Pictures of the World Scott Steinkerchner, Peter Hunter, 2018-07-26 What is real What is the foundation of right and wrong How can we know There are many ways to answer these questions Western religious views in which humanity is part of God's creation Eastern religious views in which delusion traps humanity in a cycle of reincarnation and secular views in which humanity evolved as part of the material universe driven by nothing other than the impersonal forces of evolution Each of these views paints unique and comprehensive pictures of the world to convey their vision These pictures are as different from each other as if they were of three different lands separated from each other by patrolled borders The border between Eastern and Western religions is guarded by arguments over the nature of the divine and rational versus experiential approaches to salvation Both of these territories are separated from the land of scientific atheists who deny the existence of any supernatural reality and see the scientific method as the sole valid arbiter of truth This book presents all three views for non specialists enabling readers to enter them imaginatively It then compares these approaches on different contemporary topics This book is for anyone who wonders why people believe what they do

The Choices We Make Robert "Sinti" Maahs, 2021-08-12 Book Prisons in our country are dark places that can either transform a person into a monster or even a healer of the hurt and damaged who live behind the high walls topped with razor wire and gun towers It has been many years since I underwent my own personal transformation It was a time when I often struggled finding workshops or even materials to help me turn my life around I made myself a promise to find some way to help others holding on to hope not to struggle to find what they needed to make change happen in their own lives in the best way I could Prison life can suck the hope from your soul if you let it See a long 38 years ago I made a choice that was not only wrong but also cost a person his life unnecessarily and me the last 38 years of my own life locked away in a California prison I live with this shame and regret every day committed to being a better person worthy of redemption I was looking at life in prison and I knew I could not continue to live a life of chaos even though I lived in an environment full of chaos Something had to change It started with me I watched many in prison struggle with their own process of changing just as I had Education gave rise to a field of knowledge that helped me understand how and why we make the choices we make I wanted to reach out to the many that ask themselves this very question why do I make the choices I make In prison it is well understood that hurt people hurt others while healed people heal others I owe a debt that can never be repaid in full yet I know I must try I owe this to those whose lives I have impacted by my past choices Everyday I do what I can to make a positive impact in the lives
