come to terms with the leader laggards dynamics in environmental policy making It will be a prime resource for anyone concerned with environmental policy making and law particularly within the EU as well as those interested in environmental and political geography European Environmental Policy Mikael Skou Andersen,Duncan Liefferink,1997 This major new literary study offers a fresh view of the significance of the famous group of fourteenth century poems Pearl Cleanness Patience and Sir Gawain and the Green Knight It is a comprehensive study which puts the poems themselves firmly at its centre though it is always alert to relevant aspects of their literary and cultural context John Anderson builds his discussions of the poems ideas on an examination of the anonymous poet s superb Shakespeare like language He finds that the great fourteenth century struggle between religious and secular forces for control of men s minds underlies all the poems This title is the first in the new Manchester Medieval Literature series which makes readability a priority Accordingly despite its wide range of reference and the radicalism of some of its leading ideas this book is written in a jargon free style designed to appeal to specialist non specialist and student readers alike Greening Society P.J. Driessen,P. Glasbergen,2013-04-17 This book can be regarded as a monograph on the debates and developments in Dutch environmental policy It has been written with a specific perspective in mind First and foremost the line of approach we have taken was from a multidisciplinary social science point of view The trend in environmental policy is looked at from the angle of sociology policy studies and political science Secondly all analyses depart from the paradigm shift concept This particular paradigm shift is based on the fact that a radical change has taken shape over the years in the way environmental issues are handled Previously environmental policy had always been characterised by is top down approach in which government determined the actual objectives of policy and assumed that it could win over business non governmental organisations and citizens to act in line with those objectives There was also a great deal of faith in the technical solutions to environmental issues Today s environmental policy is based on a totally different philosophy Environmental objectives are now reached in association with business non governmental organisations and citizens These actors are also involved in bringing environmental policy into practice In other words the implementation of policy has a more interactive nature New relationships emerge between government the market and civil society and policy discourses also become integrated The environmental interest is more often weighed against the economic interests the spatial development and against social justice **British Environmental Policy and Europe** Philip Lowe,Stephen Ward,2005-08-10 Explores the effectiveness of British organisations and groups in the environmental field in responding to the challenge of European integration New Environmental Policy Instruments in the European Union Ian Bailey,2017-07-05 The use of legislation by EU governments to define environmental standards for industry has been criticised for its poor track record in arresting the decline in the quality of Europe s environment Environmental economists in particular have proposed that legislation should be supplemented or replaced by New Environmental Policy Instruments NEPIs such as eco taxes environmental charges tradable permits and voluntary

agreements This book focuses on practical experiences with NEPIs in the EU and tests their application using the case study of the Packaging and Packaging Waste Directive It traces the ways in which member states have adapted NEPIs to suit their preferred styles of environmental policy then assesses their performance and how NEPIs have both assisted and hindered the EU environmental programme It suggests options for ensuring that the environmental programme does not become

fragmented by the use of NEPIs and discusses the implications of EU enlargement **Politics, Products, and Markets**
