A Register of Parliamentary Lists, 1660-1761 David Hayton, Clyve Jones, 1979 British Parliamentary Lists, 1660-1880 G. M. Ditchfield, 1995-07-01 This register identifies all known lists division lists forecasts management and propaganda lists for the House of Commons between 1660 and 1761 for the House of Lords between 1660 and 1800 and for the Scottish Parliament between 1660 and 1707 The listing has been updated since the previous Register of Parliamentary Lists in 1979 It may also be a useful adjunct to Donald E Ginter s Voting Records of the British House of Commons 1761 1820

The Augustan Court R. O. Bucholz, 1993 Staid respectability and ineffectualness A special feature of the book is a collective biography of all 1 525 men women and children at the court of Queen Anne the first such study of the personnel of any large institution of later Stuart government **The House of Commons, 1660-1690: Introductory survey.**

Appendices. Constituencies. Members A-B Basil Duke Henning, 1983 **The Writings and Speeches of Edmund Burke: Volume II: Party, Parliament and the American Crisis, 1766-1774** Edmund Burke, 1981-04-09 A scholarly edition of the writings and speeches of Edmund Burke The edition presents an authoritative text together with an introduction commentary notes and scholarly apparatus *Peers, Politics and Power* Clyve Jones, David L. Jones, 1986-01-01 This book brings together a substantial and representative selection of recent writings on the House of Lords from the accession of James I to the Parliament Act of 1911 The editors provide a general historiographical survey and a bibliography of recent writings on the House of Lords during the period **Parliamentary History**, 1996 **British Politics in the Age of Anne** Geoffrey Holmes, 1987-07-01 British Politics in the Age of Anne is a book that anyone with an interest in the period will wish to possess completely authoritative yet as attractive to the student and the general reader as to the specialist The author has both revised the text and written a substantial new introduction to this edition Geoffrey Holmes reveals how little the structure and contents of politics under Queen Anne had in common with the connexion ridden scene of the mid eighteenth century as portrayed by Namier He depicts a period of fierce and genuine party conflict in which society at many levels was divided by great issues of principle and policy Through frequent and hotly contested elections and long parliamentary campaigns both Whigs and Tories enjoyed triumphs and suffered disasters And while struggling against one another each had to contend with internal factions and pressure groups the divisive thrust of personal ambitions and the hostility of the queen to single party rule British Politics in the Age of Anne is more than a major work of analysis and a historiographical landmark By liberal use of quotation eye for detail sense of atmosphere and vivid character sketches of both leading and lesser personae Professor Holmes recreates the unique political life of the high Augustan age *Politics, Religion and Society in England, 1679-1742* Geoffrey Holmes, 1986-07-01 No Marketing Blurb John Locke: Correspondence Mark Goldie, 2023-09-28 This volume completes the celebrated edition of John Locke s Correspondence by the late E S de Beer whose eight volumes were published between 1976 and 1989 The supplementary volume presents some

300 documents newly discovered or augmented or newly collected letters by or to Locke or between his close associates

City of Capital Bruce G. Carruthers,1999-12-19 While many have examined how economic interests motivate political action Bruce Carruthers explores the reverse relationship by focusing on how political interests shape a market He sets his inquiry within the context of late Stuart England when an active stock market emerged and when Whig and Tory parties vied for control of a newly empowered Parliament Probing such connections between politics and markets at both institutional and individual levels Carruthers ultimately argues that competitive markets are not inherently apolitical spheres guided by economic interest but rather ongoing creations of social actors pursuing multiple goals **BACK COVER** **John Locke:**

Correspondence Mark Goldie,2023-09-28 This is the twenty first volume in the Clarendon Edition of the Works of John Locke The series aims to provide authoritative critical editions of all the writings of one of the most important intellectuals in the early modern Anglophone world The present volume completes the Correspondence edited by the late E S de Beer published between 1976 and 1989 It contains some 300 documents newly discovered or augmented or newly collected letters by or to Locke or between his close associates New finds have emerged from archives worldwide previously known letters are now improved from new manuscripts or supplemented by enclosures that had become detached from them epistles dedicatory in books by Locke or addressed to him are collected third party letters with direct bearing on Locke are included as also Locke s agreements with publishers for the printing of his books The volume covers Locke s manifold interests from childrearing to medicine to cartography from the exercise of patronage to the political economy of England s burgeoning empire from the management of his Somerset tenants to relations with fellow philosopher Damaris Masham from a trial for heresy to surveillance letters when Locke was suspect from book collecting to calendrical reform Locke s critics and vindicators are here attacking and defending his published works Considerable material has come to light bearing on Locke s encounters with Carolina and policies when a founding member of the Board of Trade and Plantations The volume is supported by Mark Goldie s introduction and by an extensive explanatory editorial apparatus **Politics under the Later**

Stuarts Tim Harris,2014-05-12 The first major study of party conflict in England over the later Stuart period from the reign of Charles II to its culmination under Anne Tim Harris shows how the party configuration of subsequent British politics emerged in these crucial years He deals not only with high politics and with the organisation of the new parties but also with the ideological roots of party strife *Pillar of the Constitution* Clyve Jones,2010-07-15 This collection of original essays deals with aspects of the history of the House of Lords in the seventeenth and eighteenth centuries including the internal management of the Lords and its external influence

Computing Parliamentary History John A. Phillips,1994 Computing techniques are increasingly being used to examine afresh key historical events This collection of papers shows how they have been applied to four important political and parliamentary events in nineteenth century Britain the hitherto little studied 1835 Municipal Corporation Act which proved a watershed in the development of political parties the well

known repeal of the Corn Laws the equally famous fight for Home Rule for Ireland and the development of parliamentary collective responsibility for ministers of the Crown It also describes and analyses the implications of a vast new database of unofficial late eighteenth century division lists for the House of Commons **Parliament and the Atlantic Empire** Philip Lawson,1995 This is a special issue of the journal Parliamentary History **Report for ...** Great Britain.
