Making Over Mike:

Making Arrangements Robert Harlow, 2002-04-12 *Making Arrangements* is narrated by the legless Emil Lime. From the vantage point of his wheelchair he tells the story of a very exciting week in the lives of the denizens of the St Augustine Hotel, all of whom are horse players, the most ardent being Harry Watkins, the 59-year-old retired private eye who now does nightshift as the hotel detective and his long-time friend taxi driver Basil Turner. The small half-mile bullring track where the horses run is called Granville Downs, whose owner and the designated villain in Emil's story is Carson Noma, who has laughably and long since warned Basil and Harry off the heath. Basil was once a trainer of race horses who had on occasion used dope to ensure that one of his horses might win, and Harry has sometimes supported his betting habit by touting. The story begins when Brucie, who is new at the hooker business and who is accused correctly of not being a true professional, is dropped out of the hotel's second-floor window. Ernie, the night clerk, sees her dangling naked from her waist on down from the marquee over the St Augustine's entrance. He is panicked, afraid the police might arrive and cause trouble, but the situation is saved by Harry and Basil and by Veg Crawford, an assistant starter at Granville Downs. The four of them huddle around Brucie to hide her nakedness and get her upstairs to the room where she has been servicing, not very well, Sid Noma, Carson's 27-year-old son, whose demands were beyond her. She is not a pro, but what she calls a fem sool named Darlene Henderson, who has lost her children to a monster husband and is trying secretly to become a working girl to pay for a divorce and get custody of her kids. Thus begins quietly the love story between her and Veg, a story that comes to its conclusion during the novel's denouement. The Brucie, Darlene, and Sid Noma problem resolved, Basil announces the news that will take up his and Harry's full time for the next week. The first item is that Ivan Mulkov, an owner of apartments, corner groceries, and a funeral home, claimed Shifty Sands out of the eighth race on Saturday and, being a real bargain hunter, has told Basil that if he can get his trainer's license back, he can train the horse. The second item is that a Middle Easterner named Mittani is bringing in a horse named Constantinople to challenge Carson Noma's fine chestnut gelding Transcanada in the inaugural running of the Aurora Borealis Maturity for four-year-old fillies and geldings, a new handicap Noma has created in order to showcase his horse. The Mulkov Shifty Sands story is part of the undercard to the main event, which is to get a lot of money together and put it down on Constantinople, a horse they think can win against Transcanada. If God is in the details served up by Emil Lime from his wheelchair, the serious fun is in the complexities that follow. Basil does not get his license renewed. But during an unsuccessful hunt for Mittani, thought to be staying in a downtown rooming house to try to get some inside information on Constantinople, Basil finds a note under the wiper on his taxi's windshield that is obviously a kidnap note, but it makes no demand except that Harvey Benton should be released from his place of incarceration. It is signed by John Morgan, president of ARQ, a large corporate conglomerate whose disappearance is making headlines. They try to sell the note to a sportswriter on a local paper, but the reporter calls the cops, and Harry and Basil are

nearly killed while escaping They go to Emil s apartment to hide out decide to get rid of the note Emil leaves it in the cop car outside a bookmaker s while the cops are inside placing their bets Later when Basil and Harry and Emil go out to Cleo s farm to pick up Shifty Sands Harry and Cleo admirers of each other and occasional lovers disappear for a little *Major Incident Medical Management and Support* Advanced Life Support Group (ALSG),2023-01-04 Major Incident Medical Management and Support The Practical Approach at the Scene 4th Edition The Major Incident Medical Management and Support MIMMS course developed by the Advanced Life Support Group ALSG is taught to healthcare professionals worldwide Integrated into both civilian and military medical practice MIMMS is the only international standard in major incident medical management focused on delivering the medical support needed to many casualties through triage treatment and transport The Fourth Edition of Major Incident Medical Management and Support The Practical Approach at the Scene is the most current coursebook for the MIMMS curriculum This new edition has been fully revised to ensure doctors nurses and paramedics are able to prepare for and implement a structured response to major incidents such as those involving hazardous materials natural disasters mass gatherings multiple burn casualties and large numbers of children The wide range of topics covered include communications personal and medical equipment command and control planning assessment and the psychological aspects of major incidents This new edition also includes Practical information and clear guidelines for medical professionals delivering care to multiple casualties at the scene both during and after an incident The organisations structures and different roles involved in the medical management of major incidents Contributions from an international team of experts in fields including emergency medicine and nursing fire and rescue services disaster preparedness and response and emergency transport Appendices covering responsibility for the dead radio use and voice procedures the media the hospital response and the steps to take beyond the immediate situation Major Incident Medical Management and Support is required reading for all those undertaking the MIMMS education programme The Advanced Life Support Group ALSG improves outcomes for people in life threatening situations anywhere along the healthcare pathway anywhere in the world ALSG is a leading medical education charity and have delivered advanced life support training to over 225 000 clinicians in 44 countries across 5 continents for over 25 years For more information on the complete range of Wiley medical student and junior doctor publishing please visit www.wiley.com For more information on the Advanced Life Support Group please visit www.alsg.org To receive automatic updates on Wiley books and journals join our email list Sign up today at www.wiley.com email This new edition is also available as an e book For more details please see www.wiley.com buy 9781119348382

 Public Accounts,2013-03-26 Housing Benefit helps those on a low income in social or private housing to pay all or part of
 their rent and supported some five million households in Great Britain in 2011 12 at a cost of 23 4 billion Reforms aim to
 reduce annual expenditure by 6 2 billion by the end of 2014 15 The changes are being introduced without comprehensive
 modelling of the likely outcome on individuals or on housing supply and with limited understanding of the costs local
 authorities will incur Those individuals who receive Housing Benefit are by definition on low incomes and even small
 reductions in entitlement can have a significant impact on their finances The reforms are expected cut benefits for two
 million households The impact of these reforms on claimants finances may be compounded by other changes to the welfare

system The Department cannot model the impacts of the reforms as they depend on the actions claimants take in response to changes in their individual circumstances Instead the Department plans to adopt a reactive approach changing rules as problems arise Claimants need to understand now how their benefit payments will change and what options they have to minimise the impact on their finances for example by taking in a lodger Strong efforts must be made by the Department local authorities and Social Housing organisations to inform claimants about the reforms however to date the evidence suggests that they have not been effective Aldo the Department has failed to take into account the administrative costs of implementing the reforms
