

Theodore H. White

The Making of the President 1964

A narrative history of American politics in action

Making Of The President 1964

Theodore H. White

Making Of The President 1964:

The Making of the President, 1964 Theodore Harold White, 1965 Documents the 1964 Presidential campaign which resulted in the election of Lyndon B Johnson over Republican conservative Barry M Goldwater [The Making of the President, 1964](#) Theodore H. White, 2010-12-14 White revolutionized the art of political reporting William F Buckley A national bestseller *The Making of the President 1964* is the critically acclaimed account of the 1964 presidential campaign from the assassination of JFK though the battle for power between Lyndon B Johnson and Barry Goldwater Author Theodore H White made history with his Pulitzer Prize winning *The Making of the President* series detailed narrative histories that revolutionized the way presidential campaigns were reported Now back in print with a new foreword by fellow Pulitzer Prize winning author Jon Meacham *The Making of the President 1964* joins *The Making of the President 1960 1968 and 1972* as well as Theodore Sorensen s *Kennedy* and other classics in the burgeoning Harper Perennial Political Classics series [The making of the president, 1964, by theodore h. white](#) Theodore harold White, 1962 **The Making of the President 1960** Theodore H. White, 2009-10-14 The Pulitzer Prize winning behind the scenes account of the historic Nixon Kennedy race A fascinating story of a fascinating campaign Time This is the dramatic and groundbreaking chronicle that captured the epic clash between John F Kennedy and Richard M Nixon in the 1960 presidential election and in the process revolutionized modern political journalism Granted intimate access to all parties involved New York Times bestselling author Theodore White crafted an almost mythic story from the decisive primary battles to the history making televised debates the first of their kind Portraying both the grittiness and the grandeur of the process this classic account addresses emerging themes and trends in American politics that carry ripple effects to this day Superb vignettes If this book were merely a campaign report it could be recommended glowingly on its own terms But it is more The author sees the campaign as a milestone in the greatest reorientation of American politics since the Civil War The New York Times White a gifted journalist takes the cold ashes of a political campaign and injects such a sense of immediacy that we relive the entire race the whole pattern of the pre convention months the grueling struggle in the primaries the fight for nomination in San Francisco the fight for the platform in Chicago A perceptive analysis of the inside story of the campaign told with extraordinary objectivity Kirkus Reviews A masterpiece full of deep insights into political power in America and how our democracy works It gripped me from beginning to end as very few books have William L Shirer author of *The Rise and Fall of the Third Reich* Includes a new foreword by Robert Dallek [The Making of the President 1964](#) Theodore H. White, 1965 [The Making of the President, 1960](#) Theodore Harold White, 1988 Examines the plans and campaigns of the seven candidates in the year leading up to the presidential election of 1960 **The Making of the President, 1964** Joseph Altman, 1965 **The Making of the President** Theodore W. White, 1965 **The Making of the President 1964** Theodore H. White, 1965 *The Making of the President, 1964* Theodore H. White, 1965 Here is a complete portrait of Lyndon Johnson as President Here is the story of

how he took over the government of the United States and made it his own in his own fascinating way Here too is the anguish of the Republican Party in 1964 as Barry Goldwater Nelson Rockefeller and William W Scranton tore it apart and left it wounded and bleeding in a crisis of conscience Before the Storm Rick Perlstein,2009-03-17 Acclaimed historian Rick Perlstein chronicles the rise of the conservative movement in the liberal 1960s At the heart of the story is Barry Goldwater the renegade Republican from Arizona who loathed federal government despised liberals and mocked peaceful coexistence with the USSR Perlstein s narrative shines a light on a whole world of conservatives and their antagonists including William F Buckley Nelson Rockefeller and Bill Moyers Vividly written Before the Storm is an essential book about the 1960s **The Making of the President, 1964** Theodore Harold White,1965 **LIFE** ,1965-06-18 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use De Kennedy a Johnson Theodore Harold White,1966 *The Loneliness of the Black Republican* Leah Wright Rigueur,2014-12-28 The story of black conservatives in the Republican Party from the New Deal to Ronald Reagan Covering more than four decades of American social and political history The Loneliness of the Black Republican examines the ideas and actions of black Republican activists officials and politicians from the era of the New Deal to Ronald Reagan s presidential ascent in 1980 Their unique stories reveal African Americans fighting for an alternative economic and civil rights movement even as the Republican Party appeared increasingly hostile to that very idea Black party members attempted to influence the direction of conservatism not to destroy it but rather to expand the ideology to include black needs and interests As racial minorities in their political party and as political minorities within their community black Republicans occupied an irreconcilable position they were shunned by African American communities and subordinated by the GOP In response black Republicans vocally and at times viciously critiqued members of their race and party in an effort to shape the attitudes and public images of black citizens and the GOP And yet there was also a measure of irony to black Republicans loneliness at various points factions of the Republican Party such as the Nixon administration instituted some of the policies and programs offered by black party members What s more black Republican initiatives such as the fair housing legislation of senator Edward Brooke sometimes garnered support from outside the Republican Party especially among the black press Democratic officials and constituents of all races Moving beyond traditional liberalism and conservatism black Republicans sought to address African American racial experiences in a distinctly Republican way The Loneliness of the Black Republican provides a new understanding of the interaction between African Americans and the Republican Party and the seemingly incongruous intersection of civil rights and American conservatism The Origins of the Southern Strategy Bruce H. Kalk,2001-01-01 The Origins of the Southern Strategy is a detailed study of the rise of two party competition in South Carolina during the mid twentieth century In 1950 when the

study begins there was for all practical purposes no functioning Republican party in that state nor was there much of one anywhere in the deep South During the two decades covered by this study the interplay between two clear factions economic and racial conservatives shaped the growth of the party Bruce H Kalk amply demonstrates the implications of these developments for the rightward shift in national politics and charts their effect on the resurgence of assertive economic conservatism as a new southern base became the core of the Republican party s presidential strategies after 1968 *Guide to the Presidency and the Executive Branch* Michael Nelson,2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn *Guide to the Presidency and the Executive Branch* for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

The Statesman's Year-Book 1973-74 J. Paxton,2016-12-28 The classic reference work that provides annually updated information on the countries of the world **Educational Films** ,1973 Cowboy Conservatism Sean P.

Cunningham,2010-07-02 During the 1960s and 1970s Texas was rocked by a series of political transitions Despite its century

long heritage of solidly Democratic politics the state became a Republican stronghold virtually overnight and by 1980 it was known as Reagan Country Ultimately Republicans dominated the Texas political landscape holding all twenty seven of its elected offices and carrying former governor George W Bush to his second term as president with more than 61 percent of the Texas vote Sean P Cunningham examines the remarkable history of Republican Texas in *Cowboy Conservatism Texas and the Rise of the Modern Right* Utilizing extensive research drawn from the archives of four presidential libraries gubernatorial papers local campaign offices and oral histories Cunningham presents a compelling narrative of the most notable regional genesis of modern conservatism Spanning the decades from Kennedy's assassination to Reagan's presidency Cunningham reveals a vivid portrait of modern conservatism in one of the nation's largest and most politically powerful states The newest title in the *New Directions in Southern History* series Cunningham's *Cowboy Conservatism* demonstrates Texas's distinctive and vital contributions to the transformation of postwar American politics
