Yugoslavia has illustrated once again and in particularly brutal fashion the inextricable relationship between national politics sexual politics and body politics The nexus of these three forces is highly charged in any culture at any time in history but especially so among cultures in which rapid even cataclysmic changes in material realities and national self conceptions are eroding or overwhelming previously secure boundaries The postcommunist moment in the so called Second World Central and Eastern Europe and the former Soviet Union has dramatically exposed the opportunities and dangers that arise when the political cultural and economic foundations of a society are de and then re structured Gender roles and relations expressions of sexuality or attempts to recontain them representations of the body especially the female body and the larger cultural meanings it assumes are particularly marked sites to witness the performance of complex national dramas of crisis and change This groundbreaking volume turns its attention to the Second World specifically to such subjects as the birth of the sex media and porn industry in Russia Russian women and alcoholism cinema in post communist Hungary patriotism and gender in Poland sexual dissidence in Eastern Europe and women in the former Yugoslavia go to the Genders website **Let Me Continue to Speak the Truth** Elizabeth Loentz,2007-12-01 In 1953 Freud biographer Ernest Jones revealed that the famous hysteric Anna O was really Bertha Pappenheim 1859 1936 the prolific author German Jewish feminist pioneering social worker and activist Elizabeth Loentz directs attention away from the young woman who arguably invented the talking cure and back to Pappenheim and her post Anna O achievements Her writings especially reveal her to be one of the most versatile productive influential and controversial Jewish thinkers and leaders of her time Pappenheim s oeuvre includes stories plays poems prayers travel literature letters essays speeches and aphorisms She translated Mary Wollstonecraft s Vindication of the Rights of Women as well as the Memoirs of Gluckel of Hameln and other Old Yiddish texts into German She was discussed as both writer and newsmaker in German Jewish newspapers of every religious and political affiliation and in German feminist publications As founder and leader of the League of Jewish Women in Germany and the international League of Jewish Women she was at the forefront of the campaign to combat human trafficking and forced prostitution A pioneer of modern Jewish social work she founded a home for at risk girls and unwed mothers and advocated on behalf of Jewish women children refugees and immigrants Her accomplishments are all the more remarkable because she attained them after struggling to recover from the debilitating mental illness chronicled in Freud and Breuer s Studies on Hysteria 1895 Loentz examines how Pappenheim engaged in words and deeds with the key political social and cultural issues concerning German Jewry in the early decades of the twentieth century the status of the Yiddish language Zionism the conversion epidemic responses to the plight of Eastern European Jews and Jewish spirituality Pappenheim s unique approach to each of these issues balanced allegiances to feminism the Jewish religion and German culture Loentz also explores how biographers and artists have rediscovered Pappenheim rewritten her life story and renegotiated her identity Women and Modernity in Weimar Germany Vibeke Rützou Petersen,2001-06 This book focuses on the popular fiction of Weimar Germany

and explores the relationship between women the texts they read and the society in which they lived A complex picture emerges that shows women talking center stage not only in the fiction but also in the reality that shaped its fictional representations One of the author s significant conclusions is that it was the growing strength of female subjectivity its strong positioning and its insistent claim to visibility that occupied the imaginations and fears of Weimar culture and contributed in an important way to the crisis that afflicted the Weimar Republic **Marie Cardinal** Emma Webb,2006 Papers from a conference held Jan 2003 at the University of Sheffield The Art of Recollection in Jena Romanticism Laurie Ruth Johnson,2015-02-06 This exploration of Romantic depictions of memory as a faculty of body as well as of mind analyzes representations of remembrance in Jena Romantic texts When these texts pose questions about memory s employment and depiction in art about the aestheticization of recollection they reveal serious doubt about the explanatory ability of the philosophical psychological and aesthetic discourses against which Romantic and modern thought is constructed **Ethnic Drag** Katrin Sieg,2023-06-20 The Holocaust is considered a singularly atrocious event in human history and many people have studied its causes Yet few questions have been asked about the ways in which West Germans have forgotten unlearned or reconstructed the racial beliefs at the core of the Nazi state in order to build a democratic society This study looks at ethnic drag Ethnomaskerade as one particular kind of performance that reveals how postwar Germans lived disavowed and contested Germanness in its complex racial national and sexual dimensions Using engaging case studies Ethnic Drag traces the classical and travestied traditions of Jewish impersonation from the eighteenth century onward to construct a pre history of postwar ethnic drag It examines how shortly after World War II mass culture and popular practices facilitated the repression and refashioning of Nazi racial precepts During a time when American occupation authorities insisted on remembrance and redress for the Holocaust the Wild West emerged as a displaced theater of the racial imagination where the roles of victim avenger and perpetrator of genocide were reassigned Ethnic Drag is an accessible and sophisticated critical and entertaining book that examines the phenomenon of cultural masquerade in order to examine racial feeling thought and behavior in postwar German culture Contributing to considerations of drag in postcolonial feminist and queer scholarships this book will be of interest to people in German studies theater performance ethnic studies and women s queer studies Katrin Sieg is Associate Professor Department of German and Center for German and European Studies Georgetown University Anne Duden: A Revolution of Words ,2016-09-27 Anne Duden s reputation as one of the most innovative writers of her generation established in 1982 with the experimental stories in *bergang* was confirmed in 1985 by *Das Judasschaf* a novel interweaving an individual s anguish with the cultural trauma of the German past In her acclaimed poem cycles *Steinschlag* 1993 and *Hingegend* 1999 Duden pushes the limits of language in densely metaphoric evocations of landscapes and places of political and personal remembrance mixing lament for ruined nature with grotesque comedy mystic vision with horror Duden is a distinguished practitioner of short forms Her essays display the same intense engagement with

the visual arts as informs her narrative texts Her deep interest in music is echoed in the musicality of short prose poems This volume presents for the first time a comprehensive collection of approaches to Duden s fiction poetry and essays by international scholars Topics include the ethics and aesthetics of Duden s engagement with German history her constructions of female subjectivity her criticism of western dualistic thinking with its devaluation of the body and exploitation of nature her position within a modernist tradition with roots in the Romantic Age the visual arts and poetic influences such as Hölderlin and Celan the dilemmas of translating Duden s highly individual style Three essays on Steinschlag constitute the first systematic reading of this difficult much praised cycle      **After Unity** Konrad Hugo Jarausch, 1997 In order to probe this new uncertainty and to explore the consequences of unification for German politics history and culture political scientists historians and literary scholars have come together in this volume to focus on the main issues of the current debate such as the shadow of the Nazi past the threat of xenophobia new regional tensions persistent problems of gender relations and the future shape of Europe
