## **Making It Whole A Victorian Circle And The Shape Of Their World:**

Making It Whole Diana Postlethwaite, **The Philosophy of Herbert Spencer** Michael Taylor, 2010-07-15 Herbert Spencer 1820 1903 is remembered today only as an alleged Social Darwinist who applied the theory of the survival of the fittest to society Yet he was among the most influential and widely read philosophers of the nineteenth century There were few Victorian thinkers and scientists who did not know his work and who did not formulate their own positions partly in reaction to his Michael Taylor s book provides the only detailed and reliable modern survey of the whole corpus of Spencer s thought Taylor introduces a Spencer very different to his posthumous reputation not primarily a political philosopher but the architect of a comprehensive philosophical system that aimed to demonstrate the inevitability of human perfection through universal natural laws He also locates the Synthetic Philosophy firmly in its place and time by showing how it developed out of the concerns of a group of like minded British writers and thinkers during the 1850s This book will be of interest to historians of philosophy and of science to social scientists to scholars and students of nineteenth century literature and to anyone who wishes to understand one of most important figures in Victorian intellectual life *The Cambridge Companion to George Eliot* George Levine, 2001-05-10 This volume of essays is comprehensively scholarly and lucidly written and at the same time offers original insights into the work of one of the most important Victorian novelists and into her complex and often scandalous career **From Author to Text** Caroline Levine, Mark W Turner, 2019-06-04 First published in 1998 this volume proposes to shift the critical emphasis from a canonical author to her uncanonical text from George Eliot to her novel *Romola* and contends that this choice both broadens the range of interpretive possibilities and brings them into sharper focus The editors invited a variety of critics to put their different critical models to work on *Romola* and the results are fertile and suggestive among the issues explored here are the domestic politics of marriage the relationship between narrative and epistemology the materiality of the text the novel s relation to nineteenth century narratives of martyrdom and the gendering of space Such theoretical eclecticism when focused on a common reference point necessarily opens out into a dialogue among critical and interpretive models Theory throws light onto *Romola* just as *Romola* throws light onto theory **George Eliot and Herbert Spencer** Nancy L. Paxton, 2014-07-14 This analysis of the writings of two major Victorian intellectuals examines the crucial place of gender in the larger Victorian debate about nature religion and evolutionary theory Demonstrating the primacy of Herbert Spencer s influence on George Eliot s thought Nancy Paxton discloses the continuous dialogue between this profoundly learned novelist and one of the most formidable and influential scientific authorities of her time Using rarely cited first editions of Spencer s published works Paxton reveals that Eliot and Spencer initially agreed in supporting several of the goals of early Victorian feminism when they met in 1851 Paxton surveys all of Spencer s writing to show when and why he repudiated his early feminism and demonstrates Eliot s determined resistance to the most conservative tendencies of evolutionary theory in her representation of female sexuality motherhood feminist ambition and

desire In comparing Eliot's and Spencer's evolutionary reconstruction of gender the book draws on a wide variety of biographical literary and critical texts and on interdisciplinary scholarship about the relation between scientific and literary discourse in the nineteenth century By thus reassessing Eliot's contribution to feminist thought it presents a revolutionary reading of her novels which is informed by contemporary feminist criticism and the new historicism This is an important book because of the questions it raises the issues it covers and the illumination it brings to Eliot and Spencer and to crucial problems in the nineteenth century Paxton looks at the ways scientific data get turned into arguments about the nature of women in society about women and education about women and sexuality This work shows how truly current Eliot's novels are no matter what their setting Barry Qualls Rutgers University Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Harriet Martineau and the Birth of Disciplines* Valerie Sanders, Gaby Weiner, 2016-07-15 One of the foremost writers of her time Harriet Martineau established her reputation by writing a hugely successful series of fictional tales on political economy whose wide readership included the young Queen Victoria She went on to write fiction and nonfiction books articles and pamphlets popular travel books and more insightful analyses Martineau wrote in the middle decades of the nineteenth century at a time when new disciplines and areas of knowledge were being established Bringing together scholars of literature history economics and sociology this volume demonstrates the scope of Martineau's writing and its importance to nineteenth century politics and culture Reflecting Martineau's prodigious achievements the essays explore her influence on the emerging fields of sociology history education science economics childhood the status of women disability studies journalism travel writing life writing and letter writing As a woman contesting Victorian patriarchal relations Martineau was controversial in her own lifetime and has still not received the recognition that is due her This wide ranging collection confirms her place as one of the leading intellectuals cultural theorists and commentators of the nineteenth century *The Poet's Mind* Gregory Tate, 2012-11-08 *The Poet's Mind* is a major study of how Victorian poets thought and wrote about the human mind It argues that Victorian poets inheriting from their Romantic forerunners the belief that subjective thoughts and feelings were the most important materials for poetry used their writing both to give expression to mental processes and to scrutinise and analyse those processes In this volume Gregory Tate considers why and how psychological analysis became an increasingly important element of poetic theory and practice in the mid nineteenth century a time when the discipline of psychology was emerging alongside the growing recognition that the workings of the mind might be understood using the analytical methods of science The writings of Victorian poets often show an awareness of this psychology but at the same

time the language and tone of their psychological verse and especially their ambivalent use of terms such as brain mind and soul voice an unresolved tension felt throughout Victorian culture between scientific theories of psychology and metaphysical or religious accounts of selfhood The Poet's Mind considers the poetry of Browning Tennyson Arnold Clough and George Eliot offering detailed readings of several major Victorian poems and presenting new evidence of their authors' interest in contemporary psychological theory Ranging across lyric verse epic poetry and the dramatic monologue the book explores the ways in which poetry simultaneously drew on resisted and contributed to the spread of scientific theories of mind in Victorian Britain

Literature in a Time of Migration Josephine McDonagh, 2021-05-13 Literature in a Time of Migration offers a profound rethinking of British fiction in light of the new practices of human mobility that reshaped the nineteenth century world Building on the growing critical engagement with globalization in literary studies it confronts the paradox that at a time when transnational human movement occurred globally on an unprecedented scale British fiction appeared to turn inward to tell stories of local places that valorized stability and rootedness In contrast this book reveals how literary works from the end of the Napoleonic Wars to the advent of the New Imperialism were active components of a culture of colonization and emigration Fictional texts as print commodities were enmeshed in technologies of transport and communication and innovations in literary form were spurred by the conditions and consequences of human movement Examining works by Scott Charlotte Bront Dickens and George Eliot as well as popular contemporaries Mary Russell Mitford John Galt and Thomas Martin Wheeler this volume demonstrates how literary texts overlap with an agenda set in public discussions of colonial emigration that they also helped to shape Debates about assisted emigration forced and free migration colonization settlement and the removal of native peoples figure in fictions in complex ways Read alongside writings by emigration theorists practitioners and enthusiasts for colonization fictional texts reveal a powerful and sustained engagement with British migratory practices and their worldwide consequences Literature in a Time of Migration is a timely reminder of the place and importance of migration within British cultural heritage

The Oxford Handbook of American and British Women Philosophers in the Nineteenth Century Lydia Moland, John D and Catherine T MacArthur Professor of Philosophy Lydia Moland, Alison Stone, 2025 The Oxford Handbook of American and British Women Philosophers in the Nineteenth Century challenges the misconception that there were no female philosophers during this era It explores the diverse philosophical contributions of women including those who wrote academic texts novels pamphlets journalism and activist writings and examines women's contributions to both philosophical movements and topics in social philosophy It reveals that the nineteenth century was more conducive to women authors than commonly believed and discusses how factors like race and class influenced women's philosophical perspectives The Handbook corrects the historical narrative and broadens our understanding of philosophy by showcasing the significant contributions of women philosophers

*Literary Bric-à-Brac and the Victorians* Jen Harrison, 2016-05-06 What are we to make of the Victorians' fascination with collecting What effect did

their encounters with the curious exotic and downright odd have on Victorian writers and their works The essays in this collection take up these questions by examining the phenomenon of bric brac in Victorian literature The contributors to Literary Bric Brac and the Victorians From Commodities to Oddities explore sites of unusual concurrence including museums the home art galleries private collections and the way in which bric brac brought the alien into everyday settings the past into the present and the wild into the domestic Focusing on the representation of material culture in Victorian literature the essays in this volume seek out miscellaneous and incongruous objects that take readers beyond the commonplace paradigms associated with commodity culture Individual chapters analyse the work of writers as different as Edward Lear and John Henry Newman Robert Browning and George Eliot Charles Dickens and Lewis Carroll In so doing they shed light on a dizzying array of topics and objects that include class and capitalism the occult and the sacraments Darwinism and dandyism umbrellas textiles the Philosopher s Stone and even the household nail

Women Philosophers in Nineteenth-Century Britain Alison Stone, 2023 Many women wrote philosophy in nineteenth century Britain and they wrote across the full range of philosophical topics Yet these important women thinkers have been left out of the philosophical canon and many of them are barely known today The aim of this book is to put them back on the map It introduces twelve women philosophers Mary Shepherd Harriet Martineau Ada Lovelace George Eliot Frances Power Cobbe Helena Blavatsky Julia Wedgwood Victoria Welby Arabella Buckley Annie Besant Vernon Lee and Constance Naden Alison Stone looks at their views on naturalism philosophy of mind evolution morality and religion and progress in history She shows how these women interacted and developed their philosophical views in conversation with one another not only with their male contemporaries The rich print and periodical culture of the period enabled these women to publish philosophy in forms accessible to a general readership despite the restrictions women faced such as having limited or no access to university education Stone explains how these women became excluded from the history of philosophy because there was a cultural shift at the end of the nineteenth century towards specialised forms of philosophical writing which depended on academic credentials that were still largely unavailable to women

**The Routledge Research Companion to Nineteenth-Century British Literature and Science** John Holmes, Sharon Ruston, 2017-05-18 Tracing the continuities and trends in the complex relationship between literature and science in the long nineteenth century this companion provides scholars with a comprehensive authoritative and up to date foundation for research in this field In intellectual material and social terms the transformation undergone by Western culture over the period was unprecedented Many of these changes were grounded in the growth of science Yet science was not a cultural monolith then any more than it is now and its development was shaped by competing world views To cover the full range of literary engagements with science in the nineteenth century this companion consists of twenty seven chapters by experts in the field which explore crucial social and intellectual contexts for the interactions between literature and science how science affected different genres of writing and the importance of individual scientific disciplines

and concepts within literary culture Each chapter has its own extensive bibliography The volume as a whole is rounded out with a synoptic introduction by the editors and an afterword by the eminent historian of nineteenth century science Bernard Lightman

**Science Talk** Daniel Patrick Thurs, 2007-07-24 Science news is met by the public with a mixture of fascination and disengagement On the one hand Americans are inflamed by topics ranging from the question of whether or not Pluto is a planet to the ethics of stem cell research But the complexity of scientific research can also be confusing and overwhelming causing many to divert their attentions elsewhere and leave science to the experts Whether they follow science news closely or not Americans take for granted that discoveries in the sciences are occurring constantly Few however stop to consider how these advances and the debates they sometimes lead to contribute to the changing definition of the term science itself Going beyond the issue centered debates Daniel Patrick Thurs examines what these controversies say about how we understand science now and in the future Drawing on his analysis of magazines newspapers journals and other forms of public discourse Thurs describes how science originally used as a synonym for general knowledge became a term to distinguish particular subjects as elite forms of study accessible only to the highly educated

*The Woman and the Hour* Caroline Roberts, 2002-01-01 Roberts situates Martineau's controversial writing in its historical context and presents a sophisticated scholarly analysis of their predominantly hostile reception

*The Arnoldian*, 1986 **George Eliot** Josephine McDonagh, 1997 Drawing not only on her works of fiction but also on her poetry letters and critical works Josephine McDonagh investigates the ways in which Eliot's works both participate in and criticise Englishness

*The Mill on the Floss and Silas Marner* Nahem Yousaf, Andrew Maunder, 2017-03-08 This New Casebook explores the enduring significance of George Eliot's novels *The Mill on the Floss* 1860 and *Silas Marner* 1861 Eliot's radical cultural politics and the arrestingly original fictional strategies that characterise two of her most popular novels are explored from a variety of perspectives feminist historicist structuralist and psychoanalytic

*The Blackwell Companion to Major Classical Social Theorists* George Ritzer, 2008-04-15 *The Blackwell Companion to Major Classical Social Theorists* provides a comprehensive review of classical social theory Containing original essays especially commissioned for this volume leading experts and practitioners examine the life and work of 12 major theorists Includes 12 original essays by leading scholars on major classical social theorists Covers the key figures who shaped social theory such as Marx Weber and Durkheim as well as additional classical theorists such as Harriet Martineau and W E B Du Bois Essays include biographical sketches the social and intellectual context and the impact of the thinker's work on social theory generally Includes bibliographies of the theorist's most important works as well as key secondary works Can be used in conjunction with *The Blackwell Companion to Major Contemporary Social Theorists* edited by George Ritzer for a complete reference source in social theory

*The Ethical Vision of George Eliot* Thomas Albrecht, 2020-01-22 *The Ethical Vision of George Eliot* is one of the first monographs devoted entirely to the ethical thought of George Eliot a profoundly significant influential figure not only in nineteenth century English and European

literature nineteenth century women s writing the history of the novel and Victorian intellectual culture but also in the field of literary ethics Ethics are a predominant theme in Eliot s fictional and non fictional writings Her ethical insights and ideas are a defining element of her greatness as an artist and novelist Through meticulous close readings of Eliot s fiction essays and letters *The Ethical Vision of George Eliot* presents an original complex definition of her ethical vision as she developed it over the course of her career It examines major novels like *Adam Bede* *Middlemarch* and *Daniel Deronda* many of Eliot s most significant essays and devotes two entire chapters to Eliot s final book *Impressions of Theophrastus* Such an idiosyncratic collection of character sketches that Eliot scholars have heretofore generally overlooked or ignored *The Ethical Vision of George Eliot* demonstrates that Eliot defined her ethical vision alternately in terms of revealing and strengthening a fundamental human communion that links us to other persons however different and remote from ourselves and in terms of recognizing and respecting the otherness of other persons and of the universe more generally from ourselves Over the course of her career Eliot increasingly transitions from the former towards the latter imperative but she also considerably complicates her conception of otherness and of what it means to be ethically responsible to it

**George Eliot's Intellectual Life** Avrom Fleishman, 2010-02-18 It is well known that George Eliot s intelligence and her wide knowledge of literature history philosophy and religion shaped her fiction but until now no study has followed the development of her thinking through her whole career This intellectual biography traces the course of that development from her initial Christian culture through her loss of faith and working out of a humanistic and cautiously progressive world view to the thought provoking achievements of her novels It focuses on her responses to her reading in her essays reviews and letters as well as in the historical pictures of *Romola* the political implications of *Felix Holt* the comprehensive view of English society in *Middlemarch* and the visionary account of personal inspiration in *Daniel Deronda* This portrait of a major Victorian intellectual is an important addition to our understanding of Eliot s mind and works as well as of her place in nineteenth century British culture

## Reviewing **Making It Whole A Victorian Circle And The Shape Of Their World**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Making It Whole A Victorian Circle And The Shape Of Their World**," an enthralling opus penned by a highly acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

### **Making It Whole A Victorian Circle And The Shape Of Their World Introduction**

Making It Whole A Victorian Circle And The Shape Of Their World Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Making It Whole A Victorian Circle And The Shape Of Their World Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Making It Whole A Victorian Circle And The Shape Of Their World : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Making It Whole A Victorian Circle And The Shape Of Their World : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Making It Whole A Victorian Circle And The Shape Of Their World Offers a diverse range of free eBooks across various genres. Making It Whole A Victorian Circle And The Shape Of Their World Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Making It Whole A Victorian Circle And The Shape Of Their World Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Making It Whole A Victorian Circle And The Shape Of Their World, especially related to Making It Whole A Victorian Circle And The Shape Of Their World, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Making It Whole A Victorian Circle And The Shape Of Their World, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Making It Whole A Victorian Circle And The Shape Of Their World books or magazines might include. Look for these in online stores or libraries. Remember that while Making It Whole A Victorian Circle And The Shape Of Their World, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries

have digital catalogs where you can borrow Making It Whole A Victorian Circle And The Shape Of Their World eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Making It Whole A Victorian Circle And The Shape Of Their World full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Making It Whole A Victorian Circle And The Shape Of Their World eBooks, including some popular titles.

### **FAQs About Making It Whole A Victorian Circle And The Shape Of Their World Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Making It Whole A Victorian Circle And The Shape Of Their World is one of the best book in our library for free trial. We provide copy of Making It Whole A Victorian Circle And The Shape Of Their World in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Making It Whole A Victorian Circle And The Shape Of Their World. Where to download Making It Whole A Victorian Circle And The Shape Of Their World online for free? Are you looking for Making It Whole A Victorian Circle And The Shape Of Their World PDF? This is definitely going to save you time and cash in something you should think about.
