Making Democracy Leadership Class Gender And Political Participation In Thailand:

Making Democracy James Ockey, 2004-08-31 Democracy in Thailand is the result of a complex interplay of traditional and foreign attitudes Although democratic institutions have been imported participation in politics is deeply rooted in Thai village society A contrasting strand of authoritarianism is present not only in the traditional culture of the royal court but also in the centralized bureaucracies and powerful armed services borrowed from the West Both attitudes have helped to shape Thai democracy's specific character This topical volume explores the importance of culture and the roles played by leadership class and gender in the making of Thai democracy James Ockey describes changing patterns of leadership at all levels of society from the cabinet to the urban middle class to the countryside and suggests that such changes are appropriate to democratic government despite the continuing manipulation of authoritarian patterns He examines the institutions of democratic government especially the political parties that link voters to the parliament Political factions and the provincial notables that lead them are given careful attention The failure to fully integrate the lower classes into the democratic system Ockey argues has been the underlying cause of many of the flaws of Thai democracy Female political leadership another imported notion is better represented in urban rather than rural areas Yet gender relations in villages were more equitable than at court Ockey suggests and these attitudes have persisted to this day Successful women politicians from a variety of backgrounds have begun to overcome stereotypes associated with female leadership although barriers remain With its wide ranging analysis of Thai politics over the last three decades **Making Democracy** is an important resource for both students and specialists

Parties and Parliaments in Southeast Asia Roland Rich, 2014-06-23 Political parties are an essential ingredient in a modern democracy They are also seen as the least trusted and most problematic institution in most democratic systems While there have been attempts to strengthen parties through institutional design and capacity building a new strategy has been to quarantine them from parts of parliament Within the space of a few years the Philippines Thailand and Indonesia implemented designs for parliamentary representation that proscribed the established political parties from a parliamentary chamber or part thereof Using these three countries as case studies this book traces the historical context for institutional designs the intentions behind them and their implementation through at least one full parliamentary term It investigates the conceptual architecture of the non partisan designs identifying corporatism as one discredited alternative and championship as another While there is a yearning for exemplary people as representatives the designers have struggled to find a successful means of having these champions elected to office The book concludes that non partisan chambers based on the evidence to date are not viable This book is of interest to scholars of Southeast Asian Politics Party Politics Governance Institutions and Democracy

societal norms the definition of success has undergone a fundamental transformation Profitability once the sole measure of achievement now shares the stage with sustainability as a critical component of business performance As we transition into Society 5.0 a hyper connected era where technology and human values converge redefining success to include sustainability becomes not just desirable but essential Sustainable Development Humanities and Social Sciences for Society 5.0 explores this paradigm shift presenting a forward thinking perspective on the intersection of technological innovation and sustainable business practices This comprehensive volume bridges the gap between emerging technologies and the imperative for businesses to thrive in a way that benefits society and the environment Through a curated collection of insights strategies and case studies the book offers a valuable resource for understanding how to achieve continuous good performance while making a positive impact in the age of Society 5.0

The Political Economy of the Agri-Food System in Thailand

Prapimphan Chiengkul, 2017-05-08 This book adopts a neo Marxist and Gramscian approach to studying the political economy of the agricultural and food system in Thailand 1990-2014 The author argues that hegemonic forces have many measures to co-opt dissent into hegemonic structures and that counter hegemony should be seen as an ongoing process over a long period of time where predominantly counter hegemonic forces constrained by political economic structural conditions may at times retain some hegemonic elements Contrary to what some academic studies suggest the author argues that localist inspired social movements in Thailand are not insular and anti globalisation

Opposing Democracy in the Digital Age

Aim Sinpeng, 2021-03-02 Opposing Democracy in the Digital Age is about why ordinary people in a democratizing state oppose democracy and how they leverage both traditional and social media to do so Aim Sinpeng focuses on the people behind popular large scale antidemocratic movements that helped bring down democracy in 2006 and 2014 in Thailand The yellow shirts PAD People's Alliance for Democracy that are the focus of the book are antidemocratic movements grown out of democratic periods in Thailand but became the catalyst for the country's democratic breakdown Why when and how supporters of these movements mobilize offline and online to bring down democracy are some of the key questions that Sinpeng answers While the book primarily uses a qualitative methodological approach it also uses several quantitative tools to analyze social media data in the later chapters This is one of few studies in the field of regime transition that focuses on antidemocratic mobilization and takes the role of social media seriously

Conjunctures and Continuities in Southeast Asian Politics Narayanan Ganesan, 2013 In their evolution of political structures and life countries often undergo significant conjunctures major events that reorder political structures and norms The examination of such conjunctures offers an important methodological framework to uncover and document changes that have significantly altered the political template of a country This collection of case studies examines the critical conjunctures that have affected the countries of Southeast Asia in recent decades Each chapter traces the antecedent conditions prior to the event describes the changes brought about by the conjuncture and details the lasting legacy

Thailand Unhinged Federico Ferrara, 2010 Thailand Unhinged Unraveling the Myth of a Thai Style Democracy offers a trenchant analysis of Thai politics and society over the tumultuous years that followed the ouster of former Prime Minister Thaksin Shinawatra Thailand's ongoing political crisis is explained through the prism of the country's painful post absolutist history a history marred by the systematic sabotage of any meaningful democratic development the routine hijacking of democratic institutions and the continued suffocation of the Thai people's democratic aspirations orchestrated by an unelected ruling class in an increasingly desperate attempt to hold on to its power The book includes scathing critiques of both Thaksin's administration as well as the military backed government that came to power in late 2008 following the week long siege of the country's busiest airports staged by the yellow shirts of the People's Alliance for Democracy The essays are written in a provocative confrontational style making Thailand Unhinged a decidedly unconventional mix of academic scholarship literary journalism and radical pamphleteering About the Author FEDERICO FERRARA PhD Harvard University works as Assistant Professor of Political Science at the National University of Singapore He will be joining the City University of Hong Kong's Department of Asian and International Studies in 2010

Routledge Handbook of Southeast Asian Democratization William Case, 2015-04-24 Southeast Asia an economically dynamic and strategically vital region seemed until recently to be transiting to more democratic politics This progress has suddenly stalled or even gone into reverse requiring that analysts seriously rethink their expectations and theorizing The Routledge Handbook of Southeast Asian Democratization provides the first book length account of the reasons for democracy's declining fortunes in the region today Combining theory and case studies it is structured in four major sections Stunted Trajectories and Unhelpful Milieus Wavering Social Forces Uncertain Institutions Country cases and democratic guises This interdisciplinary reference work addresses topics including the impact of belief systems historical records regional and global contexts civil society ethnicity women Islam and social media The performance of political institutions is also assessed and the volume offers a series of in depth case studies evaluating the country records of particular democratic hybrid and authoritarian regimes from a democratization perspective Bringing together nearly 30 key international experts in the field this cutting edge Handbook offers a comprehensive and fresh investigation into democracy in the region This timely survey will be essential reading for scholars and students of Democratization and Asian Politics as well as policymakers concerned with democracy's setbacks in Southeast Asia and the implications for the region's

citizens The Political Economy of Capital Market Reforms in Southeast Asia X. Zhang, 2011-09-13 In this book Xiaoke Zhang addresses two fundamental political and policy questions why do politicians have heterogeneous incentives to pursue public regarding policies through capital market reforms and why do they differ in their abilities to initiate and implement market reform policies decisively and resolutely **Policy Analysis in Thailand** ‘Ōra’ōn Phũčhārōēn, Ora-orn Poocharoen, Piyapong Boossabong, 2023-05-22 This book represents the first systematic overview of policy analysis in Thailand **Youth Culture and Identity in Northern Thailand** Anjalee Cohen, 2020-06-02 Youth Culture and Identity in Northern Thailand examines how young people in urban Chiang Mai construct an identity at the intersection of global capitalism state ideologies and local culture Drawing on over 15 years of ethnographic research the book explores the impact of rapid urbanisation and modernisation on contemporary Thai youth focusing on conspicuous youth subcultures drug use especially methamphetamine use and violent youth gangs Anjalee Cohen shows how young Thai people construct a specific youth identity through consumerism and symbolic boundaries in particular through enduring rural urban distinctions The suggestion is that the formation of subcultures and deviant youth practices such as drug use and violence are not necessarily forms of resistance against the dominant culture nor a pathological response to dramatic social change as typically understood in academic and public discourse Rather Cohen argues that such practices are attempts to fit in and stick out in an anonymous urban environment This volume is relevant to scholars in Thai Studies Southeast Asian Studies Anthropology Sociology Urban Studies and Development Studies particularly those with an interest in youth drugs and gangs *HIV/AIDS and the Social Consequences of Untamed Biomedicine* Graham Fordham, 2014-11-13 Drawing on the case of HIV AIDS in Thailand this book examines how anthropological and other interpretative social science research has been utilized in modeling the AIDS epidemic and in the design and implementation of interventions It argues that much social science research has been complicit with the forces that generated the epidemic and with the social control agendas of the state and that as such it has increased the weight of structural violence bearing upon the afflicted The book also questions claims of Thai AIDS control success arguing that these can only be made at the cost of excluding categories such as intravenous drug users the incarcerated and homosexuals who continue to experience extraordinarily high levels of levels of HIV infection Considered deviant and undeserving these persons have deliberately been excluded from harm reduction programs Overall this work argues for the untapped potential of anthropological research in the health field a confident anthropology rooted in ethnography and a critical reflexivity Crucially it argues that in context of interdisciplinary collaborations anthropological research must refuse relegation to the status of an adjunct discipline and must be free epistemologically and methodologically from the universalizing assumptions and practices of biomedicine From Development to Democracy Dan Slater, Joseph Wong, 2024-08-20 Why some of Asia s authoritarian regimes have democratized as they have grown richer and why others haven t Over the past century Asia has been transformed by rapid economic growth industrialization and

urbanization a spectacular record of development that has turned one of the world's poorest regions into one of its richest. Yet Asia's record of democratization has been much more uneven despite the global correlation between development and democracy. Why have some Asian countries become more democratic as they have grown richer while others, most notably China, haven't? In *From Development to Democracy*, Dan Slater and Joseph Wong offer a sweeping and original answer to this crucial question. Slater and Wong demonstrate that Asia defies the conventional expectation that authoritarian regimes concede democratization only as a last resort during times of weakness. Instead, Asian dictators have pursued democratic reforms as a proactive strategy to revitalize their power from a position of strength. Of central importance is whether authoritarians are confident of victory and stability. In Japan, South Korea, and Taiwan, these factors fostered democracy through strength, while democratic experiments in Indonesia, Thailand, and Myanmar were less successful and more reversible. At the same time, resistance to democratic reforms has proven intractable in Singapore, Malaysia, Hong Kong, China, Vietnam, and Cambodia. Reconsidering China's 1989 crackdown, Slater and Wong argue that it was the action of a regime too weak to concede, not too strong to fail, and they explain why China can allow democracy without inviting instability. The result is a comprehensive regional history that offers important new insights about when and how democratic transitions happen and what the future of Asia might be.

The United Nations at Work in Asia Roy D. Morey, 2013-12-03. The groundwork for the Asian economic miracle was established in the last 25 or so years, the time period covered in this book. China and Vietnam started substituting pragmatism for communist ideology, and Thailand started on a path toward greater democracy. The timing was perfect for an American United Nations representative to arrive in the two communist countries because for the first time both placed a premium on improving relations with the U.S. and both were moving toward a market economy. This book acquaints the reader with evolving political, economic, and social conditions in these countries and the role played by UN organizations. A chapter on the South Pacific details the challenges of providing useful development assistance in small, isolated countries. The book also reveals a hidden side of the United Nations: the role played by more than 30 UN agencies, funds, and programs in providing development and humanitarian assistance. The past two or three decades were a period of great upheaval in Asia. Enormous events and developments involving the United Nations are analyzed in the book. These include the Tiananmen Square crisis in China, 300,000 Cambodian refugees camped along the Thai border escaping the killing fields of the Khmer Rouge, efforts to rid the Golden Triangle of opium production, the sensitive diplomacy required in fostering cooperation among North Korea, South Korea, China, and Mongolia, and a firsthand account of negotiating the international agreement creating the Mekong River Commission.

Indonesia Betrayed Elizabeth Fuller Collins, 2007-07-31. Supporters of neoliberalism claim that free markets lead to economic growth, the creation of a middle class, and the establishment of democratically accountable governments. Critics point to a widening gap between rich and poor as countries compete to win foreign investment and to the effects on the poor of neoliberal programs that restrict funding for health

education and welfare This book offers a ground level view from Sumatra of the realities behind these debates during the final years of Suharto's New Order and the beginning of a transition to more democratic government The author's wealth of primary data from ten years of interviews and local newspaper reportage 1994-2004 shows how farmers and laborers were dispossessed by both government policies and crony capitalism Elizabeth Collins relates the stories of populist efforts in South Sumatra to combat development policies responsible for producing extreme poverty and allowing corruption to flourish She describes how student led NGOs worked with farmers fighting to retain their livelihoods in the lowland forests of South Sumatra She reports on a local branch of the Indonesian Environmental Forum as it battled multinational companies and Indonesian conglomerates responsible for damage to the environment on contract workers protesting exploitation by a company with ties to a Suharto crony and on systemic corruption under the New Order which spread throughout all levels of government and into civil society organizations She examines the sometimes strained relationships between Islamists and human rights activists arguing that there is no inherent contradiction between Islam and democratic politics Collins concludes that for real change to occur neoliberal capitalism must be recognized as a utopian ideology democracy imperfect as it is offers the best hope for sustainable development in Indonesia

The Future of Humanity Pavlina Radia, Sarah Fiona Winters, Laurie Kruk, 2019-08-12 What is the future of humanity What does it mean to be human in the posthuman age What responsibility does humankind have towards others and their environments How are the stories that humans tell themselves implicated in the very power asymmetries and eco political challenges that they bemoan Taking a cross disciplinary approach to the posthuman age the essays in this collection speak to the multifaceted geographies and counter geographies of humanity probing into the possible futures we face as planetary species Some of these include ecological issues generated by centuries of neglecting our environment's power asymmetries stemming from economic and cultural globalization violence and its affective politics informed by cultural ethnic and racial genocides religious disputes social inequities produced by consumerism gender normativity and the increasing impact of digital and AI artificial intelligence technology on the human body as well as historical socio political not to mention ethical relations

Owners of the Map Claudio Sopranzetti, 2018 On May 19 2010 the Royal Thai Army deployed tanks snipers and war weapons to disperse the thousands of Red Shirts protesters who had taken over the commercial center of Bangkok to demand democratic elections and an end to inequality Key to this mobilization were motorcycle taxi drivers who slowed down filtered and severed mobility in the area claiming a prominent role in national politics and ownership over the city and challenging state hegemony Four years later on May 20 2014 the same army general who directed the dispersal staged a military coup unopposed by protesters How could state power have been so fragile and open to challenge in 2010 and yet so seemingly sturdy only four years later How could protesters who had once fearlessly resisted military attacks now remain silent *Owners of the Map* provides answers to these questions central to contemporary political mobilizations around the globe through an ethnographic study of motorcycle taxi

drivers in Bangkok Claudio Sopranzetti explores the unresolved tensions in the drivers everyday lives their migration trajectories consumer desires and political demands amidst the restructuring of Thai capitalism after the 1997 economic crisis Reconstructing the entanglements between their everyday mobility and political mobilization Sopranzetti reveals mobility not just as a strength of contemporary capitalism but also as one of its fragile spots always prone to disruption by the people who sustain its channels but remain excluded from their benefits In so doing Owners of the Map advances an analysis of power that focuses not on the sturdiness of hegemony or the ubiquity of everyday resistance but on its potential fragility as well as the work needed for its maintenance

Women's Empowerment in Indonesia Sri Wiyanti

Eddyono,2018-10-26 The idea that development projects in poor countries are most effective when they harness the agency of women is a well known theme Most studies of women s agency in such projects however focus on the role of non governmental organizations in facilitating women s agency This book on the other hand based on extensive original research explores how women can effectively mobilize themselves on their own initiative The book considers poor people in informal settlements in Jakarta where government schemes for modernizing the city have often led to forced evictions The book examines different groups of women analyzes how they have challenged oppressive authority their husbands community leaders and local governments and provides detailed insights into women s attitudes and what has motivated them Overall the book provides a rich picture of women s empowerment and disempowerment

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
