**Kathleen Armour**

## Regulation In Perspective Historical Essays:

**Regulation in Perspective** Thomas K. McCraw, Morton Keller, 1981      *Regulation in Perspective* Thomas K. McCraw, 1982      **Regulation in Perspective** Thomas K. McCraw, 1982-01-01      *Dual Justice* Anthony Grasso, 2024-09-17 A far reaching examination of how America came to treat street and corporate crime so differently While America incarcerates its most marginalized citizens at an unparalleled rate the nation has never developed the capacity to consistently prosecute corporate wrongdoing *Dual Justice* unearths the intertwined histories of these two phenomena and reveals that they constitute more than just modern hypocrisy By examining the carceral and regulatory states evolutions from 1870 through today Anthony Grasso shows that America s divergent approaches to street and corporate crime share common self reinforcing origins During the Progressive Era scholars and lawmakers championed naturalized theories of human difference to justify instituting punitive measures for poor offenders and regulatory controls for corporate lawbreakers These ideas laid the foundation for dual justice systems criminal justice institutions harshly governing street crime and regulatory institutions governing corporate misconduct Since then criminal justice and regulatory institutions have developed in tandem to reinforce politically constructed understandings about who counts as a criminal Grasso analyzes the intellectual history policy debates and state and federal institutional reforms that consolidated these ideas along with their racial and class biases into America s legal system      **Crisis and Leviathan** Robert Higgs, 2025-10-07 *Crisis and Leviathan* is Higgs masterwork on how government grows in size scope and power in response to real or imagined crises From war to economic upheavals government overreach endures long after each crisis has passed impinging on civil liberties and fostering extensive corporate welfare Few topics are as timely as the growth of government To understand why government has grown Robert Higgs asserts one must understand how it has grown This book offers a coherent multi causal explanation guided by a novel analytical framework firmly grounded in historical evidence More than a study of trends in governmental spending taxation and employment *Crisis and Leviathan* is a thorough analysis of the actual occasions when and the specific means by which Big Government developed in the United States More than an abstract account it names names and highlights the actions of significant individuals The author examines how 20th century national emergencies mainly wars depressions and labor disturbances have prompted federal officials to take over previously private rights and activities When the crises passed a residue of new governmental powers remained Even more significantly each great crisis and the subsequent governmental measures went hand in hand with reinforcing shifts in public beliefs and attitudes toward the government s proper role in American life Integrating the contributions of scholars in diverse disciplines including history law political philosophy and the social sciences *Crisis and Leviathan* makes compelling reading for all those who seek to understand the transformation of America s political economy over the past century      *Calculating the Value of the Union* James L. Huston, 2004-07-21 While slavery is often at the heart of debates over the causes of the Civil War historians are not agreed on

precisely what aspect of slavery with its various social economic political cultural and moral ramifications gave rise to the sectional rift In *Calculating the Value of the Union* James Huston integrates economic social and political history to argue that the issue of property rights as it pertained to slavery was at the center of the Civil War In the early years of the nineteenth century southern slaveholders sought a national definition of property rights that would recognize and protect their ownership of slaves Northern interests on the other hand opposed any national interpretation of property rights because of the threat slavery posed to the northern free labor market particularly if allowed to spread to western territories This impasse sparked a process of political realignment that culminated in the creation of the Republican Party ultimately leading to the secession crisis Deeply researched and carefully written this study rebuts recent trends in antebellum historiography and persuasively argues for a fundamentally economic interpretation of the slavery issue and the coming of the Civil War

**Critical Masses** Thomas Raymond Wellock,1998 The grassroots battle against nuclear power told by a historian who did time on both sides of the issue *CRITICAL MASSES* tells how the citizens of California from the tiny town of Wasco in the Central Valley to the vast suburbs of Los Angeles challenged the threat of nuclear power transformed the anti nuclear movement and helped change the face of U S politics 21 photos

**The Bureaucrat Kings** Paul D. Moreno,2016-11-14 Provocative in nature this work looks critically at the bureaucratic infrastructure behind the U S federal government from its origins as a self governing republic in the 18th century to its modern presence as a centralized institution This fascinating critique analyzes the inner workings of the American government suggesting that our federal system works not as a byproduct of the U S Constitution but rather as the result of liberal and progressive politics Distinguished academic and political analyst Paul D Moreno asserts that errant political movements have found loopholes in the U S Constitution allowing for federal bureaucracy a state he feels is a misinterpretation of America s founding dogma He contends that constitutionalism and bureaucracy are innately incompatible with the former suffering to accommodate the latter According to Moreno the leadership of the United States strayed from the democratic principles of the early founders and grew to what it is today a myriad of bureaucratic red tape couched in unreasonable policies A straightforward chronological narrative explains how non elected bureaucrats became powerful political mavens in America Each chapter covers several decades and features events spanning from the early history of the United States through coverage of the Affordable Care Act Obamacare of 2010

**Technological Utopianism in American Culture** Howard P. Segal,2005-11-07 Featuring twenty five writers in all this book includes Howard P Segal s acclaimed work on utopian visionaries

**Small, Medium, Large** Colleen A. Dunlavy,2024-08-15 We live in a world of seemingly limitless consumer choice Yet as every shopper knows without thinking about it many everyday goods from beds to batteries to printer paper are available in a finite number of standard sizes What makes these sizes standard is an agreement among competing firms to make or sell products with the same limited dimensions But how did firms often hotly competing firms reach such collective agreements In

exploring this question Colleen Dunlavy puts the history of mass production and distribution in an entirely new light She reveals that despite the widely publicized model offered by Henry Ford mass production techniques did not naturally diffuse throughout the U S economy On the contrary formidable market forces blocked their diffusion It was only under the cover of collectively agreed upon industrywide standard sizes orchestrated by the federal government that competing firms were able to break free of market forces and transition to mass production and distribution Without government promotion of standard sizes the twentieth century American variety of capitalism would have looked markedly less Fordist Small Medium Large will make all of us think differently about the everyday consumer choices we take for granted **The New American State**

Louis Galambos,1987-09 This volume contains a collection of six essays that contribute to the history of the growth of the modern American state by focusing on the development of bureaucracies in selected areas of public policy since 1945 Bureaucracy is the collective organizational structure procedures protocols and set of regulations in place to manage activity usually in large organizations and government These writers analyze many aspects of the elaborate bureaucratic structures that have come to characterize our federal government during the 20th century The authors of the essays are interested in the characteristics of the organizations that have evolved and in how those institutions have influenced policy outcomes

**The Farmer's Benevolent Trust** Victoria Saker Woeste,2000-11-09 Americans have always regarded farming as a special calling one imbued with the Jeffersonian values of individualism and self sufficiency As Victoria Saker Woeste demonstrates farming s cultural image continued to shape Americans expectations of rural society long after industrialization radically transformed the business of agriculture Even as farmers enthusiastically embraced cooperative marketing to create unprecedented industry wide monopolies and control prices they claimed they were simply preserving their traditional place in society In fact the new legal form of cooperation far outpaced judicial and legislative developments at both the state and federal levels resulting in a legal and political struggle to redefine the place of agriculture in the industrial market Woeste shows that farmers were adept at both borrowing such legal forms as the corporate trust for their own purposes and obtaining legislative recognition of the new cooperative style In the process however the first rule of capitalism every person for him or herself trumped the traditional principle of cooperation After 1922 state and federal law wholly endorsed cooperation s new form Indeed says Woeste because of its corporate roots this model of cooperation fit so neatly with the regulatory paradigms of the first half of the twentieth century that it became an essential policy of the modern administrative state **Corporations and American Democracy** Naomi R. Lamoreaux,William J. Novak,2017-05-08 Recent Supreme Court decisions in Citizens United and other high profile cases have sparked disagreement about the role of corporations in American democracy Bringing together scholars of history law and political science Corporations and American Democracy provides essential grounding for today s policy debates

**Fraud** Edward J. Balleisen,2018-12-18 A comprehensive history of fraud in America from the early nineteenth century to the subprime mortgage crisis In America fraud has always been a

key feature of business and the national worship of entrepreneurial freedom complicates the task of distinguishing salesmanship from deceit In this sweeping narrative Edward Balleisen traces the history of fraud in America and the evolving efforts to combat it from the age of P T Barnum through the eras of Charles Ponzi and Bernie Madoff This unprecedented account describes the slow piecemeal construction of modern institutions to protect consumers and investors from the Gilded Age through the New Deal and the Great Society It concludes with the more recent era of deregulation which has brought with it a spate of costly frauds including corporate accounting scandals and the mortgage marketing debacle By tracing how Americans have struggled to foster a vibrant economy without encouraging a corrosive level of cheating Fraud reminds us that American capitalism rests on an uneasy foundation of social trust

#### **The International Distribution of News**

Jonathan Silberstein-Loeb,2014-02-24 Based on newly available and extensive archival evidence this book traces the history of international news agencies and associations around the world from 1848 to 1947 Jonathan Silberstein Loeb argues that newspaper publishers formed news associations and patronized news agencies to cut the costs of news collection and exclude competitors from gaining access to the news In this way cooperation facilitated the distribution of news The extent to which state regulation permitted cooperation or prohibited exclusivity determined the benefit newspaper publishers derived from these organizations This book revises our understanding of the operation and organization of the Associated Press the BBC the Press Association Reuters and the United Press It also sheds light on the history of competition policy respecting the press intellectual property and the regulation of telecommunications

#### **From Buildings and Loans to Bail-Outs**

David L. Mason,2004-07-05 For most Americans the savings and loan industry is defined by the fraud ineptitude and failures of the 1980s However these events overshadow a long history in which thrifts played a key role in helping thousands of households buy homes First appearing in the 1830s savings and loans then known as building and loans encourage their working class members to adhere to the principles of thrift and mutual co operation as a way to achieve the American Dream of home ownership This book traces the development of this industry from its origins as a movement of a loosely affiliated collection of institutions into a major element of America s financial markets It also analyses how diverse groups of Americans including women ethnic Americans and African Americans used thrifts to improve their lives and elevate their positions in society Finally the overall historical perspective sheds new light on the events of the 1980s and analyses the efforts to rehabilitate the industry in the 1990s

#### **American Studies**

Jack Salzman,1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and

sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00

California Earthquakes Carl-Henry Geschwind, 2003-04-30 Winner of the Book Prize of the Forum for the History of Science in America from the History of Science Society In 1906 after an earthquake wiped out much of San Francisco leading California officials and scientists described the disaster as a one time occurrence and assured the public that it had nothing to worry about California Earthquakes explains how over time this attitude changed and Californians came to accept earthquakes as a significant threat as well as to understand how science and technology could reduce this threat Carl Henry Geschwind tells the story of the small group of scientists and engineers who in tension with real estate speculators and other pro growth forces private and public developed the scientific and political infrastructure necessary to implement greater earthquake awareness Through their political connections these reformers succeeded in building a state apparatus in which regulators could work together with scientists and engineers to reduce earthquake hazards Geschwind details the conflicts among scientists and engineers about how best to reduce these risks and he outlines the dramatic twentieth century advances in our understanding of earthquakes their causes and how we can try to prepare for them Tracing the history of seismology and the rise of the regulatory state and of environmental awareness California Earthquakes tells how earthquake hazard management came about why some groups assisted and others fought it and how scientists and engineers helped shape it

Pathways to Prohibition Ann-Marie E. Szymanski, 2003-08-21 Szymanski uses the Prohibition movement as an example of the challenges facing all social reform movements

**Margaret Thatcher and Ronald Reagan J. Cooper**, 2012-10-10 A new exploration of the relationship between the Margaret Thatcher and Ronald Reagan administrations in domestic policy Using recently released documentary material and extensive research interviews James Cooper demonstrates how specific policy transfer between these political soul mates was more limited than is typically assumed

## **Regulation In Perspective Historical Essays Introduction**

In today's digital age, the availability of Regulation In Perspective Historical Essays books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Regulation In Perspective Historical Essays books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Regulation In Perspective Historical Essays books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Regulation In Perspective Historical Essays versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Regulation In Perspective Historical Essays books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Regulation In Perspective Historical Essays books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Regulation In Perspective Historical Essays books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers.

Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Regulation In Perspective Historical Essays books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Regulation In Perspective Historical Essays books and manuals for download and embark on your journey of knowledge?

### **FAQs About Regulation In Perspective Historical Essays Books**

1. Where can I buy Regulation In Perspective Historical Essays books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
