## **Regionalization In A Globalizing World A Comparative Perspective On Forms Actors And Processes:**

*Regionalization in a Globalizing World* Michael Schulz, Fredrik Soderbaum, Joakim Öjendal, 2001-05 The emerging role of regional systems of relations is an important feature of the new global politics While the European Union is the most advanced case most other parts of the world display at least the beginnings of regional systems Using a multidisciplinary approach the contributors examine these processes from a comparative perspective concentrating on the following questions what constitute a region how is the historical process of region formation unfolding what motives and factors underlie this drive to regionalisation what forms a regional awareness and institutionalisation are emerging and where what are the future prospects

**Globalising the Regional, Regionalising the Global: Volume 35, Review of International Studies** Rick Fawn, 2009-04-30 A collection of leading international scholars examine the concept of regions from a range of perspectives and assess leading contemporary examples

**Regionalisation and Global Governance** Andrew F. Cooper, Christopher W. Hughes, Philippe De Lombaerde, 2007-12-21 The relationship between global governance and regionalization is fraught with ambiguity Understanding regionalization in this context requires an understanding of its relationship and reactive condition with both the constellations of global governance and globalization This book presents an overview and explores the distinctive but intersecting trajectories of regionalization and global governance It surveys the theoretical debates the economic dimensions multinationals trade and investment and labour the security considerations armed conflict conflict prevention and peacekeeping and non traditional security in Asia the governing structures managing contemporary multilevel architecture and cultural policy leadership and the L 20 The expert and multi disciplinary editors and contributors survey the context as well as the general character of these projects together with their links as both parallel mediating mechanisms and distinctive choices for interjecting governance into globalization Examining these projects in tandem amplifies their importance and enables the contributors to tease out coincidental as well as alternative possibilities in policy direction This book will be of interest to students and scholars of international relations area studies international economics international political economy political science public administration and development studies

**Globalization, Regionalization and Cross-Border Regions** M. Perkmann, N. Sum, 2002-07-12 Cross border regions are newly emerging social spaces stretching across national borders Globalization makes national borders more permeable and leads to a rearrangement of economic and political interactions This is particularly pronounced within supra regional blocs featuring specific internal border regimes The ensuing opportunities are increasingly seized to create border spanning discourses and institutions This is illustrated in the book by a range of experts analyzing cross border regions in Europe America East Asia and Africa

**Ageing and Globalisation** Martin Hyde, Paul Higgs, 2016-07-06 Two of the most unprecedented transformations in the history of human social and economic life are currently underway One globalization is the subject of extensive media coverage and scholarly analysis Relatively ignored however is the other one the overall aging of the world s

population This book offers the first in depth look at the two forces in tandem showing the many ways in which they interact and affect each other and helping us for the first time to grasp the implications of both This comprehensive introduction to globalization for gerontologists is part of the Ageing in a Global Context series published in association with the British Society of Gerontology

*International Handbook on the Economics of Integration: General issues and regional groups*

Miroslav N. Jovanović, 2011-01-01 International Handbook of Economic Integration edited by Miroslav Jovanovi provides timely and rich academic contributions to considerations of the widest array of integration related issues European integration has been providing an inspiration to a number of academics and researchers The Handbook is a recognition of the dynamic and strong solidarity of the European integration At the same time the European Union often provided an example for integration schemes throughout the world which spread enormously since the mid 1990s Leading experts from all continents contributed to this Handbook which will be a valuable input into academic and policy making discussions and actions Jos Manuel Barroso President of the European Commission Miroslav Jovanovi s publication represents a rich contribution to the complex issue of regional integration its benefits its shortcomings and its relationship with multilateral trade opening It sheds light over an issue which is the subject of intense discussions in trade circles Pascal Lamy Director General of the WTO Much has been written on trade agreements as a mechanism to integrate the markets of two or more countries often inspired by the European example In recent years attention has increasingly focused on the importance of economic geography as a determinant of industrial location This book combines the two strands of analysis bringing together leading experts in the fields of economic geography and international trade The result is an outstanding compilation of papers that illuminate how policies and economic forces affect the location of economic activity in an integrated Europe Bernard Hoekman Director The World Bank US The open multilateral trading system is a tremendous success of the past half century and has contributed greatly to the world s unprecedented rate of economic growth Over the past two decades however preferential trading arrangements have proliferated raising questions as to how compatible they are with the open multilateral system and what policies might be adopted to improve outcomes The essays in this volume detail the emergence of PTAs and provide comprehensive and up to date analyses of the state of play of preferential arrangements in all regions of the world The volume will provide a useful reference for all those wanting to understand existing preferential arrangements and their role in the international economy today Anne O Krueger Johns Hopkins University and Stanford University US Economic integration is a complex and multifaceted giant with a myriad aspects ranging from regional and global concentration and dispersal of economic activity to social and political consequences for individuals and communities in developed and developing countries alike This landmark three volume collection of chapters by leading authors drawn from many fields is a worthy and timely contribution to the analysis of a phenomenon with profound implications for the future world economy and its governance James Zhan Director Investment Enterprise Division UNCTAD With this Handbook

Miroslav Jovanovi has provided readers with both an excellent stand alone original reference book as well as the first volume in a comprehensive three volume set This introduction into a rich and expanding academic and practical world of international economic integration also provides a theoretical and analytical framework to the reader presenting select analytical studies and encouraging further research International Handbook on the Economics of Integration Volume I covers two broad themes general integration issues and regional integration groups The first part discusses topics that range from an overview of the regional integration deals registered with the World Trade Organization to multilateralism and regionalism hub and spoke integration networks limits to integration rules of origin and globalization The second part of the Han *The Dynamics of Black Sea Subregionalism* Panagiota Manoli,2016-03-23 Conflict and cooperation are two dynamics that have shaped the political economy and international relations around the Black Sea since the early nineties Despite the negative structural environment and the persistence of a high security dilemma cooperative efforts among Black Sea actors primarily state elites but increasingly non state actors have been advancing even though slowly Representing a new development in the study of contemporary regionalism Panagiota Manoli examines the process of institutionalized subregional cooperation and casts new light on the factors influencing the reconfiguration of subregional structures in the region Focusing on the primary initiative in the region Black Sea Economic Cooperation BSEC Manoli traces how subregionalism has evolved since the early nineties and what has been driving and conditioning this process Questioning whether there is a definitive nature to subregionalism Manoli then discusses Black Sea subregionalism within the European integration process examining the impact of the European Union Contributing to the conceptualization of the subregional phenomenon this book should be read by scholars and policy makers alike unclear on how local elements interface with extra regional forces in the shaping of a subregion Region-building Ludger Kühnhardt,2010-07-01 After two centuries of nation building the world has entered an era of region building in search of political stability cultural cohesion and socio economic development Nations involved in the regional structures and integration schemes that are emerging in most regions of the world are deepening their ambitions with Europe s integration experience often used as an experimental template or theoretical model Volume I provides a political analytical framework for recognizing the central role of the European Union not only as a conceptual model but also a normative engine in the global proliferation of regional integration It also gives a comprehensive treatment of the focus motives and objectives of non European integration efforts Volume II offers a unique collection of documents that give the best available overview of the legal and political evolution of region building based on official documents and stated objectives of the relevant regional groupings across all continents Together these volumes are important contributions for understanding the evolution of global affairs in an age when power shifts provide new challenges and opportunities for transatlantic partners and the world community Regionalism, Globalisation and International Order Jens-Uwe Wunderlich,2016-03-23 New regionalism and globalization have been prominent themes in academic and political

debates since the beginning of the 1990s Despite the considerable amount of scholarly attention that the new regionalism has received in recent years its full empirical and theoretical potential has yet to be fully investigated This illuminating study provides an overview of new avenues in theorizing regionalism and proposes a consolidated framework for analysis and comparison Offering a comparative historical perspective of European and Southeast Asian regionalism it presents new and imaginative insights into the theory and practice of regionalism and the links between regional developments globalization and international order *World Politics* Jeffrey Haynes, Peter Hough, Shahin Malik, Lloyd Pettiford, 2017-03-20 Praised for achieving significant breadth and depth of coverage of all the key themes of IR this introduction is also full of a range of features and techniques including a wide range of contemporary case studies and reflection boxes to help students become adept at the subject quickly and easily **Roads to Regionalism** Tanja A. Börzel, Lukas Goltermann, Kai

Striebinger, 2016-04-08 Over the past few decades states all around the globe have intensified institutionalized cooperation at the regional level To deepen our understanding of state led regionalism the authors use an analytical framework comprising four main strands First they describe and explain the genesis and growth of regional organizations Second they account for institutional design looking at important similarities and differences Third they examine the interaction between organizations and member states in an attempt to reveal factors that shape the level of commitment to and compliance with regional initiatives Finally they consider the impact of regional organizations on their member states They conclude by providing a foundation for future research on the dynamic development of regionalism *Ending Africa's Energy Deficit and the Law* Yinka Omorogbe, Ada Ordor, 2018-02-22 With the inclusion of access to energy in the sustainable development goals the role of energy to human existence was finally recognized Yet in Africa this achievement is far from realized Omorogbe and Ordor bring together experts in their fields to ask what is stalling progress examining problems from institutions catering to vested interests at the continent's expense to a need to develop vigorous financial and fiscal frameworks The ramifications and complications of energy law are labyrinthine this volume discusses how energy deficits can burden disabled people women and children in excess of their more fortunate counterparts as well as considering environmental issues including the delicate balance between the necessity of water for drinking and cleaning and the use of water in industrial processes A pivotal work of scholarship the book poses pressing questions for energy law and international human rights
