**Liberalism, Theology, and the Performative in Antebellum American Literature** Patrick McDonald,2023-09-19 The 1850s United States witnessed a far reaching political social and economic crisis Symptomatic of this a wide range of narrative fiction from sentimental novels to sensational drama identifies a foundational link between liberal institutions and

performative utterances Auctions trials marriages and contracts this fiction contends all depend on the self constituting authority of words and performances which anybody and everybody can appropriate and are always subject to misfiring Rather than viewing this as a liberatory and egalitarian political force however writers from Herman Melville and James Fenimore Cooper to Captain Mayne Reid and E D E N Southworth insist that such naked authority must be supplemented A broad swath of 1850s literature insists that this supplement ought to come from Christianity Anticipating thinkers like Carl Schmitt and Giorgio Agamben these works suggest that legitimate political authority depends upon its ability to represent Christian transcendence and account for revealed truth something firmly outside of speech acts and performance s purview In so doing this diverse body of fiction registers a desire to reconstitute political authority on transcendent and representable ground augmenting institutional reliance on mere words and assuaging the contemporary crises of confidence and authority

*Public Vows* Melissa J. Ganz, 2019-06-20 In eighteenth century England the institution of marriage became the subject of heated debates as clerics jurists legislators philosophers and social observers began rethinking its contractual foundation Public Vows argues that these debates shaped English fiction in crucial and previously unrecognized ways and that novels in turn played a central role in the debates Like many legal and social thinkers of their day novelists such as Daniel Defoe Samuel Richardson Frances Burney Eliza Fenwick and Amelia Opie imagine marriage as a public institution subject to regulation by church and state rather than a private agreement between two free individuals Through recurring scenes of infidelity fraud and coercion as well as experiments with narrative form these writers show the practical and ethical problems that result when couples attempt to establish and dissolve unions simply by exchanging consent Even as novelists seek to shore up the legal regulation of marriage however they contest the specific forms that these regulations take In recovering novelists engagements with the nuptial controversies of the Enlightenment Public Vows challenges longstanding accounts of domestic fiction as contributing to sharp divisions between public and private life and as supporting the traditional patriarchal family At the same time the book counters received views of law and literature highlighting fiction s often simultaneous affirmations and critiques of legal authority 150 Years of Eastern Oregon History Joseph H.
