**Governments Do?** Nico van Oudenhoven,Rekha Wazir,2023-09-20 Children who are sexually abused by members of their family or by friends are deprived of the very means essential to their sense of well being and for their healthy development The persons they naturally expect to trust most turn out to be their enemies and leave them unprotected and without the confidence to relate to others Sexually abused children carry their pain throughout their lives and need all the support available to cope with their agony and to restore their self worth if this is at all possible Many people such as family members friends teachers social workers police officers doctors and therapists are conventionally involved in repairing or minimising the damage But what can governments do Governments often appear powerless in the face of child sexual abuse within the family They are increasingly appealed to when yet another scandal erupts But how can governments help these children What can be done to prevent child sexual abuse from happening in the first place These are the guiding themes of this publication This international comparative study describes how governments can do more than they are actually doing and how they can make better use of available policy instruments The core of the book is formed by an investigation of the policies of governments and their use of policy instruments in five Western European nations Specialists from Belgium Flanders Britain Germany Rheinland Pfalz The Netherlands and Norway describe the prevailing situation in their countries and offer recommendations for improvement The editors Rekha Wazir and Nico van Oudenhoven place these observations in a wider child oriented perspective and formulate pointers for policy makers that are applicable to the whole West European

region This comparative study and its publication have been facilitated by a grant from the Dutch Ministry of Public Health Welfare and Sport The study has been conducted by International Child Development Initiatives ICDI ICDI is an international development support agency located in The Netherlands It acts as an advocate for marginalized children and youth and provides a platform for policy practice programme development and research ICDI is a partner in international networks for children and youth and functions as a liaison between donors and local NGOs ICDI s guiding principles are the holistic development of children the empowerment of families and communities and the building on available knowledge and local strengths ICD is an independent non profit non governmental organization and generates its income through contractual work

**The Legend of the Black Mecca** Maurice J. Hobson,2017-10-03 For more than a century the city of Atlanta has been associated with black achievement in education business politics media and music earning it the nickname the black Mecca Atlanta s long tradition of black education dates back to Reconstruction and produced an elite that flourished in spite of Jim Crow rose to leadership during the civil rights movement and then took power in the 1970s by building a coalition between white progressives business interests and black Atlantans But as Maurice J Hobson demonstrates Atlanta s political leadership from the election of Maynard Jackson Atlanta s first black mayor through the city s hosting of the 1996 Olympic Games has consistently mishandled the black poor Drawn from vivid primary sources and unnerving oral histories of working class city dwellers and hip hop artists from Atlanta s underbelly Hobson argues that Atlanta s political leadership has governed by bargaining with white business interests to the detriment of ordinary black Atlantans In telling this history through the prism of the black New South and Atlanta politics policy and pop culture Hobson portrays a striking schism between the black political elite and poor city dwellers complicating the long held view of Atlanta as a mecca for black people

*Stranger Danger* Paul M. Renfro, 2020 *Stranger Danger* examines the moral panic over child kidnapping and exploitation that erupted in the late 1970s and early 1980s It shows how several high profile cases of missing and murdered white photogenic children generated a national furor over child safety and led to the creation of new legal and cultural instruments designed to keep children safe and to punish those who ostensibly wished them harm

**Virtual Pedophilia** Gillian Harkins, 2020-04-10 In *Virtual Pedophilia* Gillian Harkins traces how by the end of the twentieth century the pedophile as a social outcast evolved into its contemporary appearance as a virtually normal white male The pedophile's alleged racial and gender normativity was treated as an exception to dominant racialized modes of criminal or diagnostic profiling The pedophile was instead profiled as a virtual figure a potential threat made visible only when information was transformed into predictive image The virtual pedophile was everywhere and nowhere slipping through day to day life undetected until people learned how to arm themselves with the right combination of visually predictive information Drawing on television movies and documentaries such as *Law and Order SVU* *To Catch a Predator* *Mystic River* and *Capturing the Friedmans* Harkins shows how diverse U S audiences have been conscripted and trained to be lay detectives who should always be on the lookout for the pedophile as virtual predator In this way the perceived threat of the pedophile legitimated increased surveillance and ramped up legal strictures that expanded the security apparatus of the carceral state
