Mission To Paradise The Story Of Juniper:

Mars Station Mission. 4244-4248 AD. Archeologist Nemesis. Gregory Alan McKown, Welcome to the future Here is a story that started with the time of Noah and is what could not be discerned except by archeologist uncovering the ancient story It is not told as such because the various religious communities would not allow the TRUTH TO BE TOLD This goes into past generations and surpasses even our own generation into the future and we all stand in the shadow of history ignorant of the reality when the truth of evidence is staring you straight in the face It is an ancient society that has the patience to live in a distance from mankind while the story of our own identity becomes a struggle listed in my other work with the outcome waiting for the revealing of alien life that was our progenitors on Earth The surprising revelation of this story that is yet to be fulfilled could just as well be the prophecy of Nostradamus explained before the events are to happen in time This is assumed to be a fiction that is not a fiction when considering it is the only possible alternative history to the past and has implications as prophecy verses written actually speaking of these events to occur in the future for mankind Our very survival as a planet of life may depend on our understanding this possibility The story of humanity from another aspect of unexplained evidence that has romance adventure tragedy drama of human endurance intrigue discovery conflict and the uncertainty of battle from the aspect of Presidential command Based on Nostradamus prophecy for verses that will not be presented as used Gregory Alan McKown *Catalog of the Latin American Collection* University of Texas at Austin. High Hopes Tony London,2016-01-01 High Hopes is the story of Tibetan education in India since the arrival of Tenzin Gyatso the Fourteenth Dalai Lama in India in 1959 When His Holiness the Dalai Lama arrived in India he came with his retinue and many thousands of followers who arrived soon after Their arduous journey was to a country about which most of them were ignorant They came as deeply committed Buddhists and with a positive belief in the future Other than the monks and high officials most of them had little or no formal education or experience They arrived into a country which was still emerging and forming its own identity and still reeling from the Partition and all of the related changes that had taken place after the departure of the British Raj This relatively small group of Tibetans were strangers in the political landscape of the sub continent with its millions Somehow Nehru and the Indians found a way to accommodate the Tibetans This book traces that story and the way that the Tibetans in exile have been able to forge their own unique Buddhist way of life and to incorporate that into their path for future
