**Sensational Modernism** Joseph B. Entin, 2007 Challenging the conventional wisdom that the 1930s were dominated by literary and photographic realism Entin uncovers a rich vein of experimental work by politically progressive artists Examining images by photographers such as Weegee and Aaron Siskind A Thematic Study of Nathanael West's Miss <u>Lonelyhearts and The Day of the Locust</u> Terri Goldberg Paul,1973 A Technical Study of Nathanael West's Miss Lonelyhearts and the Day of the Locust Lynne Barbara Glasglow Taylor, 1968 The Day of the Locust Nathanael West, 2022-08-16 Nathanael West's The Day of the Locust emerges as a compelling exploration of the disillusionment and despair lurking beneath the glitzy fa ade of 1930s Hollywood With a narrative steeped in dark satire West employs an innovative literary style characterized by vivid imagery and surrealistic elements reflecting the chaotic ambitions and inner turmoil of his characters The novel captures the societal malaise of the Great Depression illustrating the stark juxtaposition between the American Dream and its haunting realities particularly through the experiences of those who flock to the film industry in search of fame and fortune Nathanael West a pivotal figure in American literature drew from his own experiences in the tumultuous world of early Hollywood while crafting this seminal work Born to a well to do Jewish family in New York City West faced early setbacks in his career as a playwright and novelist His keen observations of the entertainment industry s superficiality and existential crises informed his portrayals of the desperate souls seeking validation in a world increasingly dominated by the disillusioning promise of cinema For readers interested in the intersection of literature and society The Day of the Locust serves as a timeless allegory of ambition desperation and the human condition West's incisive critique of American culture offers not only a potent narrative but a mirror reflecting the ongoing struggles with dreams and reality This novel invites readers to ponder the darker aspects of desire and the cost of relentless aspiration A House of Words Norman Ravvin, 1997 Focusing on the way Jewish history particularly the Holocaust and tradition inform postwar Canadian and American Jewish literature A House of Words offers innovative readings of the works of such influential writers as Saul Bellow Leonard Cohen Eli The Sentimental Touch: The Language of Feeling in the Age of Managerialism Aaron Ritzenberg, 2013 The Sentimental Touch explores the strange enduring power of sentimental language in the face of a rapidly Narrative Purpose in the Novella Judith Leibowitz, 2013-11-05 No detailed description available for changing culture Narrative Purpose in the Novella Nathanael West's Miss Lonelyhearts and the Day of the Locust James D. Framing the Margins Phillip Brian Harper, 1994-01-06 This dramatic rereading of postmodernism seeks Burroughs, 1992 to broaden current theoretical conceptions of the movement as both a social philosophical condition and a literary and cultural phenomenon Phil Harper contends that the fragmentation considered to be characteristic of the postmodern age can

in fact be traced to the status of marginalized groups in the United States since long before the contemporary era This status is reflected in the work of American writers from the thirties through the fifties whom Harper addresses in this study including Nathanael West Ana s Nin Djuna Barnes Ralph Ellison and Gwendolyn Brooks Treating groups that are disadvantaged or disempowered whether by circumstance of gender race or sexual orientation the writers profiled here occupy the cusp between the modern and the postmodern between the recognizably modernist aesthetic of alienation and the fragmented disordered sensibility of postmodernism Proceeding through close readings of these literary texts in relation to various mass cultural productions Harper examines the social placement of the texts in the scope of literary history while analyzing more minutely the interior effects of marginalization implied by the fictional characters enacting these narratives In particular he demonstrates how these works represent the experience of social marginality as highly fractured and fracturing and indicates how such experience is implicated in the phenomenon of postmodernist fragmentation Harper thus accomplishes the vital task of recentering cultural focus on issues and groups that are decentered by very definition and thereby specifies the sociopolitical significance of postmodernism in a way that has not yet been done
