Pathfinders The History Of Americas Firs:

The Pathfinders Gerald Rawling, 1964 A history of the pioneers who opened up the vast lands beyond the Mississippi in the early 1800 s The schemes of John Jacob Astor the daring of the mountain men and explorers the battles of the fur companies and the opening of the Oregon and Santa Fe trails are all described Huntting **The National Forests of the Northern Region** ,1993 *The Mythical West* Richard W. Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America s most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody s Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs **Icons of the American West** Gordon Morris Bakken, 2008-06-30 The American West is rich in lore cultural roots and iconic images The subject of countless movies books and songs in many ways it embodies the American spirit This lively two volume set presents the stories of some of the most influential and representative Western icons those that have captured the nation s imagination since the early days of westward exploration and that continue to do so within the environmental and technological frontier that is the modern West This accessible treatment of the untamed enterprise of the Old West including cowboys wild west shows and gun battles and the continued entrepreneurial imagination of the paradisaical New West including environmentalists and the incorporation of national parks elevates the reader s understanding of oft romanticized subjects and the conflicts and cultural changes that made them icons Narrative entries include Chief Joseph George Armstrong Custer Gold Rush Winchester Model 1873 Frederic Remington John Muir Las Vegas Bill Gates Disneyland Yellowstone National Park Sierra Club With vibrant photos and descriptive sidebars this comprehensive set is a must have for students of American history and culture **Focus on Minorities** Fort Bragg (N.C.). Desert Between the Mountains Michael S. Durham, 2014-01-28 On July 24 1847 a band of Mormon pioneers descended into the Salt Lake Valley Having crossed the Great Plains and hauled their wagons over the Rocky Mountains they believed that their long search for a permanent home had finally come to an end The valley was an arid and inhospitable place but to them it was Zion They settled on the edge of an immense uncharted and self contained region covering over 220 000 square miles or one fifteenth of the area of the United States The early nineteenth century explorer John Charles Fremont had just aptly named this region the Great Basin because its lakes and rivers have no outlet to the sea its waters course down the

mountains and disappear into the desert Here in a land that few others wanted the Mormons hoped to live and worship in peace Within ten years of their arrival the Mormons had established nineteen communities extending all the way to San Diego California a remarkable feat of colonization and one of the great successes of the westward movement Desert Between the Mountains is by no means however a story of splendid and stoic isolation Beginning with an explanation of the Great Basin s unique and enigmatic topography Michael S Durham delineates the region as a crucible for a complex and exciting narrative history Tales of nomadic Indian tribes Spanish ecclesiastics intrepid furtrappers and adventurous early explorers are brilliantly and thoroughly chronicled Moreover Durham depicts the Mormon way of life under the constant strain from its interaction with miners soldiers mountain men the Pony Express railroad builders federal officials and an assortment of other so called Gentiles Durham vigorously explores the dynamics of this important chapter of American history capturing its epic sweep its near biblical mayhem and its unforgettable characters in an illuminating and provocative account Desert Between the Mountains concludes with the joining of the transcontinental railroad at Promontory Utah in 1869 an event that marked the end of the pioneer era This is a dramatic multifaceted and definitive study of the Great Basin demonstrating for the first time that it is a region unified in its history as well as its geography that today includes all of Nevada most of Utah and parts of five other surrounding states *See America First* Marguerite Shaffer,2013-08-06 In *See America First* Marguerite Shaffer chronicles the birth of modern American tourism between 1880 and 1940 linking tourism to the simultaneous growth of national transportation systems print media a national market and a middle class with money and time to spend on leisure Focusing on the *See America First* slogan and idea employed at different times by railroads guidebook publishers Western boosters and Good Roads advocates she describes both the modern marketing strategies used to promote tourism and the messages of patriotism and loyalty embedded in the tourist experience She shows how tourists as consumers participated in the search for a national identity that could assuage their anxieties about American society and culture Generously illustrated with images from advertisements guidebooks and travelogues *See America First* demonstrates that the promotion of tourist landscapes and the consumption of tourist experiences were central to the development of an American identity
