Steps to a Better Life and Relationship Anthony Ekanem,2016-08-03 Everyone has a legitimate desire to have a better life Having a better life could mean different things to different people What a man considers to be a better life may be different from what a woman considers to be a better Also what a young person considers a better life would be different from what an older person considers a better life For a young person in their 20s better life could mean having many materials things car house clothes money etc which they believe would make them happy For older people a better life for them would be living their dream with lots of passion lots of laughter and love which of course brings happiness to them Not a material thing in sight Even though our definition of what a better life is can change over the years the steps we take to how we can attain that better life doesn't really change As Elbert Hubbard said a sculptor creates the beautiful statue through a process of chipping away the parts of the marble that are not needed This process of elimination is what we need to take on board as we try to eliminate those things that we do which prevent us from attaining a better life for ourselves No matter your age or gender and whatever better life means to you you can attain that legitimate desire by chipping away those parts of your life that are not needed Also if you do want to create change in your life get clear on the definition of what a better life is for YOU This will help you identify the key things that you need to STOP DOING so that you can have a better life

Sweet Addiction Laylah Seda,2008-09-10 Hey Readers I just wanted to take time and tell you about myself and my Sweet Addiction 1st Series book Just like You I started writing when I was in the sixth

grade due to an English assignment of writing a poem I realized then that I liked rhyming words and for every little thing I saw I wrote a poem As years went by my writing has grown and I started to get into subjects about friends family birthdays etc I have written three books since the sixth grade that I have in journals This last book took me seven years to write because I wrote when I felt a certain emotion I turned to poetry when I had no one to talk to I turned to poetry when I was upset I turned to poetry when I was happy and I turned to poetry when I was sad I found writing as a way to vent and then I would look back at my poems and remember the moment I always felt better after writing I am not a person to use profanity to much in person but in certain poems that s how I felt and so I wrote it instead of saying them My book has every kind of emotion in your every day life That is why it is called Just like You Everyone feels sad happy angry and in love I have had friends come up to me and I would write them dedication poems and some people wanted to borrow my journals because they can relate to the poems I didn t want to let out my only journals so I would let them read it when I was around I never thought of publishing until my uncle passed away My family is my biggest fan My cousins loved reading my poetry my uncle was my critic and said I had a talent and he loved to hear whenever I had a new poem Another big inspiration for me to publish is for my cousin that is 13 years old right now She has been a fan of mine for awhile and she is the type to hold all her emotions inside and not talk to anyone about them I showed her how I turned to poetry and how she could share them or keep them to herself and I told her secrets on how she can write without anyone knowing who she is writing about Writing poetry is now her way of letting it out Her new best friend is her journal My uncle who passed away believed in me and my cousin looks up to me and that is what brought me to publishing my book so that I can share my feelings experiences and words with my readers I hope you enjoy the first series of Sweet Addiction Just like You *Mental* Steve Ellen,Catherine Deveny,2018-11-01 How do we define mental illness What does a diagnosis mean What should you ask your doctor before you begin treatment Are there alternatives to medication What does the research show actually works Practitioner and professor of psychiatry Dr Steve Ellen and popular comedian Catherine Deveny combine forces to demystify the world of mental health Sharing their personal experiences of mental illness and an insider perspective on psychiatry they unpack the current knowledge about conditions and treatments coveing everything from depression and anxiety to schizophrenia personality disorders and substance abuse Whether you have a mental illness or support someone who does Mental offers clear practical help empowering you with an arsenal of tips and techniques to help build your resilience Trolleyology in Medicine Gabriel Andrade,2024-09-30 This book provides an overview of how the intricacies of the Trolley Problem shed light on various aspects of medical ethics It shows how trolley dilemmas have become useful to ethicists to the extent that they activate intuitions and provide guidance about what the relevant moral principle ought to be in judging specific actions Issues are covered at length such as euthanasia where it is important to determine a relevant difference between killing and letting die and abortion where it is necessary to establish if harms can be used as a means to an end While specialists in

medical ethics have argued about these topics at length few have established connections with the complexities of trolley cases The Trolley Problem has now become a staple of pop culture and yet outside philosophy few people understand its implications Consequently this book is of interest to those with a general interest in philosophy students researchers as well as those in the healthcare industry where many of the difficult moral decisions encountered are better informed by framing them around the intricacies of the Trolley Problem
