Storm, leader of the X-Men, offers their help in resolving a situation that is agonizingly similar to the human mutant conflicts of their own time and space. But when hostile aliens appear in orbit around Xhaldia to try and abduct the transformed for use as a superpowered force in an attack on the Federation, even the combined forces of the crew of Starfleet and the X-Men may be unable to prevent an inferno of death and destruction. Starfleet's finest crew and Earth's greatest mutant heroes will need all their powers and abilities to save the Xhaldian people and stop a deadly threat to the Federation. St The Next Generation

Once believed to be dead, Magneto, the X-Men's greatest adversary, has instead been hiding, waiting to make a move against the team that has thwarted his plans again and again. The Ages of the X-Men Joseph J. Darowski, 2014-07-08. The X-Men comic book franchise is one of the most popular of all time and one of the most intriguing for critical analysis. With storylines that often contain overt social messages within its mutant metaphor, X-Men is often credited with having more depth than the average superhero property. In this collection, each essay examines a specific era of the X-Men franchise in relationship to contemporary social concerns. The essays are arranged chronologically from an analysis of popular science at the time of the first X-Men comic book in 1963 to an interpretation of a storyline in light of rhetoric of President Obama's first presidential campaign. Topics ranging from Communism to celebrity culture to school violence are addressed by scholars who provide new insights into one of America's most significant popular culture products. **Avengers & X-Men** Rick
