Making Of The Messiah Christianity And Resentment:

The Making of the Messiah Robert Sheaffer, 1991 Looking at the evolution of Christian writings and doctrines exactly as skeptics investigate contemporary accounts of UFO abductions or psychic wonders Sheaffer shows how early Christian writers altered historical facts to make the new religion sell to potential converts What emerges is a scheme of deliberate distortion and deceit that could grace a mystery novel leaving in its wake a trail of highly suspicious and incriminating evidence

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

The Resurrection of Jesus Michael R Licona, 2020-05-21 The question of the historicity of Jesus resurrection has been repeatedly probed investigated and debated And the results have varied widely Perhaps some now regard this issue as the burned over district of New Testament scholarship Could there be any new and promising approach to this problem Yes answers Michael Licona And he convincingly points us to a significant deficiency in approaching this question our historiographical orientation and practice So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles This alone is a valuable contribution But then Licona carefully applies his principles and methods to the question of Jesus resurrection In addition to determining and working from the most reliable sources and bedrock historical evidence Licona critically weighs other prominent hypotheses His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus the Christ Any future approaches to dealing with this prize puzzle of New Testament study will need to be routed through *The Resurrection of Jesus* **Ayn**

Rand Cult Jeff Walker, 2012-03-30 Despised by the intellectual establishment Ayn Rand continues to attract many thousands of devoted followers Her Objectivist movement preaches an uncompromising hard line on politics art sex and psychological health Though much has been written about Rand *The Ayn Rand Cult* is the first book to explain the true origin of her ideas

and to show how they were shaped into a new atheistic religion Jeff Walker shatters many myths about Rand exposing Objectivism as a classic cult unusual because of its overt emphasis on self interest rationality and atheism but typical of cults in its guru worship thought control trial and excommunication of deviants and hostility to existing society **Forthcoming Books** Rose Arny,1992 **Elenchus of Biblica (1991)** Robert North,1994 **Anti-Judaism and Early Christian Identity** Miriam S. Taylor,2022-06-08 Against the scholarly consensus that assumes early Christians were involved in a rivalry for converts with contemporary Jews this book shows that the target of patristic writers was rather a symbolic Judaism and their aim was to define theologically the young church s identity In identifying and categorizing the hypotheses put forward by modern scholars to defend their view of a Jewish Christian conflict this book demonstrates how current theories have generated faulty notions about the perceptions and motivations of ancient Christians and Jews Beyond its relevance to students of the early church this book addresses the broader question of Christian responsibility for modern anti Semitism It shows how the focus on a supposedly social rivalry obscures the depth and disquieting nature of the connections between early anti Judaism and Christian identity *An Introduction to the Critical Study and Knowledge of the Holy Scriptures* Thomas Hartwell Horne,1851 *American Bookseller* ,1991 *A Christian Theology of the Cross* Allen George,2010-07-29 A CHRISTIAN THEOLOGY OF THE CROSS presents three basic standards for discussing the subject and object God It underscores the connection between Gods approval of Abels offering and the establishment of the priesthood and names Genesis 4 7 as the foundation of the principal doctrines of Christian Salvation It stresses the importance of Christian freedom and argues that the doctrine of existentialism is rooted in Genesis 4 9b This book speaks directly to those who are spiritually hungry and thirsty for the Word of God in the twenty first century The reader will discover that the author is an analytical thinker George asserts that the ambiguities of Abels offering dont negate the concept of his priesthood He champions the belief that the doctrine of the universality of salvation is a crucial divide between Judaism and Christianity He insists that the Gospel demands that Christians renounce their hate and intolerance **Choice** ,1991 Cataloging Bulletin Hennepin County Library. Cataloging Section,1992 Christianity and Religious Plurality Wilbert R. Shenk,Richard J. Plantinga,2016-10-11 Over the past two centuries the Christian faith has spread to all continents Although more global than ever Christians are religious minorities in most societies Religious freedom is hardly universal In the past fifty years millions of people have been uprooted from their traditional homelands in Asia Africa and Latin America Some have emigrated to Western Europe and North America The West has become the scene of cultural linguistic and religious variety on a scale unimagined in 1900 Today the full range of faiths and religious practices from all continents are present in Europe and North America Christians are challenged to come to terms with this changed situation These developments have intensified religious plurality Christians all over the world are being urged to understand and engage with this new situation This volume highlights this new reality and specifies some sources for engagement not least among them the Judeo Christian
