he rose from rags to riches. In *King Prawn*, Ahmed reveals his astonishing life story and shows that success certainly hasn't made him idle, detailing the numerous charities which he has worked for over the years. Iqbal Ahmed's indomitable spirit is undoubtedly an inspiration to all who hear of it. Making It Happen Asad Alam, Renosi Mokate, Kathrin A. Plangemann, 2016-04-18 South Africa has achieved a lot on its path of socio-economic transformation since the end of Apartheid in 1994. While many challenges remain to foster inclusive growth to address the triple challenges of unemployment, poverty and inequality, some innovative approaches have been used to build more inclusive public institutions. These have helped to expand service delivery, strengthen quality and improve the lives of millions of South Africans. Although much is known about the motivation and nature of the policies and institutional changes that drove this transformation, very little is known of the manner in which they were executed. With this book *Making It Happen: From Policies to Implementation*, we offer a selection of twelve case studies to illustrate how policies and institutions were developed and implemented to improve specific public services. Done through interviews with senior policy makers, the book captures the how-to of executing these policies in a variety of areas including increasing budget transparency, developing an intergovernmental fiscal system, strengthening tax administration, developing a modern performance monitoring and evaluation system, expanding HIV/AIDS treatment, reforming the social transfer system.
