Encyclopedia of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume Encyclopedia of Criminological Theory available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and

concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory

National Criminal Justice Thesaurus , 1998

Modelling Norms Corinna Elsenbroich, Nigel Gilbert, 2013-07-05 The book focusses on questions of individual and collective action the emergence and dynamics of social norms and the feedback between individual behaviour and social phenomena It discusses traditional modelling approaches to social norms and shows the usefulness of agent based modelling for the study of these micro macro interactions Existing agent based models of social norms are discussed and it is shown that so far too much priority has been given to parsimonious models and questions of the emergence of norms with many aspects of social norms such as norm change not being modelled Juvenile delinquency group radicalisation and moral decision making are used as case studies for agent based models of collective action extending

existing models by providing an embedding into social networks social influence via argumentation and a causal action theory of moral decision making The major contribution of the book is to highlight the multifaceted nature of the dynamics of social norms consisting not only of emergence and the importance of embedding of agent based models into existing theory

Routine Activity and Rational Choice Ronald V. Clarke, Marcus Felson, 2017-10-23 Two new criminological approaches are defined and applied to categories of crime in Routine Activity and Rational Choice now available in paperback Routine activity analyzes the criminal event and avoids motivations and psychology as topics for discussion whereas rational choice approaches crime as purposive behavior designed to meet the offender's commonplace needs such as money status sex and excitement These conceptual models are both employed to analyze such crimes as drunk driving gun use kidnapping and political violence This volume discusses the relationship of these theories to more traditional approaches to crime studies The Advances in Criminological Theory series encourages theory construction and validation in the articles and themes selected for publication It also furthers the free exchange of ideas propositions and postulates Following publication of the first volume Michael J Lynch of Florida State University asserted that Advances in Criminological Theory is to be applauded as an attempt to revive criminological theory by providing an accessible outlet Contributions to this volume include Pierre Tremblay Searching for Suitable Co offenders Raymond Paternoster and Sally Simpson A Rational Choice Theory of Corporate Crime Richard B Felson Predatory and Dispute related Violence Gordon Trasler Conscience Opportunity Rational Choice and Crime Ezzat A Fattah The Rational Choice Opportunity Perspectives as a Vehicle for Integrating Criminological and Victimological Theories Patricia L Brantingham and Paul J Brantingham Environment Routine and Situation Maurice Cusson A Strategic Analysis of Crime Richard W Harding Gun Use in Crime Rational Choice and Social Learning Theory
