Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In *Light and Dark*, he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence: the Earth plane and the multiple levels of the spiritual planes, including the lower levels from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people or black ghosts. He credits guardian angels with saving him from harm or certain death on a number of occasions. Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience, voices from beyond and precognition or the ability to see the future. His detailed account of a unique out-of-body experience (OOBE) challenges what is known about this remarkable ability. His OOBE was unlike anything that has ever been described by others who have experienced it, and he shares it all in *Light and Dark*. But it hasn't all been safe or pleasant.

At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralysing him

A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books

In *Light and Dark* he shares a lifetime of experiences ideas and theories about this fascinating field of study
