Hicks, Alice Stevenson, 2013-03-08 World Archaeology at the Pitt Rivers Museum a characterization introduces the range history and significance of the archaeological collections of the Pitt Rivers Museum Oxford **Creations Of Fire** Cathy Cobb, Harold Goldwhite, 2009-04-27 In this fascinating history Cathy Cobb and Harold Goldwhite celebrate not only chemistry's theories and breakthroughs but also the provocative times and personalities that shaped this amazing science and brought it to life Throughout the book the reader will meet the hedonists and swindlers monks and heretics and men and women laboring in garages and over kitchen sinks who expanded our understanding of the elements and discovered such new substances as plastic rubber and aspirin Creations of Fire expands our vision of the meaning of chemistry and reveals the oddballs and academics who have helped shape our world *Maya Christians and Their Churches in Sixteenth-Century Belize* Elizabeth Graham, 2020-03-17 It is widely held that Christianity came to Belize as an extension of the conquest of Yucatan and that adherence to Christian belief and practice was abandoned in the absence of enduring Spanish authority An alternative view comes from the excavations of Maya churches at Tipu and Lamanai which show that the dead were buried in Christian churchyards long after the churches themselves fell into disuse and pre Columbian ritual objects were cached in Christian sacred spaces both during and after Spanish occupation Excavations also reveal that the architectural style of these early churches is Franciscan in inspiration but nonetheless the product of continuing community efforts at construction and repair A conclusion difficult to ignore is that the Maya of Tipu and Lamanai considered themselves Christians with or without Spanish presence Viewing historical and archaeological data through the lens of her personal experience of Roman Catholicism and informed by feminist approaches Elizabeth Graham assesses the concept of religion the significance of doctrine the empowerment of the individual and the process of conversion by examining the meanings attributed to ideas objects and images by the Maya by Iberian Christians and by archaeologists Graham's provocative study also makes the case that the impact of Christianity in Belize was a phenomenon that uniquely shaped the development of the modern nation A volume in the series Maya Studies edited by Diane Z Chase and Arlen F Chase *The Sexual Laws* Kiyoshi
