Motion Picture Film Editor:

The Art of Motion Picture Editing Vincent LoBrutto, 2012-09 A list of 100 essential films The Making of a Motion Picture Editor Thomas A. Ohanian, 2018 What does it take to be a motion picture editor Learn from some of the most decorated editors in motion picture history over the span of 551 films 360 Academy Awards and another 785 nominations From Apocalypse Now to West Side Story From the suspense of The Silence of the Lambs to the comedy of Ferris Bueller's Day Off From the realism of Saving Private Ryan to the universe of Star Wars And the challenges How do you get through 450 hours of material to make a three hour movie What happened behind the scenes in the editing room when it became apparent that the lead actor wasn't working out How do you make a release deadline when you still haven't seen the visual effects you need to adjust scenes What is it like when the director looks at the scene you just edited and says Do you have any idea what we went through there How could you do this And then leaves And in the stranger than fiction department You wind up working for one of the most famous directors in motion picture history based on a five minute conversation where he asks you Are you a good editor And so far you win three Academy Awards for editing You write a letter to the producer telling him that you just got married and you can't do the film But you never send that letter And then you win an Academy Award for Lawrence of Arabia You find yourself editing West Side Story for the director who edited Citizen Kane And the life of an editor You don't think about a nomination and you get nominated You know there's absolutely no chance you'll win and you do You thank your family You forget to thank them You go right back to work the next day You wait for a year until the next job comes An editor's responsibility is not as many have thought to cut out the bad parts but to form and shape the material according to the director's vision in support of the story Editing is based on decisions hundreds thousands and everything you see and hear has a decision behind it Read on about these remarkable individuals and their stories in The Making of a Motion Picture Editor **Where Does the Film Editor Fit in the Motion Picture Industry???** Fredrick Y. Smith, 1964* **The Art and Craft of Motion Picture Editing** Michael Hoggan, 2021-12-22 This book explains the broader context of what the art and craft of motion picture editing entails framing the creative acts of editing within an overall view of the production process and requirements for effective storytelling This book offers real experiences and advice from seasoned editors on the editing process providing a detailed examination of filmmaking from the editor's point of view and exploring how best to cultivate creative relationships with other areas of production to form the final personality of the film Emphasizing both practicality and creativity industry veteran Michael Hoggan successfully bridges the gap between the mechanical skills of editing and the thought process behind these decisions While most books focus primarily on the mind of the creator this book explores the evolution of practices in film production and editing with respect to the ever changing expectations of the audience As the book demonstrates understanding editing from the audience's perspective is essential to any successful film This book will be of interest to post production students independent filmmakers film critics and agents

with editing clients It is accompanied by a collection of rich digital materials including a glossary bibliography and more
