Motherlode La Veta Madre:

Motherlode Randy White,1977 **On the Mother Lode** Philip Ross May,1971 **Red Dirt** Gary Noy,2002-04-05 Red Dirt is the story of one man's quest for personal knowledge. It is a journey to discover the influences of his homeland on his upbringing, values, and relationships. But it is much, much more. Red Dirt is also the chronicle of an expedition along California's Landscape of Imagination. It is the story of a trip down Highway 49, the fabled roadway that slices through the heart of the Gold Country, the Mother Lode home of the 49ers, the land of dreams. It is the true story of the past, present, and future of one of the most important regions in American Western history. Red Dirt is about who we are and to what we aspire. Red Dirt is about us.

The Mother Lode System of California Adolph Knopf,1929 **Haunted Hotels of the California Gold Country** Nancy K Williams,2007-12-01 In this historic region of northern California, there are hotels where some guests never checked out, even after death. Step across the threshold of a haunted hotel in California's renowned Gold Country and encounter phantom figures of yesteryear. Wispy apparitions of gentleman guests in Victorian coats and ladies in fashionable flapper gowns glide through the walls while unexplained sobs and choking gasps disturb the night. There's Stan, the Cary House's eternal desk clerk, and bachelor ghost Lyle, who tidies the Groveland Hotel. Flo tosses pots and pans in the National's kitchen, while the once-scorned spirit of Isabella ties the Sierra Nevada House's curtains in knots. From suicidal gamblers to murdered miners, the Mother Lode's one-time boomtowns are crowded with characters of centuries past. Book your stay with author Nancy Williams as she explores the history and haunts of the Gold Country's iconic hotels. Includes photos.

The Medicine of Memory Alejandro Murguía,2010-01-01 An American Book Award winner's creative memoir traces his own family's history as well as the long story of Hispanics in America. Spirited writing. Library Journal. People who live in California deny the past, asserts Alejandro Murguía. In a state where what matters is keeping up with the current trends, fads, or latest computer gizmo, no one has the time, energy, or desire to reflect on what happened last week, much less what happened ten years ago or a hundred. From this oblivion of memory, he continues, comes a false sense of history, a deluded belief that the way things are now is the way they have always been. In this work of creative nonfiction, Murguía draws on memories, his own and his family's, reaching back to the eighteenth century to reconstruct the forgotten Chicano indigenous history of California. He tells the story through significant moments in California history, including the birth of the mestizo in Mexico, destruction of Indian lifeways under the mission system, violence toward Mexicanos during the Gold Rush, Chicano farm life in the early twentieth century, the Chicano Movement of the 1960s, Chicano Latino activism in San Francisco in the 1970s, and the current rebirth of Chicano Indian culture. Rejecting the notion that history is always written by the victors and refusing to be one of the vanquished, he records and draws us into his own California history.
